

NEW BUILDING HERE  
FOR CITIZENS BANK

FINE NEW STRUCTURE TO  
CROWN PROGRESS OF THIS  
STRONG BANK

Contract was signed Tuesday for the erection of a fine new building for the Citizens National Bank, construction to begin next week.

The building will occupy the space of the present banking room site with the exception that ten additional feet have been secured for the bank north. The new building will be 40x100 feet with a one story structure fronting Houston Avenue and the rear of the structure three stories.

The three story part will be for rentals and Dr. D. E. Monroe will have a modern equipped office on one of these floors.

The bank is able to increase the width of the building by purchase of a portion of the Hefley building now occupied by Mrs. W. A. Copus and this ten feet was exchanged for ten feet of space along the south side of the Monroe building occupied by the George A. Thomas and Sons drug store.

The contract has been awarded to the Mosler Safe Company of Hamilton, Ohio.

The building will be one of the most modern and beautiful banking rooms in Texas. The building is to be constructed of Indiana limestone and the interior is finished in marble and granite.

The building cannot be adequately described at this time but in a later issue The Herald will present an engraving as well as architects description of the building.

The Citizens National Bank has occupied the present building since 1900. The Denson building formerly occupied by the Texas State Bank and Trust Company will be used for the banking room of the bank until the new building is completed. Workmen are busy at this time installing a vault in this building.

The bank has purchased the lot west of the bank, formerly owned by Dr. D. E. Monroe. The building on this lot is now used by the Thomas drug store for a paint display room.

Rainfall For Month  
Of April Totals 3:51

R. A. Tag, local representative of the Department of Agriculture, has compiled the total of the rainfall for April and to-date the total precipitation has been 3:51 inches.

On April 13 the rainfall was 1:38. Generally it is regarded by farmers and stockmen that sufficient rain has fallen to insure proper conditions for crops and livestock.

Operetta By Students  
Of The First Grade

"Mother Goose's Garden," an operetta, will be given at the high school auditorium Friday evening, April 26, at eight o'clock, by the children of the first grade assisted by other students of the Ada Henderson school. Miss Edna Sprinkle and Miss Katherine Flinn are directing the production. A more detailed announcement will appear in the next issue of The Herald.

Summer Advantages At  
Wayside Tourist Park

During the long hot summer days cool shades and running waters are very desirable elements of a perfect outing. It is the pride of the Wayside Tourist Park that all the natural park advantages are offered plus the convenience of the store and cold drink stand operated by Elwood Cammer.

Every advantage possible is to be offered to the people who wish to take advantage of the park facilities and the conveniences for picnics at Wayside Tourist Park. People of Cameron should take advantage of the facilities offered and patronize this park. Mr. Cammer is constantly improving his service to the people. The park offers a convenient place for outings and picnics when people tire of the home during the summer months.

Cameron Students Star  
In Meeting At Waco

The following students from Yoe high attended the district meet in Waco on Saturday: Matt Hitchcock, Red Baskin, 'Smiles' Moran, Conrad Edmonds, Jack Walker, Johnnie Mangum, Dort Emily Moore and Stanfield Stach.

Red Baskin tied for first place in high jump. Jack Walker placed third in the 100 yard dash. The Cameron team won fourth in the relay. 'Smiles' Moran won third in the mile.

Patricia McGregor won first place in Junior Girls' declamation. Mary McDermott won second place in typing and will represent Cameron at the state meet at Austin. Cameron typing team won third place.

Miss Dora Emily Moore won third place in Latin essay contest.

## EVANGELIST HYDE STIRS CITY IN REVIVAL HERE

CHRISTIAN CHURCH EXPECTS  
GREATEST MEETING IN  
HISTORY OF CAMERON

The revival meeting at the First Christian church is attracting wide attention here. The following report has been received covering the progress of the meeting for this week:

Evangelist Hyde arrived in Cameron Sunday at noon having been delayed several hours on account of high waters, and began the scheduled revival at the Christian church on Sunday night. The meeting is now getting well under way and is gaining momentum with each passing day. An ambitious program of visitation is in progress. The women of the church are giving of their time without stint that the Master's work may prosper. It is confidently expected that this campaign will assume proportions heretofore unknown in our work here.

Services are being held each evening at eight o'clock. The musical program is given an important place in each service. Other instruments than the piano are being used to make melody unto the Lord and his people. Special numbers are being featured to the delight and uplift of those in attendance. A large chorus-choir is leading, and a responsive congregation supporting, in the singing of familiar hymns of the faith. It is indeed refreshing to listen to the old hymns sung with the spirit and understanding.

The sermons being given by the Evangelist are original in theme, content and delivery. "Canned sermons" are taboo with him. Something fresh and different, while at the same time hewing to the mark of the old paths, is his characteristic method. This week is Foundation Week in the meeting, and the sermons are selected accordingly. On Friday night the subject will be "The Moral Leper"; Saturday night "That Beat the Devil"; and Sunday night, "Hell." Those who are troubled with the curse of extreme modernism will do well to attend all three nights of this series. Get your theological hat on straight and you will have a balanced brain.

## FINAL RESULTS ARE ANNOUNCED IN MEET

INTERSCHOLASTIC DECLAMATION  
HELD AT BAYLOR  
UNIVERSITY ON APRIL 13

The following results are shown in the district meet of the University Interscholastic League held at Baylor University on April 13:

**Higs School Senior Girls**  
First place, Beatrice Young, Temple.

Second place, Lila Green, Waco.  
Third place, Minnie Lou Matthews, Mexia.

**High School Senior Boys**  
First place, Allan Dillard, Waco.  
Second place, Orval Robinson, Temple.

Third place, Walter K. Kerr, Teague.

**High School Junior Boys**  
First place, Wallace Holland, Marlin.  
Second place, Rayburn Wilson, Temple.

Third place, W. O. Moerz, Reisel.

**High School Junior Girls**  
First place, Patricia McGregor, Cameron.  
Second place, Geneva Baker, Thorn Dale.

Third place, Katherine Rogers, Temple.

**Rural School Senior Girls**  
First place, Della Vrba, Leray.  
Second place, Sybil Leonard, Whitehall.

Third place, Pauline Justice, Nolanville.

**Rural School Senior Boys**  
First place, Arthur Fletcher, Schley.  
Second place, Arvis Turner, Branchville.

Third place, Millard Cook, Satin.

**Rural School Junior Girls**  
First place, Dorothy Jackson, Nolanville.  
Second place, Dorothy Nan Harrison, Curley.

Third place, Lela Hayes, Marks Chapel.

**Rural School Junior Boys**  
First place, Weldon Strelsky, Bethlehem.  
Second place, Cecil Cook, Satin.

Third place, Culbert Stone, Blevens.

James Childers spent Monday night at his home in Cameron. Mr. Childers and Mr. Jeff Hefley are in business at the present time at the newly developed oil field near Independence

## SECRECY SURROUNDS ACTION OF PRESBYTERY; RESENTS PUBLICITY; FATE OF KENNEY YET UNKNOWN

Clifton, April 17.—Rev. H. G. Kenney, pastor of the First Presbyterian church of Cameron, will not know officially until tomorrow or Friday whether he will have to face a trial for heresy, it was revealed at the end of an executive session of the Central Texas presbytery, held behind locked and guarded doors, here this afternoon, when a report on the proceedings of the session was withheld.

It was learned, however, on good authority, that no definite action was taken at the session, which considered reports of a committee named last January at Temple, when accusations were lodged against the Cameron pastor.

"I am still unable to make any statement, as I know nothing more now than I did when I came here," Rev. Kenney said at the conclusion of the secret session, which lasted for more than an hour and a half.

Utmost precautions were taken by the church authorities to prevent any news of the meeting leaking out. Doors and windows were closed and locked and a guard posted to prevent

reporters from listening at the windows.

Rev. Mr. Kenney, who was called to become the pastor of John W. Davis church back in West Virginia before coming to Texas for his health, said the committee had not met and counseled with him.

The stated clerk resented the publicity given the hearing which also was a secret session, last January in Temple.

"We want nothing given out but our official statement," the Rev. J. McMurphy of Bartlett, stated clerk of the presbytery, said. "If we could find out definitely who gave the information out last January there would be censure for them."

The idea of "open covenants openly arrived at" was mentioned.

"The Presbyterian Church," he announced, "has the right to conduct its business in the manner it deems best."

Then in the matter of "hot news it must expect the consequences," it was suggested.

"Yes," he reflected, "I guess that is one way of looking at it."

## GOODYEAR TIRE DEALERS HOLD DISTRICT MEETING

FORWARD WITH GOODYEAR IS  
SLOGAN OF DEALERS WHO  
GATHER HERE TUESDAY

"Going forward with Goodyear" and applying better methods to merchandising and giving the public greater service, were the outstanding features of the dealers meeting held here Tuesday night.

The meeting was preceded by a banquet in the Bluebonnet Cafe after which the dealers and their guests were entertained at the building of the Hubert Hefley Motor Company where a six reel motion picture was used to impress the dealers with better methods.

The meeting was arranged by C. G. Greenlay, branch manager of the branch in Houston. He was accompanied to Cameron by S. E. Demars and Chris Ming of the Goodyear organization.

Mr. Greenlay delivered a lecture before the dealers at the Hubert Hefley building, setting forth the merits of Goodyear and talking at length on better methods for salesmanship and service.

The meeting was one of the best attended ever held in the Houston territory. Just before the lecture by Mr. Greenlay a bit of melody was furnished by a quartette of negro employees of the Hubert Hefley Motor Company. This feature was very much appreciated. It was arranged by Mr. Hefley who also arranged for a special table for his colored employees in the rear of the Bluebonnet.

After the address of Mr. Greenlay the six reel picture was shown the dealers and this feature was a most impressive outline of policy among progressive dealers.

The following dealers were present: A. R. Walichor, Rockdole, Clyde Franklin, Rockdole, J. C. Freeman, Maysfield, Tom Blasien, Calvert.

W. A. Weise, Calvert.  
W. C. Freeman, Maysfield.  
Leroy Massengale, Maysfield.

F. J. Cabron, Burlington.  
E. S. Hollingsworth, Maysfield.  
Mrs. C. A. Wuensche, Thorndale.

C. A. Wuensche, Thorndale.  
Henry Biar, Thorndale.  
A. R. McLerran, Jones Prairie.

T. B. Stidham, Jones Prairie.  
C. G. Greenlay, branch manager, Houston branch, Houston, Texas.

S. E. Demars, Goodyear officer.  
Chris Ming, Goodyear officer.  
Pete Richards, Rockdole.

Eddie Brockenbride, Rockdole.  
James A. Pogue, Rockdole.  
Frank E. Hampton, Buckholts.

Katie Fox, Burlington.  
F. J. Calvin, Burlington.

**DR. MONROE MOVES OFFICE**

Notice is hereby given that after Monday, April 23, the office of Dr. D. E. Monroe will be located temporarily located in the building formerly occupied by the Vest Cotton Office next to the Texas Power & Light Company offices. Dr. Monroe will be located at this new place during the period of constructing the new building for the Citizens National Bank where he will have a modern office equipped for his practice.

Among those from Cameron attending the funeral of Mrs. Louie Mitchell at Clarkson last Friday were Judge Jeff Kemp, Mr. and Mrs. Lloyd Mitchell, Mrs. K. K. Robbins, Homer Nabours, Mr. and Mrs. Henderson Thompson, Mrs. Tom Randolph, Miss Lois Randolph and Mrs. W. A. Beal.

## HUDSON-ESSEX SALES HERE SET RECORD

TIRE STORE SELLS GREATEST  
NUMBER OF CARS FOR  
MONTH OF MARCH

By far the largest selling month which Hudson-Essex ever has known in Cameron is reported for March. The new all-time record of new Hudson and Essex cars purchased in Cameron and registered with the Tax Collector according to The Tire Store, Hudson-Essex dealers.

Mr. Horstmann said that never before had cars in the Hudson-Essex field approached such a sales mark in Cameron in the past.

"Such an achievement by my organization is particularly a matter of pride to me," said Mr. Horstmann, because early this year, I predicted a tremendous swing to Essex the Challenger.

"Our firm offered at that time to purchase all the Hudson-Essex cars which the factory would sell us, because we felt that Essex had built itself a distinct niche in the automobile field and that the big buying swing this spring would be to Essex."

"All this year the swing of buyers to Essex has been very strong indeed. In addition to our natural business from old Essex owners, we have had an amazing proportion of 'other car' owners make a switch to the Essex."

"This spring the automobile business is active, but a feature of it is that the public's likes and dislikes are strong. Those automobiles which are popular are very popular indeed. But there is no ground of moderate favor. A car is either very good or not good at all. The big swing to Essex which we have noted is simply an instance of this important tendency."

## "Chicken" Rich Taken By Deputy Guy Pope

Deputy Guy Pope returned from Ft. Worth last Friday accompanied by "Chicken" Rich, who was arrested in Fort Worth on information furnished here. He is charged with the theft of chickens and has served a sentence. According to Mr. Pope the man arrested gathered fowls on the way out of town and headed for the market in Fort Worth.

Representing Yoe High School, the following students, accompanied by Superintendent T. A. Fisher and Miss Velda Walker, head of the Latin department, entered the district Latin tournament held at the high school building at Waco last Friday: First year students, Frances Smith and Dorothy Kidd; Second year, Imogene Sapp and Marjorie Dusek; Third year, Florence Atkinson and Frances Sharpe. The only place won by the Cameron team was in the Latin essay writing contest in which Dora Emily Moore, third year student, took third place. Waco high school won the tournament.

Mr. and Mrs. Frank Daniels of Kansas City, Mo., were guests last week of Mrs. George A. Thomas. Mr. and Mrs. Daniels lived in Cameron many years ago, and this was their second trip back here in a period of thirty years. They were in Waco attending the Lumberman's Convention and came on to Cameron to renew old friendships.

E. A. Camp of Rockdale was a Cameron visitor Monday.

## Play At Little River Church On April 26th

A play for the benefit of the Little River Baptist church will be presented at the church on Friday night, April 26. The title of the play will be "Mary's Castle in the Air." The play is being presented by home talent and the funds from the proceeds of the play will go for the benefit of the church.

The public is cordially invited to attend the play. Music for the occasion will be furnished by Roy Griffith and company of musicians from Cameron.

The church is planning improvements on the building including an annex and liberal patronage for the play will be greatly appreciated. The admission charge will be 15c and 25c. Remember the date Friday night, April 26. Everybody invited.

## Ed. Westbrook Named Public Weigher At Cameron Yards

Ed Westbrook, former public weigher at Ben Arnold and Burlington, has qualified for public weigher at Cameron. He visited Austin this week and was given a certificate by the Bureau of Weights and Measures and has made bond in the sum of \$5000 and will be ready to take over the duties of public weigher when the cotton season opens this fall in Cameron.

Mr. Westbrook has many friends in Cameron who will be interested in this announcement and will be pleased that he is to be the public weigher at this point.

He will enter the business here with the view of giving the best of service and will weigh cotton at night as well as day if the farmers demand it.

## Judge Lester of Waco Presides In Court Here

Judge Giles Lester of Waco presided in district court in Cameron last week in a case in which Judge John Watson was recused. The case was continued. Judge Lester is a native of Milam county and friends here are always glad to welcome him home.

## MISSIONARY TO CHINA TO SPEAK IN CAMERON

MRS. EUGENE SALLEE COMING  
HERE OR WOMEN OF BAPTIST CHURCH

Mrs. Eugene Sallee, missionary to China, who is in Waco at present visiting her parents, has been secured by the women of the Baptist church to speak at the regular fifth Monday Birthday Jubilee at the church on April 29. This announcement was made at the W. M. S. meetings Monday afternoon.

The women met in circles as follows: Eunice Taylor Glass with Mrs. J. B. White. There were 13 present and Mrs. Wilson Gunn led the lesson on missions. Lillie Mae Hundley met with Mrs. Martha Shepherd with Mrs. Preston Graves leading the lesson. There were six present. Mrs. T. A. Casey was hostess to Lottie Moon circle, which had 13 members present and two visitors, Mrs. Houston and Mrs. Moseley. Mrs. Gus Evans led the lesson.

Next Monday the members will meet in circles again for a lesson in Royal Service. Hostesses will be as follows: Mrs. J. D. Dobbins for Eunice Taylor Glass; Mrs. Preston Graves for Lillie Mae Hundley; and Mrs. Lloyd Mitchell for Lottie Moon.

## Mrs. B. J. Baskin Is Hostess To D. A. R.

In the absence of the regent, Mrs. R. H. McIntosh, Mrs. George Moore presided at the regular meeting of the Sarah McCalla chapter, Daughters of the American Revolution, held last Thursday afternoon with Mrs. B. J. Baskin as hostess. Mrs. Harris of Calvert, a member of this chapter, was present at the meeting, and she brought with her as a guest Mrs. Scott Field Jr., who is a member of the chapter at Bryan.

Mrs. Clement read a very interesting paper on "National Defense." Roll call was answered with spring poems.

Miss Terry Dollar was voted a new member of the organization.

Mrs. Baskin served her guests a salad course with sandwiches and a desert.

Mr. and Mrs. John Sapp and Fred Reno met Mrs. Reno in Dallas Friday and she returned to Cameron with them. Mrs. Reno has been visiting relatives in Denison.

## W. R. HOOVER IS NAMED SECRETARY OF CLUB

SUCCEEDS W. M. COBB AND BEGINS SERVICE PLEDGING ACTIVE WORK AT POST

W. R. Hoover has been elected secretary of the Cameron Commercial Club to succeed W. M. Cobb who has been secretary for several terms. The election occurred at the regular meeting on Monday night.

Mr. Hoover after receiving the election at the hands of the directors, pledged his co-operation to the club and in turn asked the co-operation of the directors and members so that greater things can be accomplished for Cameron. Mr. Hoover has entered actively into the duties of the office.

He believes as does a number of other men connected with the club that the club should have a full time secretary and at any time the club desires this arrangement he will be glad to turn over the office. Mr. Hoover will devote considerable time to the place and brings to the office experience in the affairs of the club and in business and the club is looking forward with interest to the work of Mr. Hoover as secretary.

Committee reports were made to the club and action was taken with respect to the increased capital of the American Milk Products Company. A committee was appointed which resulted in a meeting of the stock holders of the company on Tuesday night at which time an assessment was authorized to raise some \$3000 addition funds for operating. Up to Thursday quite a number of the stockholders had paid the additional amounts.

The plant is operating very successfully and about 3000 pounds of milk a day is received at the plant.

## Modern Culture Is Discussed By Delphians

"The Raw Material of Modern Culture" was the subject of the lesson studied by the Delphian chapter Tuesday afternoon in regular meeting at the Ada Henderson building. Mrs. Lena Baskin, as leader, gave a preparatory discussion on "The Beginning of Modern Political Problems." Mrs. Ben Atkinson gave a resume of the last lesson and then the following topics were heard:

Teutonic Invaders, Mrs. A. C. Freeman.

The Beginning of Monasticism, Mrs. T. A. Fisher.

Feudalism, Mrs. Clarence Freeman.

The Rise of Islam, Mrs. Hubert Atkinson.

Charlemagne, Mrs. E. A. Flinn.

After Charlemagne, Miss Winnie Henderson.

The Eastern Empire, Mrs. John A. Smith.

The Primacy of Rome, Mrs. Ben Atkinson.

Early Britain, Mrs. Dow Eplen.

Early Medieval Education, Mrs. Jim Barmore.

Mrs. J. L. Barmore will be leader at the next meeting and Mrs. Baskin will give the resume.

## Miss Mary McDermott Wins Second Place In Typing Contest

Miss Mary McDermott, student at Yoe High School, won second place in the district typewriting tournament held at Four C Business College at Waco last Saturday. Miss McDermott averaged 44 words per minute. First place was won by Miss Mildred Cain of Waco, who averaged 59 words.

Participants from Cameron, Marlin, Waco and Bryan entered the contest. Cameron sent a team of four, Misses Mary McDermott, Euline Slaughter, Frances Sharpe and Evelyn Grubbs. Miss Fannye Lou Davis, commercial teacher at Yoe High school, accompanied them to Waco. Waco's team made the highest average and Bryan was second. Underwood typewriters were used by the contestants.

Miss McDermott will represent Yoe High school at the state tournament to be held at Austin on April 26. Only winners of first and second places in the districts are eligible to enter the state contest.

Post greetings have been received by friends from Miss Kathryn Henderson, who is in New Orleans attending a meeting of the American Association of University Women. Miss Henderson is a delegate from the Austin chapter of the association. She is having a most delightful trip, and is visiting friends and relatives in New Orleans as well as attending the sessions.

## CHEESE MAKER ARRIVES

Mr. Allen Fokett, a thoroughly experienced cheese maker of Wisconsin has arrived in Cameron making his first cheese at the local cheese factory Monday. Mr. Fokett (pronounced Fo-kett) whose father is reputed to be one of the very best cheese makers in Wisconsin is 27 years of age and has been making cheese all of his life, learning the trade under his father and himself reputed to be a very fine cheese maker.

Mr. Fokett will make considerable changes at the plant in order to get the plant working on a sound business basis. He states that with the recent declines in cheese and cream prices it would be impossible for him to make cheese and pay 53c for the milk. Therefore commencing April 16th, the price of milk will be slightly reduced to 50c for butter fat. This price is the same as has been paid by the Round Rock cheese factory from the time of its opening a little over a year ago, to date.

Mr. Fokett arrived in Cameron last Sunday and was taken to the Round Rock factory by Mr. Lesovsky so as to have a talk with their cheese maker from Wisconsin and thereby learn any peculiarities in the Texas field as compared to Wisconsin.

In that state, all farmers bring their own milk to the factories, as they are all big producers and cheese factories are close by, so that Mr. Fokett has very little experience with route men who collect the milk on routes gotten up by them, receiving pay for their service at so much a hundred pounds of milk.

He wanted to study the methods used at Round Rock, which has proved such a success in the short time of fifteen months operation.

He learned there that the factory was built by local capital, as in Cameron, and that a first class cheese maker was put in charge and that no other service was offered nor given, but the farmers were told that the plant was there to take all milk delivered to the factory in good condition at 50c per pound of butter fat. No aid was offered or given to get up milk routes and no literature or methods of feeding, etc., in fact the farmers were left to work out their own solution and they went about it promptly and in a short while the plant had to double its capacity and is adding more and more equipment and on last Sunday was getting 23,000 pounds of milk daily with over 20 on the waiting list.

Just a week before when Mr. Lesovsky visited this plant they were getting 20,000 pounds and about ten days before that when again visited, they were getting 18,000 pounds and the manager stated that he was sure of 40,000 pounds daily by next spring. There is not a factory in Wisconsin of that size and only goes to show what is going to happen in Texas—soon to be the leading dairy state of the Union.

We might as well learn this cold fact now as later on. The Texas farmer is going to compete with the Wisconsin farmer with all the advantages of cheaper land, warmer climate and more and better feed than his northern competitor.

All the big milk concerns have turned to Texas and only last week the ground was broken at Schulenberg, Texas, just a little ways South of us, where the Carnation people of Wisconsin broke the ground for a big half million dollar plant in which three counties there took part by pledging many thousands of dollars in order to get the plant located.

Mr. J. C. Tucker of the Cameron State Bank and treasurer of the local factory, accompanied by Mr. Lesovsky, active Vice-President of the local concern, visited the big celebration and were there to welcome the fine Holstein bull that arrived by airplane direct from Wisconsin. Governor Dan Moody was the principal speaker, along with other pronounced Texans taking part. Never in the history of that section had so many thousands of people assembled as came there to celebrate this big event. All this indicates that the movement is on and yet this big plant, costing such a fortune is worth no more to those farmers than our little cheese factory is worth to our farmers for they will get no more for their milk than our farmers will realize at our plant, for theirs is a condensing plant in which all the milk is used while at our cheese factory, we return the farmer his whey, which is valued at ten per cent of his milk sales, if properly fed on his farm and we will buy all the milk offered just the same as the big plant down there, the only difference is the cheese factory does not make the profit of the condensary.

Both kinds of plants are good for the community and both should be encouraged, as they will soon have Texas out of the mortgage ridden class of farming that our one crop methods have put us into.

We have a great deal to learn in this new line of industry. We have to learn how to take care of our milk, especially the night's milk to be delivered in good sweet condition the next morning. That was the big obstacle in Texas, as to why the factories were afraid to enter Texas, they were afraid the Texas hot summers would sour and spoil the night's milk before delivery the next morning, but the Round Rock factory de-

monstrated that during last summer and went through that much feared period with colors flying and now the Texas summer is no longer feared.

It might be stated here, that Round Rock put up the first cheese factory in Texas and therefore did the pioneering.

Exactly the same methods were used at Round Rock as are used in the north for taking care of the night's milk. Simply cool the milk to the temperature of well water, immediately after milking, stirring the milk well at the time by placing the milk can into a tub or half barrel of cool well water. In extreme hot weather one change of water is needed. Stirring at this time is essential and when cooled to same temperature as the well water, put lid on tight and leave setting in water. Milking should be done as late as possible so as to avoid the heat of the day. Then in the morning either cool the morning milk in same manner before mixing it with the night's milk, or put in separate can and bring or send to the factory, using care not to have the sun shine on the cans. This is a very simple and easy method and of course all cans, buckets and utensils have to be wrenched first in cold water to get the milk off, then scalded with boiling water using a brush and some good washing powder (never using a cloth as this cannot be kept clean of bacteria) then wrenched off in cold water and sunned if possible.

Never mix warm and cooled milk. That cannot be done except in winter.

Where well water is not available, a wet sack or cotton blanket kept around the can if there is a good breeze

or else using a little ice in the water and doing as with the well water, is a satisfactory method.

Another thing learned from Round Rock, as to getting milk to the factory. The present route men have attempted to haul the farmers milk in for 30c per hundred pounds. This cannot be done for that price in the beginning, later on when the routes get plenty of milk this price will be alright and in some instances even lowered, but at the start they cannot make expenses and we recommend 50c per hundred until the route gets enough milk to justify a lower price. Round Rock routes paid 50c and even higher and now these men are making \$150.00 per month for part of a days work each day. But have them to bring your whey back, where wanted, without additional charge. The farmer must learn to feed it to his pigs and chickens, it is worth money.

Another method used and a very good one until a cheaper route can be organized is for three or four or even seven farmers to club together, and each one haul the milk in turns. That is a very popular method and saves all the cost of hauling. The trip to town can be used for shopping day and no time is really lost that way. Several communities are going to use this method and you might use that method until a paying route is worked up. Farmers should get together in each community and form these clubs, the smaller clubs work out better than the larger ones, in most instances.

Where route men continue, it is suggested that they notify their patrons that starting on the next pay day, the 15th or 1st of the month they are going to charge 30, 40 or 50c per hundred for hauling. A gallon of milk weighs 8.6 pounds and a hundred

pounds is about 12 gallons of milk.

The factory will deduct the hauling charge and pay the route man on each pay day.

Hereafter all checks for milk will be mailed out as soon after the 15th and 1st of each month as the customers milk tests can be made up and checks mailed out, which should reach the customers not later than five days thereafter or the 20th and 5th of each month.

In case of errors these should be taken up at once.

No more milk cans will be sold or furnished by the factory as this is not customary and has caused only trouble and misunderstanding. Get your milk cans from any dealer.

The factory is now making first class cheese and this will be put on the market when sufficiently aged, not less than two weeks. No cheese has been sold locally and none will be sold before two weeks.

If you are selling cream now at 35c per pound of butter fat, why not sell the same butter fat at 50c a pound and get your whey back free of charge. Surely you don't think it good business to sell this same butter fat for 35c, the present price of cream, when you can get 50c for it. You will not do it long, surely.

Anyone wanting to get further information is welcome to discuss the matter with our men at the plant or Mr. J. C. Tucker at the Cameron State Bank or any director of the Cameron Commercial Club which club has brought this factory to our community.

AMERICAN MILK PRODUCTS CO.

MISSIONARY SOCIETY

Mrs. R. H. Davis assisted by Miss

Mollie Moore and Mrs. Howard Baskin lead the lesson on missions at the regular meeting of the Methodist Missionary Society Monday afternoon at the church. There was a very good attendance. The ladies will meet next Monday in circles for a lesson in the Missionary Voice.

# CHARTING COURSES in Texas Growth

BENEATH, back of and interwoven into every constructive development in Texas is the expansion of electric power service. The careful charting of courses in electric power production and distribution literally opens the way for new courses of growth in every phase of Texas life.

Strong, aggressive and farsighted building of electric power facilities is vital to the economic welfare of Texas people.

The Texas Power & Light Company understands the significance of the responsibility which it bears to the people of the many Texas cities and towns which it serves. The ability of these cities and towns to grow industrially, commercially and socially as real metropolitan centers for their surrounding territories, depends in a large measure upon the character of the electric power service which this Company renders.

The Texas Power & Light Company was the first institution of its kind to sense the inseparable part which electric power was to play in the charted development of Texas. Not for a single instant has this Company wavered from its foundational ideal of rugged and dependable service. As a result of this inspiring constancy to a great program of dependable expansion the Texas cities and towns served by the Texas Power & Light Company not only have unexcelled electric service, but are recognized

as outstanding leaders in civic and community building.

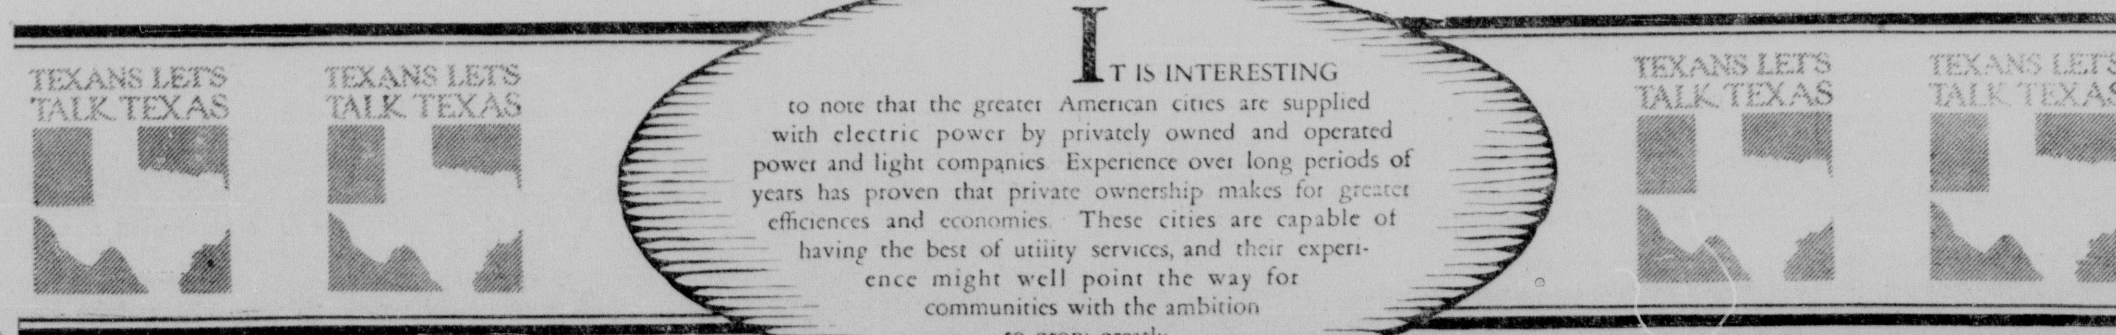

The record of the performance and expansion of this Company over a period of sixteen years, together with the growth and development of the cities and towns which it serves is immutable evidence of the economic soundness of electric power production and distribution which it initiated in Texas. This Company produces electricity in large, centrally located generating stations and distributes it by means of high tension power lines to a large number of Texas cities and towns. This gives flexibility of operation which meets unusual demands for electric power quickly and without burdensome capital investments. It makes for greater dependability in that it brings to cities and towns served more than one source of power. It makes for economy of operation and brings to the small community the same high type of engineering skill and executive management that is usually found only in great cities.

So, the Texas Power & Light Company cherishes a great pride in the courses of sound and constructive development in the charting of which it has played such an inspiring and helpful part. Today finds this Company charting courses for the Texas of tomorrow, and to this magnificent task it brings a deep understanding of the needs, desires, ambitions and dreams of Texas people, and dedicates its diversified resources to their service.

## TEXAS POWER & LIGHT COMPANY

Providing for the Texas of today.

Planning for the Texas of tomorrow.

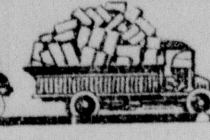

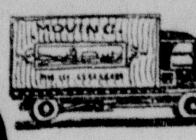

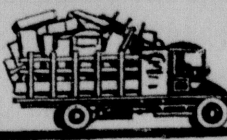

IT IS INTERESTING to note that the greater American cities are supplied with electric power by privately owned and operated power and light companies. Experience over long periods of years has proven that private ownership makes for greater efficiencies and economies. These cities are capable of having the best of utility services, and their experience might well point the way for communities with the ambition to grow greatly.

**To the People:**

"This will be my last sale at the old stand. I have been here for many years, selling high grade merchandise. I have never announced a sale that did not mean great savings. I have on hand surplus goods in several lines. They are going to the people who have patronized me for years at great savings. I want to do something for you for you have been considerate of me. I can save you money now on Spring goods. You can help me reduce this stock and save yourself money. I am going to move in my new building soon. I do not want to move all these goods. They must go no matter what the sacrifice. Get your share at these savings."—Max Collins.

**REMOVAL SALE**

Our  
Sales  
Are  
Always  
Great

You know what a Removal Sale means. It means savings that are much greater than any other sale will offer. I bought heavily before I started my new building. Now I don't want to move all these goods. So during the next ten days we are offering savings that are greater than any sale we have held in years, if not in our entire history. This sale is for you. I could make money by moving these goods for they are all new and fresh. But I don't want to move them. There are always goods that won't fit in well with the new shelves and too, we will have some new lines to stock when we move to our new building. I believe nothing has ever been offered to surpass these savings. Certainly they are great savings. You can make your dollars count big here now and just at the time you want your spring clothes, hats, hosiery, shirts, etc. We still have a few pair of shoes we are closing out. This opportunity may never come again. Certainly you should not miss this one. Come in today and pick out some of the good things we are selling at below cost.

The will of Mary M. Kuykendall was admitted to probate and W. L. Kuykendall was appointed independent executor without bond. Charles A. Davis, Sam Clement and W. W. Clark were appointed appraisers.  
The contest in the estate of the late J. J. Stigall and May Stigall was set for hearing on Wednesday, April 17th.  
The final account was approved of J. C. Davis, guardian of the estate of Paul Arthur Jenness. The ward having arrived at legal age was placed in possession of estate.

**CLARKSON**

We, the people of the community wish to express our sympathy for Mr. Louie Mitchell and family during the long illness and the recent bereavement of their dear wife and mother. Some of us have lost fathers, brothers and sisters which has grieved us very much but the loss of a mother is the deepest grief there is. When you lose your mother you have lost the best friend you have.

Mrs. Mitchell passed away Thursday night at eleven o'clock and was laid to rest in the Little River Cemetery at Jones Prairie Friday afternoon, under a beautiful mound of flowers. She leaves behind her a husband and five children and other relatives and a throng of friends who loved her very dearly.

May God's richest blessings be upon her loved ones that will prepare to meet her in a better world some day.

Joe Brown, niece Eulah Brown and nephew, James Brown were callers at the J. H. Starnes home Saturday.

Lorenz Janicek was a caller of Cealey Lorenz Saturday night.

Pauline Starnes was the guest of Leola Garrett Thursday night.

Amos Svoboda was a caller of Fannie Otahal Saturday night.

Jim Hauk, Perry Strickler and wife, Ed Kinsey and wife of Maysfield were callers at the Herman Schwarting home Saturday night.

D. B. Douglas, son, Aubrey and daughter La Rue, Frank Douglas and wife accompanied Mrs. Frank Douglas mother, Mrs. J. B. Unterkircher to her home in Rosenberg, Sunday and wife there they will visit relatives in Houston.

Bill Kohring and wife were the guest of Amos Doskocil and wife Saturday night.

Lorene and Ganel Cox were at home with their parents over the week end. Mrs. Perry Strickler and Pauline Starnes were callers at the Herman Schwarting home Saturday afternoon.

The boys of the community have played several baseball games with Jones Prairie and Briary this week and being defeated only in one game.

Mrs. Herman Schwarting, daughter, Katherine and Mrs. Howard Schwarting were callers of Mrs. Ed McAtee of Burlington Thursday afternoon.

Helen Jennings was the guest of La Rue Douglas Monday night.

Alyne Anderson of Cameron was

the guest of Helen Jennings Wednesday and Wednesday night.

Hazel and Frank Jr., Douglas were callers of Estell and Kenneth Campbell Sunday afternoon.

Perry Strickler and wife motored to Marlin Thursday to visit in the home of Mr. Strickler's brother, Ben Striegler.

Barrett Johnson of Jones Prairie was Wednesday dinner guest of Mrs. Herman Schwarting and family.

R. W. Edward was the guest at the D. B. Douglas home Saturday night and Sunday.

Buck Bell and family were visiting out of the community Sunday.

Grady Dupree and wife and charming little daughter, Margaret and niece Mable Smith of Reeds Lake were the six o'clock dinner guest of Mrs. Herman Schwarting and family Wednesday.

**Miss Mary McDermott  
Wins Second Place  
In Typing Contest**

Miss Mary McDermott, student at Yoe High School, won second place in the district typewriting tournament held at Four C Business College at Waco last Saturday. Miss McDermott averaged 44 words per minute. First place was won by Miss Mildred Cain of Waco, who averaged 59 words. Participants from Cameron, Marlin, Waco and Bryan entered the contest. Cameron sent a team of four, Misses Mary McDermott, Eulene Slaughter, Frances Sharpe and Evelyn Grubbs. Miss Fanny Lou Davis, commercial teacher at Yoe High school, accompanied them to Waco. Waco's team made the highest average and Bryan

was second. Underwood typewriters were used by the contestants. Miss McDermott will represent Yoe High school at the state tournament to be held at Austin on April 26. Only winners of first and second places in the districts are eligible to enter the state contest.

## AIRSHIPS BY GOODYEAR IS PROGRESSIVE PROGRAM

### BUILDING GREAT CRAFT FOR UNITED STATES NAVY DEALER SHOWS

"The tremendous airships which the Goodyear Zeppelin Corporation, a subsidiary of the Goodyear Tire and Rubber Company, has under way is attracting world-wide attention," declared Hubert Hefley, local Goodyear tire dealer.

"Goodyear will build two airships, to be the biggest ever assembled, for the United States Navy. Each ship will be of 6,500,000 cubic feet of gas capacity, nearly three times the size of the present Navy Ship, Los Angeles.

"Work is progressing simultaneously at Akron, where the huge facilities of factories, equipment and man-power of the Goodyear organization are located, on the airship factory and dock and the first of the airships.

"Work on one unit of the factory is expected to be completed this summer when assembly work on the first air Leviathan can be started. Mr. Hefley pointed out that a rigid ship such as the Navy craft can be built part by part, because the big ship will not be one integral gas bag such as the non-rigid blimps are, but consists of a series of great gas cells, fitted into duraluminum compartments, so that in case of an accident to three or four gas cells the ship will still fly.

"Engineering students are watching with interest the construction work of the huge factory and dock.

"It will be, engineers declare, the biggest building in the world without interior supports, 1200 feet long, 325 feet wide and 200 feet high, having eight and one-half acres of level floor space.

"Shaped like a great hollow half-egg shell, the building will be big enough to clap down over the National Capital at Washington and would afford enough space that 14 games of football could be played inside at the same time. The peculiar shape is necessary to prevent wind gusts forming about the entrance, thus preventing danger wind disturbances as the Zeppelin enters and leaves the dock.

"The entire building will be mounted on rollers instead of a fixed base, this to allow the entire mammoth structure to "stretch" and contract—because the building is entirely of steel, both frame and roofing, and will gradually change its dimensions as temperatures vary.

"Doors of the building, to be placed at each end, will not be the usual straight doors but will conform to the general plan of the building and will resemble in shape that of a quarter of an orange; thus their designation as "orange-peel" doors. They will be opened and closed by electricity, four 125-horsepower motors furnishing the necessary current, and will be carried upon heavy trucks, resembling those used on railroad freight cars.

"Provision for moving the huge air liner in and out of the dock is to be made by docking rails which will run through the building and far out into the field, and upon which small trucks will ride. The ship will be anchored to these as it moves in and out, further steadying it against cross hangar winds and reducing the number of the ground crew which otherwise would be required.

"A tunnel has been built under the floor of the building carrying the various service lines and pipes for fuel, water ballast and electric power, with connections made by holes in the floor. The steel arches overhead provide numerous catwalks for workmen and trolley beams for the handling of materials in building the airships."

Mr. Hefley declared that the Goodyear Company is now pioneering in the airship field just as the company led the way in the automotive field, developing many of the improvements in tires which have been adopted by the industry generally. These improvements have impressed the motoring public to the extent that more automobile and truck operators use Goodyear tires than any other kind, he pointed out.

"Goodyear is also supplying many needs of airplane manufacturers and operators, including airplane tires and tubes and also makes, in their Akron factory, the following aeronautical goods:

"Rubber compression disks, breather bags for the conservation of gasoline and vapors, gas containers, salvage covers, airship valves—all types, aircraft, gasoline and radiator hose; observation balloons, free balloons, non-rigid, semi-rigid and rigid type airships."

### "Chicken" Rich Taken By Deputy Guy Pope

Deputy Guy Pope returned from Ft. Worth last Friday accompanied by "Chicken" Rich, who was arrested in Fort Worth on information furnished here. He is charged with the theft of chickens and has served a sentence. According to Mr. Pope the man arrested gathered fowls on the way out of town and headed for the market in Fort Worth.

## MAYSFIELD

Rev. R. L. Nicholson, accompanied by Rev. Mosley, (son-in-law of Mrs. E. G. Newton), left Tuesday for Clinton, Texas, where they will attend the Central Texas Presbytery.

Rev. J. L. Red, accompanied by his daughter, Miss Nell Red, left Monday morning for North Zulch, where he will hold a two weeks revival service.

Mesdames R. L. Nicholson and daughter, Ruby, Moore and daughter, Miss Nellie, visited Mrs. Gray Phipps Sunday afternoon.

Miss Bertha Floyd spent Tuesday night with Miss Ada Lee Massengale.

Mrs. John Thweatt spent Thursday afternoon with Mrs. Roy Newsum.

The patrons of the Maysfield school met recently and elected new trustees. The present trustees are Messrs. John Thweatt, Floyd and Floyd Phipps.

Miss Oleta Elliott was visiting in Maysfield community Sunday.

Little Misses Leota Floyd, Opal Weems, Floy Phipps and Clara Phipps visited Miss Evelyn Waits Wednesday afternoon.

Mrs. V. L. White, Mrs. Thweatt, Mr. and Mrs. Linam visited in the Cooper home Saturday afternoon. Mrs. Cooper continues in about the same condition.

Rev. C. C. Hill preached at Post Oak Baptist church Sunday afternoon.

Mrs. V. L. White and mother, Mrs. Hildreth, visited Mrs. J. S. Barmore Sunday afternoon.

Miss Mary White visited Miss Eula Cooper, Saturday night and both attended preaching services at Branchville that evening.

Mr. and Mrs. Frank Harbour of Ball Prairie visited relatives here this week end.

Seth Cooper went to Temple for treatment Monday.

Mr. and Mrs. Andrew Wethers visited his father this week end.

Mr. and Mrs. George Collier of the Belmena community are the proud

parents of a baby boy, born April 14, 1929.

Mr. and Mrs. Paul Porter visited in the Cooper home Saturday night.

Miss Bernice Baylor spent Monday night with Misses Mildred and Grace Thweatt.

Mrs. C. C. Baylor and daughter, Miss Bernice, and Mrs. John Thweatt and baby, Betty Jo, were Cameron visitors Monday.

Miss Ada Lee Massengale was in Cameron Monday.

### Cameron Students Star In Meeting At Waco

The following students from Yoe high attended the district meet in Waco on Saturday: Matt Hitchcock, Red Baskin, 'Smiles' Moran, Conrad Edmonds, Jack Walker, Johnnie Mangum, Dort Emily Moore and Stanfield Stach.

Red Baskin tied for first place in high jump. Jack Walker placed third in the 100 yard dash. The Cameron team won fourth in the relay. 'Smiles' Moran won third in the mile.

Patricia McGregor won first place in Junior Girls' declamation. Mary McDermott won second place in typing and will represent Cameron at the state meet at Austin. Cameron typing team won third place.

Miss Dora Emily Moore won third place in Latin essay contest.

### METHODIST CHURCH

We still need fifty who were not at Sunday school last Sunday to put us beyond the 300 mark in attendance. Come on, Fifty.

The Leagues are doing well. The Hi-'s surely did sing well last Sunday night. We will have them again soon. The pastor will preach at eleven o'clock next Sunday.

The Young Men's Bible Class will have charge of the night service at 7:30. The house ought to be full to hear their program.

### MISSIONARY SOCIETY

The Methodist W. M. S. met in circles Monday afternoon at 3:30 o'clock for a Voice program. Circle one met with Mrs. Arthur Baskin, who also led the lesson. There were 5 members present. Circle 2 met with Mrs. C. E. Gaston with 11 members present.

Mrs. R. B. Rylander was leader of the program. A "hit and miss" luncheon was enjoyed after the program. Circle three met with Mrs. Bob Terry and Mrs. Pope Sapp was leader. There were 8 members present. Circle four had no meeting.

The ladies will meet at the church next Monday for Bible study.

### PRESBYTERIAN AUXILIARY

Members of the Presbyterian Auxiliary met at the church Monday afternoon for Bible study with Mrs. Ben Atkinson leading the lesson on the book of Luke. This was followed by a short business session presided over by the president, Mrs. John Green.

### BIRTHDAY PARTY

Mrs. S. E. Pitts was hostess to a birthday party on Friday evening, April 13, honoring her son and daughter, Roscoe and Bessie Pitts.

Roses and ferns were attractively used in decorations for the reception rooms in which the party assembled. Party hours were from 8 to 11 p. m. Twenty young friends of the honorees were entertained with merry games under the direction of the hostess and a delightful time was spent. Refreshments in the form of fruit

punch, cake, and eskimo pies were served during the course of the evening.

Roscoe and Bessie were the recipients of numerous useful gifts in honor of the occasion.

### LADIES AID

Ladies of the Christian church met Monday afternoon at the church for Bible study. Mrs. Raymond Beard led the lesson, which was taken from the book of Ruth.

### Mrs. Frank Daniels Visits Friends Here

Former friends of Mrs. Frank Daniels of Kansas City, Mo., were invited to renew acquaintances with her at the home of Mrs. George A. Thomas Saturday afternoon. Reminiscences were the order of the day and the pleasant conversation was interspersed with vocal selections by Miss Inez Evans and readings by John S. Burns.

Mrs. Thomas, assisted by Miss Clara Thomas, served her guests with brick ice cream and cake.

Mrs. Tom Evans who has been visiting Mrs. Allen Varner has returned to her home in Houston.

## BUSINESS WOMEN IN SESSION TUESDAY

### NAME DELEGATES TO STATE MEETING IN TEMPLE MAY 11 AND 12

An interesting meeting was held by the Business and Professional Women last Tuesday evening in the reception rooms of the Fidelity Abstract office.

In the absence of the president, Mrs. Meta McCown, Mrs. Bessie Louise Hefley, Vice-president. Reports were made by committees as follows: Student Loan, by Miss Annie Stallworth. Chairmen of the following committees made favorable reports: Membership, Finance, Public Relations, Personal Research, Program and Publicity.

Election of delegates to attend the State Meet of the B. & P. W. Club to be held in Temple, May 11th and 12th was voted on. The club is eligible to four delegates who were elected as follows: Mrs. Meta McCown, president, Miss Delphya Scott, publicity chairman, Miss Rose Rischard, past president and Mrs. Lottie Bigbee. Alternates, Miss Willyne Hyde, Miss Mary Lake Henderson, Miss Minnie Bartholmew, Miss Jennie Shirley, Miss Annie Stallworth, State Treasurer will be seated in the meeting.

Miss Lena Madeson Phillips of New York City, National President of the Federation, will be guest at the meeting. Miss Daisy Leake, state president of Temple, is planning one of the best state meetings the club has ever had.

Mrs. Floy McLane Shaw, a former Cameron girl, has been appointed by Miss Leake to serve as one of the special hostesses to the Cameron club. Business headquarters will be at the Kyle Hotel, while luncheons and the banquet will be served at the Doering Hotel.

In lieu of the expense of paying the way, delegates while attending the meetings, the club voted to reserve a suite of rooms at one of the above named hotels, where all members attending the meetings from Cameron may have a meeting place.

Acting president placed before the club letters from "The Daniel Guggenheim Fund for the promotion of Aeronautics, Inc., of New York" for the purpose of identifying towns by means of placing roof markings on some tall building, the name of the town with arrow head directing "North" to assist aerial navigation. Letters of name must be not less than six feet high, with space one-fourth the height of letters and width two-thirds the height of letter, on a dark background; letters in chrome yellow, as its visibility is slightly greater than any other color. Harry P. Guggenheim is president of the promotion fund, with notable members of the fund, among them appears the names of Charles A. Lindberg, Dwight W. Morrow, Elihu Root, Jr., John D. Ryan and Orville Wright. The club voted to look into the matter to the end that Cameron may be among the progressive towns.

The club has been invited to co-operate with the Cameron Chamber of Commerce in helping select a Princess to represent Cameron at the East Texas Chamber of Commerce to be held in Bryan May 5, 6 and 7.

The club voted for all members to save up old papers and magazines and sell them by the car load.

The club will hold call meetings at different times during the rest of this month and May, prior to the State meeting in Temple, to practice pep songs, stunts, etc.

The club was delighted to have with them as guest Miss Bess DuBois for the evening.

Chairman, Mrs. L. Bigbee, of the refreshment committee and helpers, served three varieties of sandwiches with ice tea and mints.

### Reception At Country Club For Visiting Church Delegates

The Presbyterian Auxiliary's courtesy to visiting delegates to the Central Texas Presbyterian last week was in the form of a reception at the Country Club Thursday afternoon. The reception followed a drive over the city.

Decorations were in white and green and were carried out with spirea, dogwood blossoms and roses. The fol-

lowing enjoyable program was given by members of the Christian Endeavor:

Piano duet, Lois and Ruby Robbins.  
Readings, Bobby Lyons.  
Piano solo, Gladys Davis.  
One-act playlet, Dorothy Lesovsky.  
Kenneth Rogers, Herbert Freeman, Ben Atkinson, Jr.  
Pianologue, Sue Ella Tystn.  
Vocal solo, Florence Atkinson.  
The ladies of the auxiliary served a delicious salad plate.

### Symphony Club Is Guest of Beth Jeter

In the absence of the president, Mrs. Claude Bradbury, Mrs. Henry Sapp acted as chairman at the regular meeting of the Symphony Club Wednesday afternoon with Miss Beth Jeter as hostess. The opera studied was "Madame Butterfly" by Puccini.

Miss Sallie Kate McLane gave a sketch of the life of Puccini and Mrs. W. R. Hoover told the story of the opera. The musical part of the program was in the form of operatic records, including selections from "Madame Butterfly."

Miss Jeter, assisted by Mrs. W. O. Newton, served a salad course and fruit punch.

### STATE OF TEXAS

The State of Texas,

To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam State of Texas, and you shall cause said notice to be printed at least once each week for the period of twenty

days exclusive of the first day of publication before the return day hereof:

Notice of Filing Account—  
Estate of Decedents  
The State of Texas.

To all persons interested in the Estate of Raymond Ercanbrack, deceased. J. E. Cook, administrator, has filed in the County Court of Milam County, his final account of said Estate which will be heard at the next Term of said Court, commencing the first Monday in June, A. D. 1929, same being the 3rd day of June, A. D. 1929 at the Court House thereof, in the town of Cameron, Texas at which time all persons interested in said Estate may appear and contest said account, should they see proper to do so.

Herein fail not, but have you then and there before said Court this Writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and the seal

of said Court, at Cameron, Texas, April 6th, A. D. 1929.

Homer Naburs, Clerk,  
Co., Court, Milam Co., Texas.  
52-3tc Meta McCown, Deputy.

### Milam County Boys To Citizens Camp

The names of two more Milam county boys have been added to the list of men who will take training at the Citizens Military Training Camp at Fort Sam Houston. They are Woodrow W. Roark of Thorndale and S. J. Wohlleb of Cameron.

All young men who desire this training should enroll at once or see J. B. White, chairman for Milam county. This camp offers splendid opportunity for recreation and military training.

# Kitchen "Styles" have changed too!

THIS advertisement might easily be "A Story Without Words," as the pictures really tell the story—and what a story! The modern woman simply would not "fit" the old-fashioned kitchen, any more than the old style kitchen with its many IN-conveniences would fit the modern woman! Kitchen styles have indeed changed. And greatest of these changes has been the change to GAS instead of wood and coal—gas for cooking in cool, clean, comfort—gas for heating water automatically for a dozen needs! Other modern utilities and conveniences have helped free the modern woman for an easier, healthier, happier, fuller life—but leave out GAS and woman would still be in the dark ages of kitchen slavery! It is the privilege of Lone Star Gas Company to aid the modern woman by furnishing natural gas—the modern fuel—to more than 200,000 homes in over 200 communities.

## COMMUNITY SPIRIT

After all, the desire for happiness in this world is the primary object in life of the average man. To attain this condition of happiness man makes the world a better place to live in or to obtain his happiness in, and unless humanity as a whole works together in improving the world the individual members of society fail to find happiness in life. The community is all its citizens to make it a better and happier residence for the individual.

There is nothing in the way of community improvement that cannot be accomplished by a proper application of community spirit. Community spirit is merely the uniting and prodding into activity of the desire of individual citizens for a better city.

Petty differences of opinion, prejudices, selfish interests and other barriers to a united community must be overcome by individual citizens before the community can prosper much. It is only when every citizen becomes proud of the home town and puts his shoulder to the wheel of community improvement that the hopes and ambitions for the future of the city take substantial form. By working together for community betterment the people work for the advancement of their individual selves.

## THE TOUCH OF NATURE

One touch of nature makes the whole world kin—and one touch of discomfort or mishap makes the whole crowd jovial and friendly. The psychology is the same in both instances. When responsive chords are touched they vibrate in unison. The touch of nature as a kinship maker is well established, and the effectiveness of discomfort as a maker of jovial friendship can be observed at almost any time and place.

A sudden downpour that sends the crowds scurrying to cover makes for pleasant exchanges that would not be thought of by the same individuals under ordinary conditions. A jam in a street car in the city breaks down barriers that formality would raise. A mishap routs austere staidness and cold aloofness and brings onlookers together in common interest.

In such breakdown of barriers, the sense of humor asserts itself. Men and women laugh with each other at their discomfort. This is a saving grace to a saving response to discomfort, that cynics might hold would logically lead in the other direction.

## FOOD FOR PESSIMISTS

Actual count must show that the number of lemon squeezers and squeezers of sweet samsels is only exceeded by the number of those whose sour lives are consecrated to squeezing the joy out of life.

Now the piping hot cup that cheers but violates neither commandment nor amendment is under fire. A physiologist warns the past warning and and over-warned public that hot coffee, tea, sour or other liquids are injurious to the stomach. Verily, Schopenhauer would have been prophetic if man surrendered his steaming soup on a cold day, his hot cup of coffee at breakfast and his tea or coffee at dinner. What a lukewarm existence this is becoming with the physiologists blowing both hot and cold, condemning iced drinks in summer and hot ones in winter.

Formerly one of the advantages of growing up was that there would be nobody to tell you that which tasted good wasn't good for you and that which wasn't good to the taste was good for you. Now doctors and professors are robbing adulthood of even this blessing.

## THE COUNTRY IN SPRING

A jaunt into the country at this season is well worth while. What is more restful to eye-weary city dwellers than to gaze upon the rural scenes round about Cameron?

There are the cows standing in the flowing brook, if they are not eating the tender grass. The leaves are covering the trees with their pretty foliage. The ground is fairly teeming with life. Everywhere one turns a scene that is good for the soul meets

one's gaze, everywhere one turns a scene is pictured that is good for "sore eyes"—the eyes that are tired and are seeking rest and need just such a change.

Try a trip to the country in the springtime.

Loaning money improves the memory.

The best thing about most things is that they do not matter.

It is easy to think of something to say after it is too late to say it.

Why should we think of posterity? It probably wouldn't think much of us.

A great many future convicts are trying to make a living without working now.

Judging from the divorce news, about the worst thing one can put on a love letter is stamps.

There would be no house shortage if an owner could brag about what a house does when he steps on 'er.

It may be that brass makes the best bearings, but the bearing of some men indicates too much brass.

The weather forecaster has lots of competition.

Neighbors judge a new family by the furniture that goes in.

Trying to keep up with the neighbors is a fine way to get behind.

Luxuries are still so high we have to go without some necessities.

## BELIEVE IT OR NOT

### U. S. Has 425 City Airports

The department of commerce in a recent report reveals that the close of the last year there were 425 municipal airports, 415 private and commercial, 304 intermediate, 63 army including national guard and reserve; 17 navy including marine corps, 340 marked auxiliary fields and 942 proposed airports.

Coins dating from 700 B. C. have been recently unearthed.

### itching Record

The modern pitching record is held by Jack Chesbro, who worked in 55 games for the Yankees in 1904, winning 41 and losing 12.

A small, flat lump of coal, taken from the heart of a much larger lump and bearing clearly defined figures, has been found at Francis Station by Jack May of Mexico, the Intelligence says. Two rows of figures 8 and 3 can be seen across the face of the coal.

If we dig down into the earth to a depth of about 25,000 feet we find a temperature of 200 degrees.

Less sole leather is produced annually in Africa than in any other continent and in 1927 the total production amounted to only 17,600,000 pounds.

Merrick, R. I.—It required fifteen pallbearers, one of the largest caskets ever made and a grave more than 4 feet wide today, to bury Mrs. Ada Smith, 42, who died at her home here Saturday, weighing 555 pounds.

Someone said once that half the world doesn't know how the other half lives. It may be true, but our observation is that the half of it tries hard enough to find out how the other half lives.

The average man may develop around one-tenth of a horsepower continuously while a good husky chap may momentarily develop a full horsepower.

Unthinking scribes have condemned in unmeasured terms the persistent insurance agent. We desire however to rally such support as we may have to the defense of the insurance agent. The insurance agent takes his pride and his life in his hands and seeks by all his powers of salesmanship and

persuasion to induce his fellows to do the thing that ostensibly they should do, provide an estate for themselves or in the case of their previous demise for their families.

## Far In Frona

The greatest margin by which any major league club has won a pennant is twenty-seven and a half games. This mark was set by Pittsburg in 1902 over the second place Brooklyn team.

Every year 65,000 girls disappear in the United States and no tract is found of them, according to Mrs. Mary E. Hamilton, the first policewoman of New York.

The number of working women competing with men for good paying jobs has increased approximately 1,273,739 in ten years and the total has now reached the astounding figure of 8,549,511.

## A Sensible Suggestion

Father (getting the strap ready): "This is going to hurt me more than it does you."

Johnny: "Well, dad, as you've done nothing wrong why not let yourself off?"

In one London church women and girls are now permitted to remove their hats during service if they wish to do so.

## Chinese Angel

The three months tour of the Chinese students basketball team in this country is being financed by C. C. Lim, Manila millionaire. It will cost him about \$40,000.

## Fast Shooting

London—A new, self loading rifle, recently sanctioned by the British government is capable of firing 35 rounds a minute. It won a prize of \$15,000.

Things are not as bad as they seem. While only 368 were killed by gun and bomb in Chicago last year, 1600 were killed by motor car.

There were no signals in the early days of railways. When drivers of trains met on a single track line they had to argue it out. Later, a post was erected midway between stations so that "he who passed the pillar must go on, and the other go back."

## Explained

Professor: "Is Mr. Ouderkerk at home?"

Maid: "No, he is out."

Professor: But I saw him at the window."

Maid: "That was only his shadow."

Professor: "Of course, how absent-minded I am."

## GAUSE

Miss Eloise Thompson who has been teaching school in Hix the past winter has returned to her home here to spend the summer.

L. S. Cunningham was called to Temple Saturday on account of the serious illness of his sister, Mrs. Boyd.

Mrs. Fanny Fridge of Fort Worth is the guest of her sister, Mrs. J. T. Tidwell.

Brother Kendall held services at the Baptist church Sunday morning. Sunday night the ladies aid gave a fine missionary program. Brother Kendall was accompanied by Mrs. Kendall.

Miss Hazel Varner and Miss Linnie Mae Christian of Huntsville visited relatives in Gause for the week end.

The Epworth League met at the Methodist church Sunday night at 7 o'clock. A yard stick meeting was given by members of the League.

Mrs. Paul H. Brown of Karnes City with her two little sons, Ralston and Paul are on a visit to her parents, Mr. and Mrs. J. M. Ralston.

Mr. and Mrs. W. P. Mangum and daughter, Elizabeth Mangum and Mrs. W. T. Mowdy visited in Waco Saturday.

R. T. Littleton was in Cameron one day last week.

Mr. Lumas has been in Waco and Dallas on business the past week.

Mrs. G. R. Varner took her school pupils to Wayside Inn Friday afternoon, April 12, for a picnic.

Mr. and Mrs. T. C. Wilson were in Cameron Monday.

Mrs. L. J. Bowling has been visiting relatives near Luling.

The Woman's Missionary Society met Monday afternoon for a study course.

The Ladies Aid met Monday afternoon at the Baptist church.

Miss Roberta Holden spent the week end with her parents in Franklin.

Mr. and Mrs. Webb and Mrs. Hardcastle were in Cameron Monday.

## Resolution of Respect

To the Officers and Members of Milam County Bar Association:

Our friend and brother, Judge Ed F. English, after a long and useful life covering over half of our national history, died peacefully at his home in Cameron on the 31st day of March, 1929.

He was born in Mississippi and spent his young manhood in Arkansas, from which state he went forth as a soldier in the armies of the Confederacy to battle bravely for States Rights and Southern Independence.

Soon after the Civil War he removed to Texas, settling in Milam County where he lived the remainder of his life.

He was a gentleman of the old South, chivalrous, charitable and faithful to friend, to country and to God.

After coming to Milam County, he engaged in farming and a few years later was elected Justice of the Peace and County Commissioner. After rendering notable service in these positions, he was elected to the Legislature from the District composed of Milam and Williamson counties, where he earned the reputation of being an able member. He was then admitted to the Bar and practiced his profession successfully and for many years filled the office of Justice of the Peace of Cameron Precinct with much ability. Also during the memorable administration of President Woodrow Wilson, Judge English filled the position of postmaster of Cameron with credit to himself and to the service.

This is a brief epitome of his long and useful life and as a testimonial of respect, we report for adoption the following:

WHEREAS, in the passing of Judge English, we have suffered a deep and lasting loss, and

WHEREAS, we desire to commemorate his life and service.

THEREFORE, BE IT RESOLVED: That Milam County Bar Association feels deeply the loss it has sustained in the death of Judge English, and

BE IT FURTHER RESOLVED: That we commend his life of unselfish service as a citizen and as a lawyer and as an officer, to the members of our profession and to the public generally for their emulation and as worthy of their gratitude, and

BE IT FURTHER RESOLVED: That we convey to the family of Judge English assurances of our sincere sympathy with them in this time of grief and sorrow, and

THEREFORE, BE IT FURTHER RESOLVED: That this Resolution be spread upon our minutes; that a copy be published in our local papers, and that a copy be furnished the family of our friend and brother.

Respectfully submitted,  
E. A. WALLACE  
T. S. HENDERSON  
W. G. GILLIS, Committee.

## GIBS AND JIBS

### A Bargain

"And what are the charges?" asked the bridegroom of the justice of the peace who had just performed the ceremony.

"Why, the state allows me \$2.00."

"Well then, here's 50 cents. That'll make you \$2.50."

### Give Him One

"It says here a psychologist declares there is no pain," remarked Mr. Grouch.

"Huh. He ought to try living with you for awhile," snapped the Missus.

First Pro.: "It's strange how many college students are now committing suicide. They all seem to shoot themselves in the chest."

Second Pro.: "That's all that's necessary. They're all dead from the neck up."

## TORTURING PAINS

**Ceredo Lady Tells How She Was Unable To Find Anything To Relieve Them Until She Took Cardui.**

Ceredo, W. Va.—In telling how she was benefited by taking Cardui, Mrs. Perlle Yelkey, of this place, says: "At one time, I had a very serious spell which left me weak. At times, I would suffer such intense pains across my back and in my side that I could hardly stand it."

"I endured this over and over again. Every time the pains were worse than before."

"I was in despair because nothing helped me. I tried several remedies, but I continued to suffer."

"One day, I read about Cardui. Other women told how they had gotten strong and well after taking it. I have often been thankful for that day, for after I had taken Cardui for awhile, I felt like a different human being."

"It did not seem possible, but I did not suffer the old, torturing pains, and I really felt well. I can heartily recommend Cardui. I know how much I improved after I took it. Since then, I have needed it several times when I have needed a tonic, and I have always been benefited. It is a wonderful help."

All good druggists sell Cardui. Try it for your troubles. NC-166

**Take CARDUI**  
OF USE BY WOMEN

"Why would a college man kill himself?"

"Oh, lots of reasons. Women and wine among other things."

"And if he had none of these?"

"Still more reason why he should."

Mistress: "Have you given the gold fish fresh water?"

Maid: "No ma'am, they ain't finished the water I gave them yesterday."

## The Tonic

Doctor: "Your husband will never be able to work again."

Missus: "I'll go and tell him. It will cheer him up."

"He was a man who indeed suffered much," says a country paper, in a short obituary notice, "he had been a subscriber to this paper since its first number."

## High Finance

"When you make two one, what do you get?" the parson was asked.

"Usually five, but sometimes ten, and now and then just one," he replied.

## Wanted To Know

Late one night the landlord of some flats was called up by a tenant who inquired: "Can a landlord interfere when a woman on the third floor quarrels with her husband and disturbs the neighbors at night?"

"You are one of the neighbors?" the landlord asked.

"No, I'm the husband."

"You're so dumb I wouldn't call you a ham."

"Why not?"

"A ham can be cured."

Mother: "In my day we never thought of doing such things."

Flapper: "Well, don't you wish you had?"

"Here, my friend is ten dollars. And don't forget that Goofus is the man to vote for."

"Thanks all the same sir, but I'm an honest man and I wouldn't deceive you. I have already sold my vote to Mr. Fooley."

## What Every Preacher Knows

"Daddy," said the preacher's small son, "why are they called lay members?"

"Because they are always laying down on the job," sighed his dad.

That fellow who came over here from England to study and criticize our architecture says the only distinctive thing is our skyscrapers. He overlooked filling stations, barbecue and hamburger stands.

## Mistaken Signal

Druggist: "Say doc, can you fix this twitching eye of mine?"

Doctor: "It is troubling you much?"

Druggist: "Well, yes, in a way. You see every time I wait on a man and he sees that twitch he says, 'Don't care if I do.'"

THE "lucky breaks" that come to families usually are man-made opportunities—won because somebody looked ahead and planned and saved. The gains we envy others mostly are rewards for hard work and harder sacrifices.

In our role of a community institution we are helping many families and individuals right now to build the funds that will bring them the things they want next year, and beyond. You can use this helpful cooperation too.

Mr. and Mrs. John Jistel announce the birth of a son Monday morning, April 15. The young man weighs 9 pounds.

Mrs. H. N. Tate returned Friday morning from Mineral Wells, where she went as a delegate from the Woodmen Circle of Cameron to attend sessions of a state meeting of the Woodmen Lodge. The next meeting will be in 1931 at Sherman.

Before the flies get so numerous is the time to destroy them. Many reliable, effective fly exterminators and insecticides are to be had at Schiller's Drug Store.

Mrs. Paul Brown and two sons, Ralston and Paul Jr., arrived Tuesday afternoon from Carnes City to be the guests of Mrs. Brown's parents, Mr. and Mrs. J. M. Ralston for a few days. Mr. and Mrs. Brown are moving from Carnes City to Harlingen. From here Mrs. Brown will go to Dallas for a few days, but she will stop here again on her return trip.

Fine assorted chocolates one pound box 35c at Schillers Drug Store.

Mrs. Lizzie Burns visited relatives in Hearne last week end.

The Methodist Missionary Society will have a zone meeting at Rockdale at 2:30 o'clock Friday afternoon. Cameron ladies are urged to attend.

Bob McLane spent Sunday in Austin visiting his father.

## JONES PRAIRIE

By MRS. R. K. FONTAINE

Last week the news failed to be in the paper on account of the Creek being high. Last week's and this week's news combined.

Miss Eloise Boswell spent last week end in Waco with her parents.

Bailey Jones returned home Monday from Houston where he spent the week end.

Mrs. Alma McKinny has returned home from her school which was out last week.

Miss Bill Fontaine spent last week end in Calvert with Mrs. A. K. Tyson.

Miss Connie Mae Hickman spent the first of last week with Miss Frances Looney of Ben Arnold, spent the latter part at the Lloyd Patterson home; a party was given for Connie Mae while she stayed in Milano.

Mr. and Mrs. Grady Stidham of Cameron spent Sunday at the T. B. Stidham home.

Mr. and Mrs. Rodney Fontaine and son were Sunday dinner guests at the Dr. W. J. Fontaine home.

Mr. and Mrs. Alfred Wall and daughter were in the community Saturday.

Hope Jamison not only surprised his friends and relatives here but elsewhere when he came home Saturday night from Gulf with his bride. They were married Friday night at Gulf. Hope is the oldest son of Mr. and Mrs. J. A. Jamison of this community. The bride and groom left Sunday night for Gulf after spending the week end here. The community extends much happiness to both.

A backward party was enjoyed by the members of the Sneed's Chapel and String Prairie Leagues Monday night at the J. P. Fontaine home and a large crowd enjoyed many games and contests. At a late hour they all departed for their homes stating they had enjoyed the evening.

"Mary's Castles in the Air," is a play which is being worked on at this

time by five men and six women of the Little River church. The proceeds of the play will go toward building the new Sunday school rooms which is being worked for. The play will be put on in two or three weeks. Watch the paper for the date.

Rev. Dobson preached at Little River Sunday.

The revival meeting of Little River will begin July 10th which was announced Sunday morning at church.

Mr. and Mrs. Carl Black and son spent Sunday in Marlin.

Mrs. Mary Harrell spent Monday night at the Dr. W. J. Fontaine home.

Mary E. Jones and Ruth Brand spent Tuesday night with Lois Brown.

C. C. Black was a business caller in Cameron Tuesday.

Mrs. George Roden is reported ill this week.

D. Massengale, J. P. Fontaine and Dr. W. J. Fontaine were callers in Ben Arnold Tuesday.

Miss Gracie Roden was brought home from the Cameron hospital last week end.

A clown party will be given at the home of Dr. W. J. Fontaine Friday night for the Epworth Leagues of String Prairie and Jones Prairie.

Archie McLerran and T. B. Stidham attended a banquet at the Auditorium Hotel in Cameron Friday night.

Orvil Canady and family of Clarkson spent Sunday in the community.

String Prairie school will close this week.

Jim Fontaine and family spent Sunday at the Russell home.

Mrs. George Pond is a guest in the Jack Pond home at this time.

Mrs. Mary Harrell is visiting at the Sam Harrell home at this writing.

Sneed's Chapel League members gave a very interesting program Sunday night.

## TO OUR CUSTOMERS

April 21, 1929, San Jacinto Day, being a legal holiday, falling on Sunday, we the undersigned banks will be closed on Monday, April 22.

CAMERON, TEXAS

## OSCAR F. HOLCOMBE GOVERNOR CANDIDATE

HOUSTON MAYOR WILL ASK THE  
PEOPLE OF TEXAS TO ELECT  
HIM TO HIGHEST OFFICE

Houston, April 16.—Following the completion of his fourth term as Mayor of Houston Oscar F. Holcomb today announced his candidacy for the Democratic nomination for Governor of Texas. The announcement came just after Mayor Holcomb had finished administering the oath of office to his successor, Judge Walter Monteth.

He announced he would conduct an intensive campaign, starting at a later date, and lasting until the Primaries in July, 1930. His campaign will carry him into every county of the State, he said.

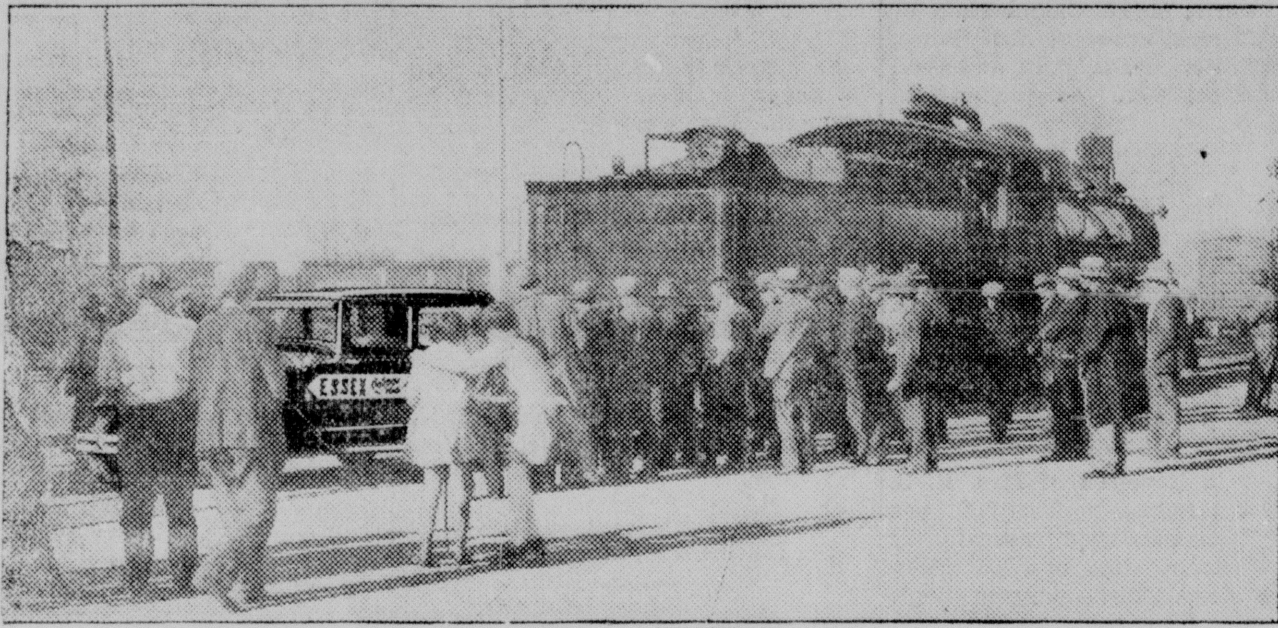

The eight years of Mayor Holcomb's services as chief executive of the city of Houston have been marked by the city's greatest municipal expansion. The city's population in that time has doubled. More streets, sewers and public buildings have been constructed than in all the previous history of the city. A great park system has been developed, and the city placed on the very highest business basis.

"On my record of eight years as Mayor of the metropolis of South Texas I will ask the people of Texas to elect me Governor if this great State," said Mayor Holcomb in his announcement. "I believe the people of Texas want the same constructive policies applied to the State government which my administration has applied to the growth and development of Houston. It is my belief that the entire State of Texas is on the threshold of its greatest era of expansion and development. All the State now needs to avail itself of the great opportunities before it is an alert chief executive, backed up by a strong legislature. I believe that I could work in harmony with the legislature and secure the co-operation of the law making body in carrying out a great program of constructive enterprises. I will, of course, at the proper time outline my views in regard to the many problems awaiting solution. I have been a resident of Texas ever since I was three years of age, and believe I have a fairly clear insight into the problems which affect every section of Texas. I shall deal with these problems in a practical and business like way and divorce them from political bickerings and animosities as much as is possible. I shall not make a campaign upon the demerits or shortcomings of any other candidate but shall base my campaign entirely upon my record in public office and the constructive views I shall present to the people."

Mayor Holcomb is now 40 years of age. Eight years ago, when for the first time he was chosen Mayor of Houston, he was the youngest chief executive the city had ever had. Three times since he has been a comparatively easy victor in races for Mayor. Although a young man the new gubernatorial candidate has had a varied and colorful life. He was born in Alabama and came to Texas with his father and mother when he was three years old, the family settling in San Antonio. He was eight years of age when his father died, leaving him and a younger brother, with the widowed mother not in the best of financial circumstances. Young Holcomb was able to secure an education, although forced to go on the streets of San Antonio to sell papers. Later he went to work in a planing mill, where his first duties were to sweep out and be a man of all work.

Mayor Holcomb has always been a lover of the rural life and spent some time of his young manhood on a cattle ranch in Southwest Texas. While he was employed in a planing mill he studied engineering and later went into the contracting business. He was a contractor when elected Mayor of Houston, specializing in the construction of school houses. He has built school houses in nearly every section of the State, and in such work familiarized himself with the problems of the State and acquired a deep interest in school problems and the State's needs for an adequate system of rural schools. When he first announced for Mayor of Houston he was unknown in the public life of the city. He was opposed by four widely known men. But the aggressive campaign he carried on and the ideas he advanced for more progressive and constructive policies in the conduct of the city's

## ESSEX TOWS HEAVY LOCOMOTIVE

Among the spectacular feats accomplished by Essex the Challenger, was the towing of a heavy freight locomotive at Nashville, Tenn. The powerful Essex motor emerged from the experiment none the worse, but the engineer of the locomotive was amazed.

affairs won for him an overwhelming victory at the polls. Almost immediately the young Mayor began carrying out his policies and Houston embarked on its greatest era of growth, which has continued to the present. For the last eight years Mayor Holcomb has taken a lively interest in State affairs and has become widely known among public men all over the State.

### Beth Jeter Hostess At Bridge Friday

Miss Beth Jeter was hostess to members of the Bridge Club at her home Friday afternoon. Four tables of players assembled for the games, in which Mrs. Swift of Gardiner, Maine, made high score for guests and Mrs. George T. Moore for club members. Awards were decks of cards. Low score awards, bridge score pads, were won by Mrs. C. H. Pollard among the guests and Mrs. Rush Thomas among members. Table favors were corsages of sweet peas from the hostess' garden and these were successfully cut by Mesdames Maude Chambers, Rush Thomas, Roy Jeter and Miss Winnie Henderson.

The guests were served a salad course and an ice.

### Statement of the Ownership, Management, Circulation, Etc., Required by the Act of Congress of August 24, 1912.

Of the Cameron Herald published weekly at Cameron, Texas for April 1929.

State of Texas, County of Milam. Before me, a Notary Public in and for the State and county aforesaid, personally appeared J. B. White, who, having been duly sworn according to law, deposes and says that he is the Editor and Manager of the Cameron Herald and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the name and address of the publisher, editor, managing editor and business manager is J. B. White, editor and manager.

2. That the owner is: (If the publication is owned by an individual his name and address, or if owned by more than one individual the name and address of each, should be given below; if the publication is owned by a corporation and the names and addresses

of the stockholders owning or holding one per cent or more of the total amount of stock should be given): J. B. White, Robert McLane, Robert McLane Company, W. O. Triggs, J. P. Werner, Mrs. J. G. Vest, A. J. Triggs, F. C. Fahrendorf, R. P. Jeter, J. T. Parma, H. M. Hefley and Judd G. Davis.

3. That the known bondholders, mortgagees and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: None.

J. B. WHITE,  
Editor and Business Manager  
Sworn to and subscribed before me this 9th day of April 1929.

MYRTLE AVRIETT,  
My commission expires 6-30-29

### PRESBYTERIAN AUXILIARY

An important business session was the feature of the meeting of the Presbyterian Auxiliary Monday afternoon at the church. A number of communications were read from over the state concerning the work of the women of the state. Some matters pertaining to the Daily Vacation Bible School were also discussed and were voted on.

In Japan a ten mile tunnel under water, connecting two cities is being built.

## GENERAL MOTORS SPRING SHOWING

## See the NEW CHEVROLET SIX

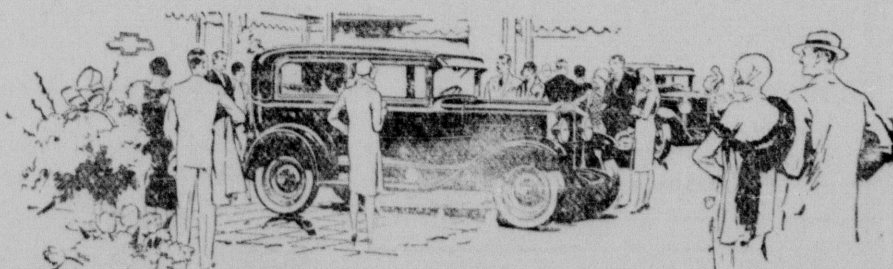

- a Six in the price range of the four!

You are cordially invited to visit our special display of the new Chevrolet Six—arranged in conjunction with the nationwide Spring Showing of General Motors cars.

Here, in a price class that has hitherto been occupied exclusively by four-cylinder automobiles, you will see displayed a line of beautiful models that bring you every advantage of six-cylinder performance. Yet, due to the greatest array of

mechanical advancements that Chevrolet has ever announced, the new Chevrolet Six delivers better than twenty miles to the gallon of gasoline with extremely low oil consumption.

And this amazing six-cylinder performance is matched in impressiveness by the beautiful new Fisher bodies. Come in. See for yourself that no other car in the world can give you so much at prices within the reach of all.

You are Cordially Invited to See Our Special Exhibit of the New Chevrolet Six

Senior Boys—Julius Whitesides, Cameron; No. 2, Raphael Huff, Lee county.

The State meet will convene at Prairie View College, Prairie View, Texas, April 18 and 19, 1929.

Respectfully submitted,  
Mrs. R. A. Covington, Sec'y.  
O. J. Thomas, Dir. Gen.

### Parent Teachers of Cameron Wins \$10 Prize For Report

The Milam County Council of the Parent Teacher's Association won a prize of \$10.00 at the district meeting of Associations held at Temple last week in the best report, and this report included the year's work done by the council, its progress, the extension work attempted and completed, and the committee work. About 15 counties comprise this district.

Representatives of the Cameron P. T. A. attended the meeting Thursday, and were present at the luncheon on that day at the Kyle Hotel and the dinner that evening at the Doering Hotel. Mrs. Kathryn K. Robbins made a talk at one of the sessions.

### TUESDAY BRIDGE CLUB

Members of the Tuesday Bridge Club met for games this week with Miss Grace Mangum hostess at her home. Miss Mangum elected to serve before the games were started, the collation consisting of a salad course and iced tea. She was assisted by Mrs. George Graves.

Miss Mary Lake Henderson was declared winner of high score and Miss Helen Flinn of low.

### TO RESIST THE ATTACK—of colds

or grippe—put your system and your blood in order. Build up your health with that splendid herbal tonic, Dr. Pierce's Golden Medical Discovery, which has stood the test of sixty years of approval. The air we breathe is often full of germs, if our vitality is low we're an easy mark for colds or pneumonia.

One who has used the "Discovery", or "G M D", writes thus:

North Little Rock, Ark.—"Dr. Pierce's Medicines have been a standing in my family and were in my father's family. When I feel the need of a tonic to build up my health in general, I always get satisfactory results from Dr. Pierce's Golden Medical Discovery. All that is necessary to convince anybody that this remedy will do all that is claimed for it, is to induce them to give it a fair trial."

John Lee, 514 Ark. Ave.  
Fluid or tablets.

Write Dr. Pierce's Invalids Hotel in Buffalo, N. Y., for free advice.

## SCHOOL NEWS

Patsy McGregor of the Ada Henderson School won first place in junior girls declamation contest at the district meet of the University Interscholastic League held at Baylor University last Saturday. Sixteen speakers from nine counties entered the contest and competition was keen. Second place went to Geneva Baker of Thorndale, who also won second place in the county contests held at Cameron, March 22.

Arvis Turner of Branchville won second place in the senior boys' declamation contest for rural schools while Weldon Strelsky of Bethlehem school, Milam county, won first place in the rural school junior boys' contest.

In the typing contest Miss Mary McDermott, although handicapped by an injured finger, won second place among all comers and the Cameron team composed of Mary McDermott, Evelyn Grubbs, Eulene Slaughter and Frances Sharpe won third place. Mary McDermott will represent Cameron in the state contest to be held in Austin during the state meet.

In the Latin essay contest held independent of the district meet Miss Dora Emily Moore placed third.

In tennis the Cameron girls team composed of Mary McDermott and Cora Barmore made a brilliant bid for the district championship but were stopped in the final contest by Franklin.

The Yoe High track team showed fair form, ranking fifth among the towns represented in the class A division with a total of 11 points, Waco winning first with 36 points.

Robert Baskin tied with January of Waco High in the high jump at 6 feet but lost the toss for the honor of receiving the gold medal, taking silver instead. Jack Walker placed third in the 100 yard dash; Moran 3rd in the mile run; Hitchcock fourth in the 440 yard dash; Stach 4th in the discus. Cameron placed fourth in the mile relay.

The Yoe High Schol History Club has elected Ruby Robbins and Cyrus Miller as delegates to the meeting of the State Historical Association to be held in Austin April 22-23. The following delegation from Cameron will be in attendance: Rev. and Mrs. J. P. Love, Rev. Tous, Hon. T. S. Henderson, Miss Mary Lake Henderson, Lois and Ruby Robbins and Cyrus Miller.

Miss Ethel Jenkins, auditorium teacher in the Ada Henderson School, will address the elementary teachers of the Southwest Texas division of the State Teachers Association in Houston Friday of this week on the subject, "What the Cameron Schools are Doing in Education Outside the Traditional Classroom."

### EPISCOPAL CHURCH

Sunday, April 21st  
Evening Prayer and sermon at 7:30 o'clock.  
Sunday school at 9:45 a. m.

## HUDSON-ESSEX SALES HERE SET RECORD

### TIRE STORE SELLS GREATEST NUMBER OF CARS FOR MONTH OF MARCH

By far the largest selling month which Hudson-Essex ever has known in Cameron is reported for March. The new all-time record of new Hudson and Essex cars purchased in Cameron and registered with the Tax Collector according to The Tire Store, Hudson-Essex dealers.

Mr. Horstmann said that never before had cars in the Hudson-Essex field approached such a sales mark in Cameron in the past.

"Such an achievement by my organization is particularly a matter of pride to me," said Mr. Horstmann, because early this year, I predicted a tremendous swing to Essex the Challenger.

"Our firm offered at that time to purchase all the Hudson-Essex cars which the factory would sell us, because we felt that Essex had built itself a distinct niche in the automobile field and that the big buying swing this spring would be to Essex.

"All this year the swing of buyers to Essex has been very strong indeed. In addition to our natural business from old Essex owners, we have had an amazing proportion of 'other car' owners make a switch to the Essex.

"This spring the automobile business is active, but a feature of it is that the public's likes and dislikes are strong. Those automobiles which are popular are very popular indeed. But there is no ground of moderate favor. A car is either very good or not good at all. The big swing to Essex which we have noted is simply an instance of this important tendency."

### Abie Reese Harvey To Leave For Nashville

Miss Abbie Reese Harvey, who will leave for Nashville, Tenn., immediately after the close of school to live with her father, Mack Harvey, was named as honoree at a party given for members of the Junior Epworth League at the church parlors Friday evening. All kinds of indoor games were diversions, the group being divided into two sections according to age.

The younger children were served sandwiches and lemonade and the older ones enjoyed a box supper.

### FANNIE HAUSE MITCHELL

Mrs. Fannie Hause Mitchell, age 46 years, died at her home at Clarkson at eleven o'clock in the evening, April 11, after an illness of several months. Funeral services were held on the afternoon of April 12 at the Little River church, Rev. P. T. Ramsey officiating. Interment was in Little River Cemetery.

Mrs. Mitchell was a sister-in-law of Mr. Lloyd Mitchell of Cameron. She was the wife of Louie Mitchell. Beside her husband, she is survived by five children, Durell, Nadine, Merle, Ralph and Pansy.

## Mrs. W. A. Bonds Is Hostess At Bridge

Red and pink radiance roses added charm to the W. A. Bonds home Tuesday afternoon, when Mrs. Bonds entertained six tables of bridge players, including members of the Triple Four Bridge Club. Score cards were in flapper design.

The hostess served a salad and iced tea, using handpainted green trays, which had as center pieces green vases filled with pink roses. These were given as favors to those holding highest score at each table, and were won by Mesdames George Childress, Oxsheer Smith, Giles Avriett, Buck Bonds, Elmer Seiber of Houston and Clifton Jenness.

Out of town guests enjoying the hospitality were Mrs. Elmer Seiber of Houston, Mrs. Swift of Gardiner, Maine and Mrs. C. E. Doss of Dallas.

Mrs. C. W. Price of Waco is in Cameron attending the bedside of Mrs. Roxie Houston of Yarrington who is a patient at the Cameron hospital.

### Things Like This Do Happen

"I'm learning the gazintas," a small girl told her mother the other day when she came from school.

"Well, what new-fangled thing will these teachers try next," her mother asked in exasperation. "Whatever is gazintas?"

"Why you know mother," the little miss said, "Two gazinta four and four gazinta eight."

## PHYSICAL ADVANTAGES OF CITIZENS TRAINING

### ENLIGHTENING STATISTICS ARE GIVEN BY GOVERNMENT ON CAMPS

Some very enlightening information is furnished from statistics compiled by Army officials in connection with physical examinations of young men who attend Citizens' Military Training Camps.

When candidates report to camps they are given a rigid physical examination by Army Medical officers. Among the items recorded on each boys examination report are weight, height and chest measurement. When camp closes each student is again examined and these items recorded. The difference between the two records shows the gain or loss in each item for the individual.

In many cases where young men who are underweight and generally below average in physical fitness, report to camp, the gain in each item has been very great. A gain of as much as 15 pounds in weight during the month of training, has been recorded in some cases.

The famous "straightening" process of infantry drill has a tendency to take the curve out of the young civilian's back. It straightens and broadens his shoulders and adds, in some cases, an inch or more to his height in one month.

Erect carriage has a tendency to increase chest measurement.

Boys who report to camp fat and overweight invariably lose weight due to the fact that training does away with unnecessary fat and starts the building of hard muscle. The loss of weight in such individual cases necessarily lowers the average gain per man.

The Commanding General, Eighth Corps Area, Fort Sam Houston, Texas, furnishes the following statistics for C. M. T. Camps during the past four years:

Total trained in the past four years are 11,334.

Average gain per man in weight is 2.2 pounds.

Average gain per man in height is .47 inch.

Average gain per man in chest measurement is .28 inch.

The figures show that Uncle Sam has added more than 12 tons of brawn, 444 feet of height and 265 feet of chest measurement to the young men who have attended the C. M. T. Camps in this Corps area since 1925.

#### Safeguarding Young Men

In order to maintain its highest degree the power of the body to overcome the poisons formed by typhoid germs, it has been found that one should be vaccinated against typhoid and re-vaccinated after an interval of about three years. It has also been found that one should be vaccinated against smallpox every three years as a precautionary measure.

Vaccination against typhoid and smallpox is required of each student before his enrollment in C. M. T. Camps. These vaccinations are required, not only for the students own protection, but for the protection of those with whom he will come in contact.

#### Benefits from Vaccination

The actual results in the prevention of smallpox in American military forces during the past 75 years can best be expressed in the statement that for every one case of smallpox occurring during the World War, nine occurred during the Spanish-American War, and 28 occurred during the Civil War. Of those who had Smallpox during the Civil War, 39 percent died, during the Spanish-American War, 31 percent died, and during the World War, less than 2 per cent of the cases died.

During the Spanish-American War, before vaccination against typhoid was known, 282 men out of every 2,000 soldiers in the Army had typhoid fever, whereas during the World War, when every soldier was vaccinated, only one man out of 2000 soldiers had the disease for each year of the War.

Citizens' Military Training Camps

## Milk Cows For Sale

I have sold quite a number of my Jersey cows, but still have more than a dozen with young calves, also some heavy springers. These cows can be seen at the headquarters of my old Rice Farm, 5 miles south of Cameron on Rockdale road. These are extra fine cows and are well worth your attention. They are from some of the best dairy herds in the state. I have on hand more than a hundred head of Jersey cows and heifers and will trade them for other cattle or sell them worth the money.

**R. L. Batte**

offer young men month of training and the opportunity for physical betterment through out door recreation, with all necessary expenses paid by the Government.

Camps are being held in the Eighth Corps Area during the summer of 1929 at:

Ft. Sam Houston, San Antonio, Texas, June 14th to July 13th.

Ft. Sill, Lawton, Oklahoma, July 5th to August 3rd.

Ft. Logan, Denver, Colorado, June 20th to July 19th.

Ft. D. A. Russell, Cheyenne, Wyoming, June 20th to July 19th.

Ft. Bliss, El Paso, Texas, July 25th to August 23rd.

Camp Stephen D. Little, Nogales, Arizona, August 1st to August 30th.

Applications for attendance are being received in larger numbers than ever before with every prospect of camp quotas being filled long before the opening dates. The principle of "first come, first served" is being observed and all young men interested in attending are urged to lose no time in submitting applications.

Information in connection with attendance at camp and application blanks may be obtained from J. B. White, or from the C. M. T. C. Officer, Headquarters Eighth Corps Area, Fort Sam Houston, Texas.

### BEN ARNOLD

William Kosel was a caller at the Willis Vogelsang home Tuesday afternoon.

Mrs. Herman Folschinsky and daughters visited in the home of Mrs. Louise Lorenz and family Saturday afternoon.

Mr. and Mrs. Ed Dahse and daughter motored to Rosebud Friday where they have visited in the home of Mrs. Dahse's parents, Mr. and Mrs. Gus Trojan and family.

Herman Folschinsky and Fritz Schwarting were in Rosebud on business Wednesday.

Lee Boeker and Robert Paukonien of Rosebud made a business trip to Cameron Friday.

Alice and Celia Lorenz, Charles Ffiemel, Walter and Alfred Kohring were the guests in the home of Mr. and Mrs. Ed Dahse Wednesday night.

Mrs. Louise Lorenz and daughters,

Alice and Celia were visitors in the home of Mrs. Emil Meier of Rosebud Thursday afternoon.

Ernest Lorenz and his two daughters were in Cameron Wednesday.

Willie Senkel has been seen driving a new Tudor Ford Sedan.

This community experienced a heavy rain and some east wind Friday night, and considerable rain Saturday morning with a cooler temperature.

Helarie Folschinsky enjoyed horse back riding, while she went to visit her cousin Juna Schwarting Friday afternoon.

Mr. and Mrs. Noel Yardley are the parents of a baby boy born April 11.

Mr. and Mrs. Gus Pimpler and family were Sunday dinner guests in the home of Mr. and Mrs. Walter Sitz and family.

Verna Wallace and mother of Yarnelton were callers at the August Knipp home Sunday.

### Something You Haven't Heard

You haven't heard of a 1929 graduate of one of the Byrne Commercial Colleges, Dallas, Houston or San Antonio, going forty-eight hours after graduating without having been placed in a position. We have graduated 124 students and placed every one of them and have had calls for many more. We want more young men and women to enter with us as soon as possible that we may more nearly meet the demand for Byrne trained students in the three large cities. The completeness of our courses and the thoroughness of the Famous Byrne Systems makes business men prefer our graduates.

Clip, fill in and mail for a copy of our catalogue. Address Byrne Commercial College, either Dallas, Houston or San Antonio.

STATE OF TEXAS

The State of Texas,  
To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published

in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam State of Texas, and you shall cause said notice to be printed at least once each week for the period of twenty days exclusive of the first day of publication before the return day hereof: Notice of Filing Account—Estate of Decedents

The State of Texas,  
To all persons interested in the Estate of Frank Jistel, non compos mentis. Ferdinand Jistel, guardian, has filed in the County Court of Milam County, his final account of said Estate and his application to resign as guardian of said estate which will be heard at the next Term of said Court, commencing the first Monday in June A. D. 1929 at the Court House thereof, in the town of Cameron, Texas at

which time all persons interested in said Estate may appear and contest said account, should they see proper to do so.

Herein fail not, but have you then and there before said Court this Writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and the seal of said Court, April 3, 1929.

Homer Nabours, Clerk,

Co. Court, Milam Co., Texas.

## FROM THE FILES OF THE CAMERON HERALD

28 Years Ago

Mrs. Forest Lay is visiting friends in Marlin this week.

Cap Raymond of Branchville has been in our city on jury duty this week.

Ed Holtzclaw spent several days last week in our city attending district court.

Major W. M. McGregor went to Rockdale last Friday to attend the marriage of his son, Walter.

Mrs. J. B. Poteet of Calvert was in our city last week visiting her parents, Major and Mrs. J. B. Moore.

Attorney Eugene Wallace of Rockdale was in our city this week engaged in what is known as the Minerva land suit.

Dr. Jesse Cass returned last week from Atlanta, Ga., where he attended a course of lectures at the medical college in that city.

Milton Lankford left last Thursday for Dallas, where he has secured a desirable position as stenographer for a large business interest.

Dr. W. W. Greer returned last Saturday from Chicago, where he has been attending a post graduate course in his profession. This is the second time the Doctor has gone to Chicago within the past two years. He has had rare opportunities to add to his already successful attainments as a physician and surgeon.

Mr. and Mrs. J. D. Hefley left last Monday afternoon for a few days visit to relatives and friends in Houston.

Dr. T. A. Pope returned last week from a visit to Washington City.

S. M. Burns is absent this week on business at Dargan, Panola county, his old home.

John M. Hefley left last Monday afternoon for the Beaumont oil fields. The wonderful discoveries there are attracting considerable notice in our city.

J. D. Hefley recently sold his beautiful residence in the eastern suburbs of the city for a good price and will soon rebuild on a lot near. Mr. Robert McLane was the purchaser.

Messrs. R. A. Nabours and Lee Batte returned last week from a prospecting trip to Tom Green and other counties. They are figuring on establishing a large stock ranch in West Texas.

Hon. Sam R. Henderson of Bryan and Miss Mary Roberts of Independence were married at Anderson last week. (The Herald extends congratulations to Mr. Henderson and his accomplished bride.

J. E. Lester was in Cameron from Maysfield last Monday and informed us that the farmers in his section are having a great deal of trouble in securing a stand of cotton. Some have already planted three times without success in securing a stand.

The Aid Society of the Methodist church will meet with Mrs. Greer next Monday afternoon at four o'clock. A full attendance is requested, as the special order of business is to arrange for buying the seats for the new church.

Ed Tompkins recently sold to J. M. Bauknight ten acres of land east of the city for the sum of \$1000. The tract is that on which is situated the old homestead of Tom Sampson and is valuable property. Mr. Bauknight will soon build a nice home out there.

The new store houses of Messrs. J. H. Bickett and W. T. Hefley just across the street east from the First National Bank are nearly completed and they present a neat appearance. They are two stories high and are, indeed an ornament to our city.

Messrs. J. H. Bickett and J. D. Hefley have graded the streets leading through their lots on what are known as Hefley Heights in the eastern portion of the city, and is quite likely that hereafter much of Cameron's growth will go out in that way, it being a delightful residence section of the city.

Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for State officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, the Governor shall immediately appoint six additional Associate Justices of the Supreme Court for terms of office so that the terms of two of such appointed Associate Justices shall expire with the term of office of each of the present members of the Supreme Court, and, upon the qualification of such new Justices, the Commission of Appeals of the State of Texas shall terminate."

"Article V. Section 3. The Supreme Court shall have appellate jurisdiction only except as herein specified, which shall be co-extensive with the limits of the State. Its appellate jurisdiction shall extend to questions of law arising in cases of which the Courts of Civil Appeals have appellate jurisdiction under such restrictions and regulations as the Legislature may prescribe. Until otherwise provided by law, the appellate jurisdiction of the Supreme Court, shall extend to questions of law arising in the cases in the Courts of Civil Appeals in which the Judges of any Court of Civil Appeals may disagree or where the several Courts of Civil Appeals may hold differently on the same question of law, or where a Statute of the State is held void, and shall extend to such other questions as may be within the Court's Appellate Jurisdiction under the Statutes of the State in force when this amendment takes effect. The Supreme Court and the Justices thereof shall have power to issue writs of habeas corpus, as may be prescribed by Law, and under such regulations as may be prescribed by Law, the said Court and the Justices thereof may issue the writs of mandamus, procedendo, certiorari and such other writs, as may be necessary to enforce its jurisdiction. The Legislature may confer original jurisdiction on the Supreme Court to issue writs of quo warranto and mandamus in such cases as may be specified, except as against the

Governor of the State.

The Supreme Court shall have power, upon affidavit or otherwise as by the Court may be determined, to ascertain such matters of fact as may be necessary to the proper exercise of its jurisdiction. The Supreme Court shall be open at all times and shall sit at the State Capitol for the transaction of business at such times as may be designated by the Court.

The Supreme Court shall appoint a clerk, who shall give bond in such manner as is now or may hereafter, be required by law, and he may hold his office for four years and shall be subject to removal by said Court for good cause entered of record on the Minutes of said Court who shall receive such compensation as the Legislature may provide."

Sec. 2. Said proposed Constitutional amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on Tuesday, July 16, 1929, at which election each voter opposing said proposed amendment shall scratch off of the ballot with a pen or pencil the following words printed on said ballot: "For the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court.", and each voter favoring said proposed amendment shall scratch off the ballot in the same manner the following words printed on said ballot: "Against the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court." If it appears from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published and said election held as provided by the Constitution and Laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

Approved February 19, 1929.

## R. F. POOL SR., OPENS NEW SHERMAN PLANT

SOUTH'S LARGEST GARMENT FACTORY HAS MODERN NEW PLANT

The Pool Manufacturing Company of Sherman formerly opened their new factory building on April 9, according to the Sherman Democrat which carried a two-section special edition announcing the completion of the building, which is said to house the southwest's largest garment factory. The one-story structure is of brick. It is 200 feet wide and 300 feet long and has more than 60,000 square feet of floor space, including offices on the main floors.

R. F. Pool, Sr., the president and founder of the institution, at one time lived in Cameron and he has scores of friends here who will be glad to hear of his business success. His son, Carl Pool, is secretary-treasurer of the firm and general manager of the business. The short origin of the firm is interesting. Quoting from the Democrat, "In 1911 R. F. Pool Sr., saw a classified advertisement offering an overall factory in Sherman for land in West Texas. He had land in West Texas and was seeking a new business to build. He came to Sherman, organized his company, and bought the Sherman Overall Factory. Soon afterward his son, Carl Pool, came to Sherman to help operate the plant. Gross sales in the first year amounted to about \$25,000. Last year they mounted to more than \$1,650,000 and in 1929 are expected to pass the \$2,000,000 mark."

The special edition includes a history of the company, a description of the new building with the floor plan, pictures of employees, department rooms and dealers, and a story of the life of R. F. Pool, the founder. These are only a few of the many interesting features.

## HJR No. 6 A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas providing for a Supreme Court of nine members, and for continuous session of that Court.—

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 2 and 3 of Article 5 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Article 5. Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; in other matters, until otherwise provided by Law, the jurisdiction of the Court shall be exercised under such regulations and orders as the Court by a majority vote may prescribe. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be, at the time of his election, a citizen of the United States and of this State and unless he shall have attained the age of thirty years, and shall have been a practicing lawyer or a judge of a court, or such lawyer and judge together at least seven years. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, shall hold their offices six years, or until their successors are elected and qualified, and shall receive such compensation as may be provided by law. In case of a vacancy in the office of

## BABY CHICKS

May hatched White Leghorns are most profitable. Start laying in October and lay all winter. May incubator hatched chicks are easy to raise, no lice or mites.

Most poultry authorities agree that May hatched White Leghorns are the most profitable Fall and Winter layers.

Let us hatch your eggs, we will hatch them right, so they will live. Convert your cheap eggs into baby chicks. If you have pure bred White Leghorns, will hatch them on shares. Bring the eggs Friday, Saturday or Monday. See us for special prices on May chicks.

DR. MILES' Liquid NERVEINE

### All Wrought Up Over Nothing

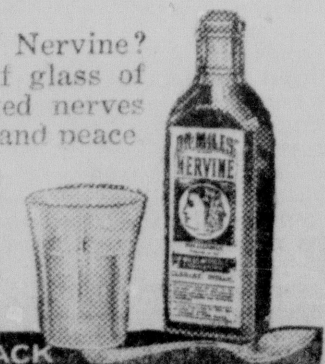

Didn't sleep last night; too much work; the children are fretful; the Boss is cranky; Mrs. DeVere didn't invite you to her party.

Ordinarily you don't mind any of these things, but today they are simply unbearable. You are nervous, that's why.

Did you ever try Dr. Miles' Nerveine? Just two teaspoonfuls in a half glass of water will quiet your over-taxed nerves and bring you a feeling of calm and peace.

Dr. Miles' Nerveine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically.

At all Drug Stores. Price \$1.00

RELIEF OR YOUR MONEY BACK

## Texas and Texans

By Will H. Mayes

### Sees anger to Press

Frank Baldwin, member of the legislature and editor of the Waco News-Tribune and Times Herald, in addressing the Southwestern Journalism Congress, said: "There has arisen a tendency in Texas for big newspapers to fall into the hands of publishers, so-called by reason of ownership, but that fundamentally they are not publishers, but rather everything but newspaper publishers, from lumber kings to oil kings. As a natural consequence those newspaper editorial units, and this means the editors, have become hirelings, working by direction, and from this regrettable situation has arisen a lack of editorial fearlessness and daring from which our great State is suffering."

It is admitted that the change that has come over the press is robbing it largely of its helpful influence to society and government. Instead of being mediums of free expression, too many newspapers are now merely business enterprises pursuing the methods that will make them the most money and making the public welfare merely secondary. Any newspaper whose editorial policies are directed by business considerations is likely to become a public menace. The farther removed that business direction is from the interests of those the paper proposes to serve the greater the danger becomes. When a paper loses editorial courage it loses all claims to the support and respect of the public. Mr. Baldwin spoke a regrettable truth.

### Trade Reciprocity

Dr. William J. Reilly of the University of Texas, makes a statement that should be impressed upon every town that would increase its trade, when he says that unless a city is a good market place for the produce that is grown in its territory it will fail to that extent to become the retail market for that territory, that there can be no trade expansion without a corresponding expansion in purchasing a territory's produce.

Many chambers of commerce overlook this fact and pay too little attention to the reciprocal side of trade. A town should not only be a market for the things brought to it to sell, but should be a good market, paying cheerfully the highest market prices for produce. The farmer who is forced to market his products in a town with the feeling that the prices have been beaten down to his loss, harbors a feeling of ill will toward the place and seeks another selling and buying market at the first opportunity.

### Making City Attractive

The Austin city plan commission, supported by a liberal bond issue for civic improvements, announces that its purpose is to make Austin the most beautiful city in Texas and the most attractive residence city. Austin has been highly favored by nature, but has depended too much on that and the legislature, and consequently has not beautified itself as it might have done. Other cities less favored have gone ahead and overcome whatever handicaps were in the way.

There are many smaller cities than Austin that need to pay more attention to plans for beautification. People who can afford to live in attractive surroundings are inclined to leave the unattractive spots for something better. The town that is allowed to run down is likely to be deserted in time.

### Country Places, Too

The country should be as much in

## INDIGESTION

### Taxi Driver Goes Back To Medicine He Had Taken When a Boy to Find Relief.

Nicholasville, Ky.—"Running a taxi is my business, and I am called out at all times, sometimes just before meal time, and this makes my eating as well as my sleeping very irregular," says Mr. Jesse Dickerson, of 502 Central Avenue, this city. "I had indigestion, on account of this irregularity. I would feel very uncomfortable after meals. I would be constipated and have dizziness. I knew I had to take something. I remembered how, when at home before I was married, my mother would give us Black-Draught, and how she believed in it. "So I decided to take it again. It sure did me good. I am glad to let others know what a good laxative Black-Draught is. It clears up a dull headache, and makes me feel like a new person." Thousands of other men and women find Black-Draught a great help in relieving common ailments, due to indigestion, constipation and biliousness. In thousands of families, Thedford's Black-Draught has a corner all its own on the medicine shelf. In use nearly 100 years. Safe, efficient, reliable. Sold everywhere. Try it. NC-197

**Thedford's BLACK-DRAUGHT**  
for Constipation  
Indigestion Biliousness

terested in beautification programs as the towns and cities. One reason so many people are leaving the country is because so little is being done to make country life attractive. In Delta county three hundred women have enlisted in a two-year yard beautifying contest, which is to include planning, setting out trees, and making flower beds and walks. From this the next step is repairing and painting fences and outhouses and even the farm homes. It will be worth while to watch the results of the work of those three hundred women. Already great transformations have been worked on many of the farms.

### Schulenberg's Big Prize

In securing the location of the big Carnation milk plant Schulenberg has brought in to itself much favorable publicity and has started on an era of prosperity. This will not be confined to the town, but will extend to all the surrounding territory that will supply the milk products. So far as can be learned there is not a place in Texas where attention has been given to dairying that is not prospering. Dairying always leads to other interests, like hog raising and poultry raising. It gets the farmer away from one-crop production and into diversified farming. It enriches instead of impoverishing the soil. It pays.

### Texas Museum Needed

The Texas legislature should make provisions for a State museum of proportions to be a credit to the State. The State now has enough schools—perhaps too many—but it has no place in which to house and care for the many Texas specimens, and museum collections that are a valuable part of the history of the State. Wherever the matter has been presented to educators they have endorsed the movement for a State museum and urged early provision for it.

### Agricultural Statistician

T. F. Harwell, well-known newspaper man of Kyle and Round Rock, has been made statistician of the State Department of Agriculture to succeed R. E. Yantis, another popular newspaper man, who resigned because of age and ill health. Mr. Harwell will bring to his task large experience and unbounded love for the State, along with zeal in doing well everything that he undertakes.

### Pecans and Peanuts

The Department of Agriculture, in its April bulletin, says that the production of pecans in Texas last year,

not counting less than carload shipments, was 195 cars, or about 6,000,000 pounds. Much of the Texas crops, and practically all of the best pecans, is shipped in less than carloads, and the total shipments must have reached at least 300 cars or 9,000,000 pounds. The peanut production for the State is placed at 77,700,000 pounds. Pecans and peanuts are adding large sums to the wealth of the State and as the public learns better to appreciate their food value their production will rank with that of the recognized staple crops.

Luckily it seems the radio program managers did not learn that this year is the 100th anniversary of the introduction from Austria into this country of the accordion, until the date went by.

## NEW BUILDING HERE FOR CITIZENS BANK

FINE NEW STRUCTURE TO  
CROWN PROGRESS OF THIS  
STRONG BANK

Contract was signed Tuesday for the erection of a fine new building for the Citizens National Bank, construction to begin next week.

The building will occupy the space of the present banking room site with the exception that ten additional feet have been secured for the bank north. The new building will be 40x100 feet with a one story structure fronting Houston Avenue and the rear of the structure three stories.

The three story part will be for rentals and Dr. D. E. Monroe will have a modern equipped office on one of these floors.

The bank is able to increase the width of the building by purchase of a portion of the Hefley building now occupied by Mrs. W. A. Copus and this ten feet was exchanged for ten feet of space along the south side of the Monroe building occupied by the George A. Thomas and Sons drug store.

The contract has been awarded to the Mosler Safe Company of Hamilton, Ohio.

The building will be one of the most modern and beautiful banking rooms in Texas. The building is to be constructed of Indiana limestone and the interior is finished in marble and granite.

The building cannot be adequately described at this time but in a later issue The Herald will present an engraving as well as architects description of the building.

The Citizens National Bank has occupied the present building since 1909. The Denson building formerly occupied by the Texas State Bank and Trust Company will be used for the banking room of the bank until the new building is completed. Workmen are busy at this time installing a vault in this building.

The bank has purchased the lot west of the bank, formerly owned by Dr. D. E. Monroe. The building on this lot is now used by the Thomas drug store for a paint display room.

## Rainfall For Month Of April Totals 3.51

R. A. Tag, local representative of the Department of Agriculture, has compiled the total of the rainfall for April and to-date the total precipitation has been 3.51 inches.

On April 13 the rainfall was 1.38. Generally it is regarded by farmers and stockmen that sufficient rain has fallen to insure proper conditions for crops and livestock.

## Operetta By Students Of The First Grade

"Mother Goose's Garden," an operetta, will be given at the high school auditorium Friday evening, April 26, at eight o'clock, by the children of the first grade assisted by other students of the Ada Henderson school. Miss Edna Sprinkle and Miss Katherine Flinn are directing the production. A more detailed announcement will appear in the next issue of The Herald.

## Summer Advantages At Wayside Tourist Park

During the long hot summer days cool shades and running waters are very desirable elements of a perfect outing. It is the pride of the Wayside Tourist Park that all the natural park advantages are offered plus the convenience of the store and cold drink stand operated by Elwood Cammer.

Every advantage possible is to be offered to the people who wish to take advantage of the park facilities and the conveniences for picnics at Wayside Tourist Park. People of Cameron should take advantage of the facilities offered and patronize this park. Mr. Cammer is constantly improving his service to the people. The park offers a convenient place for outings and picnics when people tire of the home during the summer months.

## Cameron Students Star In Meeting At Waco

The following students from Yoe high attended the district meet in Waco on Saturday: Matt Hitchcock, Red Baskin, 'Smiles' Moran, Conrad Edmonds, Jack Walker, Johnnie Mangum, Dort Emily Moore and Stanfield Stach.

Red Baskin tied for first place in high jump. Jack Walker placed third in the 100 yard dash. The Cameron team won fourth in the relay. 'Smiles' Moran won third in the mile.

Patricia McGregor won first place in Junior Girls' declamation. Mary McDermott won second place in typing and will represent Cameron at the state meet at Austin. Cameron typing team won third place.

Miss Dora Emily Moore won third place in Latin essay contest.

## EVANGELIST HYDE STIRS CITY IN REVIVAL HERE

### CHRISTIAN CHURCH EXPECTS GREATEST MEETING IN HISTORY OF CAMERON

The revival meeting at the First Christian church is attracting wide attention here. The following report has been received covering the progress of the meeting for this week:

Evangelist Hyde arrived in Cameron Sunday at noon having been delayed several hours on account of high waters, and began the scheduled revival at the Christian church on Sunday night. The meeting is now getting well under way and is gaining momentum with each passing day. An ambitious program of visitation is in progress. The women of the church are giving of their time without stint that the Master's work may prosper. It is confidently expected that this campaign will assume proportions heretofore unknown in our work here.

Services are being held each evening at eight o'clock. The musical program is given an important place in each service. Other instruments than the piano are being used to make melody unto the Lord and his people. Special numbers are being featured to the delight and uplift of those in attendance. A large chorus-choir is leading, and a responsive congregation supporting, in the singing of familiar hymns of the faith. It is indeed refreshing to listen to the old hymns sung with the spirit and understanding.

The sermons being given by the Evangelist are original in theme, content and delivery. "Canned sermons" are taboo with him. Something fresh and different, while at the same time hewing to the mark of the old paths, is his characteristic method. This week is Foundation Week in the meeting, and the sermons are selected accordingly. On Friday night the subject will be "The Moral Leper". Saturday night "That Beat the Devil"; and Sunday night, "Hell." Those who are troubled with the curse of extreme modernism will do well to attend all three nights of this series. Get your theological hat on straight and you will have a balanced brain.

## FINAL RESULTS ARE ANNOUNCED IN MEET

### INTERSCHOLASTIC DECLAMATION HELD AT BAYLOR UNIVERSITY ON APRIL 13

The following results are shown in the district meet of the University Interscholastic League held at Baylor University on April 13:

**High School Senior Girls**  
First Place, Beatrice Young, Temple.  
Second place, Lila Green, Waco.  
Third place, Minnie Lou Matthews, Mexico.

**High School Senior Boys**  
First place, Allan Dillard, Waco.  
Second place, Orval Robinson, Temple.  
Third place, Walter K. Kerr, Teague.

**High School Junior Boys**  
First place, Wallace Holland, Marlin.  
Second place, Rayburn Wilson, Temple.  
Third place, W. O. Moerz, Reisel.

**High School Junior Girls**  
First place, Patricia McGregor, Cameron.  
Second place, Geneva Baker, Thornedale.  
Third place, Katherine Rogers, Temple.

**Rural School Senior Girls**  
First place, Della Vrbia, Leray.  
Second place, Sybil Leonard, Whitehall.  
Third place, Pauline Justice, Nolanville.

**Rural School Senior Boys**  
First place, Arthur Fletcher, Schleyville.  
Second place, Arvis Turner, Branchville.  
Third place, Millard Cook, Satin.

**Rural School Junior Girls**  
First place, Dorothy Jackson, Nolanville.  
Second place, Dorothy Nan Harrison, Curley.  
Third place, Lela Hayes, Marks Chapel.

**Rural School Junior Boys**  
First place, Weldon Strelsky, Bethlehem.  
Second place, Cecil Cook, Satin.  
Third place, Culbert Stone, Blevens.

James Childers spent Monday night at his home in Cameron. Mr. Childers and Mr. Jeff Hefley are in business at the present time at the newly developed oil field near Independence.

## SECRECY SURROUNDS ACTION OF PRESBYTERY; RESENTS PUBLICITY; FATE OF KENNEY YET UNKNOWN

Clifton, April 17.—Rev. H. G. Kenney, pastor of the First Presbyterian church of Cameron, will not know officially until tomorrow or Friday whether he will have to face a trial for heresy, it was revealed at the end of an executive session of the Central Texas presbytery, held behind locked and guarded doors, here this afternoon, when a report on the proceedings of the session was withheld.

It was learned, however, on good authority, that no definite action was taken at the session, which considered reports of a committee named last January at Temple, when accusations were lodged against the Cameron pastor.

"I am still unable to make any statement, as I know nothing more now than I did when I came here," Rev. Kenney said at the conclusion of the secret session, which lasted for more than an hour and a half.

Utmost precautions were taken by the church authorities to prevent any news of the meeting leaking out. Doors and windows were closed and locked and a guard posted to prevent

reporters from listening at the windows.

Rev. Mr. Kenney, who was called to become the pastor of John W. Davis church back in West Virginia before coming to Texas for his health, said the committee had not met and counseled with him.

The stated clerk resented the publicity given the hearing which also was a secret session, last January in Temple.

"We want nothing given out but our official statement," the Rev. J. McMurtry of Bartlett, stated clerk of the presbytery, said. "If we could find out definitely who gave the information out last January there would be censure for them."

The idea of "open covenants openly arrived at" was mentioned.

"The Presbyterian Church," he announced, "has the right to conduct its business in the manner it deems best."

Then in the matter of "hot news it must expect the consequences," it was suggested.

"Yes," he reflected, "I guess that is one way of looking at it."

## GOODYEAR TIRE DEALERS HOLD DISTRICT MEETING

### FORWARD WITH GOODYEAR IS SLOGAN OF DEALERS WHO GATHER HERE TUESDAY

"Going forward with Goodyear" and applying better methods to merchandising and giving the public greater service, were the outstanding features of the dealers meeting held here Tuesday night.

The meeting was preceded by a banquet in the Bluebonnet Cafe after which the dealers and their guests were entertained at the building of the Hubert Hefley Motor Company where a six reel motion picture was used to impress the dealers with better methods.

The meeting was arranged by C. G. Greenlay, branch manager of the branch in Houston. He was accompanied to Cameron by S. E. Demars and Chris Ming of the Goodyear organization.

Mr. Greenlay delivered a lecture before the dealers at the Hubert Hefley building, setting forth the merits of Goodyear and talking at length on better methods for salesmanship and service.

The meeting was one of the best attended ever held in the Houston territory. Just before the lecture by Mr. Greenlay a bit of melody was furnished by a quartette of negro employees of the Hubert Hefley Motor Company. This feature was very much appreciated. It was arranged by Mr. Hefley who also arranged for a special table for his colored employees in the rear of the Bluebonnet.

After the address of Mr. Greenlay the six reel picture was shown the dealers and this feature was a most impressive outline of policy among progressive dealers.

The following dealers were present: A. R. Walichor, Buckholts. Clyde Franklin, Rockdale. J. C. Freeman, Maysfield. Tom Blasienz, Calvert. W. A. Weise, Calvert. W. C. Freeman, Maysfield. Leroy Massengale, Maysfield. F. J. Cabron, Burlington. E. S. Hollingsworth, Maysfield. Mrs. C. A. Wuensche, Thornedale. Henry Biar, Thornedale. A. R. McLerran, Jones Prairie. T. B. Stidham, Jones Prairie. C. G. Greenlay, branch manager, Houston branch, Houston, Texas.

S. E. Demars, Goodyear officer. Chris Ming, Goodyear officer. Pete Richards, Rockdale. Eddie Brockenbribe, Rockdale. James A. Pogue, Rockdale. Frank E. Hampton, Buckholts. Katie Fox, Burlington. F. J. Calvin, Burlington.

### DR. MONROE MOVES OFFICE

Notice is hereby given that after Monday, April 23, the office of Dr. D. E. Monroe will be located temporarily located in the building formerly occupied by the Vest Cotton Office next to the Texas Power & Light Company offices. Dr. Monroe will be located at this new place during the period of constructing the new building for the Citizens National Bank where he will have a modern office equipped for his practice.

Among those from Cameron attending the funeral of Mrs. Louie Mitchell at Clarkson last Friday were Judge Jeff Kemp, Mr. and Mrs. Lloyd Mitchell, Mrs. K. K. Robbins, Homer Nabours, Mr. and Mrs. Henderson Thompson, Mrs. Tom Randolph, Miss Lois Randolph and Mrs. W. A. Beal.

## Play At Little River Church On April 26th

A play for the benefit of the Little River Baptist church will be presented at the church on Friday night, April 26. The title of the play will be "Mary's Castle in the Air." The play is being presented by home talent and the funds from the proceeds of the play will go for the benefit of the church.

The public is cordially invited to attend the play. Music for the occasion will be furnished by Roy Griffith and company of musicians from Cameron.

The church is planning improvements on the building including an annex and liberal patronage for the play will be greatly appreciated. The admission charge will be 15c and 25c. Remember the date Friday night, April 26. Everybody invited.

## Ed. Westbrook Named Public Weigher At Cameron Yards

Ed Westbrook, former public weigher at Ben Arnold and Burlington, has qualified for public weigher at Cameron. He visited Austin this week and was given a certificate by the Bureau of Weights and Measures and has made bond in the sum of \$5000 and will be ready to take over the duties of public weigher when the cotton season opens this fall in Cameron.

Mr. Westbrook has many friends in Cameron who will be interested in this announcement and will be pleased that he is to be the public weigher at this point.

He will enter the business here with the view of giving the best of service and will weigh cotton at night as well as day if the farmers demand it.

## Judge Lester of Waco Presides In Court Here

Judge Giles Lester of Waco presided in district court in Cameron last week in a case in which Judge John Watson was recused. The case was continued. Judge Lester is a native of Milam county and friends here are always glad to welcome him home.

## MISSIONARY TO CHINA TO SPEAK IN CAMERON

### MRS. EUGENE SALLEE COMING HERE OR WOMEN OF BAPTIST CHURCH

Mrs. Eugene Sallee, missionary to China, who is in Waco at present visiting her parents, has been secured by the women of the Baptist church to speak at the regular fifth Monday Birthday Jubilee at the church on April 29. This announcement was made at the W. M. S. meetings Monday afternoon.

The women met in circles as follows: Eunice Taylor Glass with Mrs. J. B. White. There were 13 present and Mrs. Wilson Gunn led the lesson on missions. Lillie Mae Hundley met with Mrs. Martha Shepherd with Mrs. Preston Graves leading the lesson. There were six present. Mrs. T. A. Casey was hostess to Lottie Moon circle, which had 13 members present and two visitors, Mrs. Houston and Mrs. Moseley. Mrs. Gus Evans led the lesson.

Next Monday the members will meet in circles again for a lesson in Royal Service. Hostesses will be as follows: Mrs. J. D. Dobbins for Eunice Taylor Glass; Mrs. Preston Graves for Lillie Mae Hundley; and Mrs. Lloyd Mitchell for Lottie Moon.

## Mrs. B. J. Baskin Is Hostess To D. A. R.

In the absence of the regent, Mrs. R. H. McIntosh, Mrs. George Moore presided at the regular meeting of the Sarah McCalla chapter, Daughters of the American Revolution, held last Thursday afternoon with Mrs. B. J. Baskin as hostess. Mrs. Harris of Calvert, a member of this chapter, was present at the meeting, and she brought with her as a guest Mrs. Scott Field Jr., who is a member of the chapter at Bryan.

Mrs. Clement read a very interesting paper on "National Defense." Roll call was answered with spring poems.

Miss Terry Dollar was voted a new member of the organization.

Mrs. Baskin served her guests a salad course with sandwiches and a desert.

Mr. and Mrs. John Sapp and Fred Reno met Mrs. Reno in Dallas Friday and she returned to Cameron with them. Mrs. Reno has been visiting relatives in Denison.

## W. R. HOOVER IS NAMED SECRETARY OF CLUB

### SUCCEEDS W. M. COBB AND BEGINS SERVICE PLEDGING ACTIVE WORK AT POST

W. R. Hoover has been elected secretary of the Cameron Commercial Club to succeed W. M. Cobb who has been secretary for several terms. The election occurred at the regular meeting on Monday night.

Mr. Hoover after receiving the election at the hands of the directors, pledged his co-operation to the club and in turn asked the co-operation of the directors and members so that greater things can be accomplished for Cameron. Mr. Hoover has entered actively into the duties of the office.

He believes as does a number of other men connected with the club that the club should have a full time secretary and at any time the club desires this arrangement he will be glad to turn over the office. Mr. Hoover will devote considerable time to the place and brings to the office experience in the affairs of the club and in business and the club is looking forward with interest to the work of Mr. Hoover as secretary.

Committee reports were made to the club and action was taken with respect to the increased capital of the American Milk Products Company. A committee was appointed which resulted in a meeting of the stock holders of the company on Tuesday night at which time an assessment was authorized to raise some \$3000 addition funds for operating. Up to Thursday quite a number of the stockholders had paid the additional amounts.

The plant is operating very successfully and about 3000 pounds of milk a day is received at the plant.

## Modern Culture Is Discussed By Delphians

"The Raw Material of Modern Culture" was the subject of the lesson studied by the Delphian chapter Tuesday afternoon in regular meeting at the Ada Henderson building. Mrs. Lena Baskin, as leader, gave a preparatory discussion on "The Beginning of Modern Political Problems." Mrs. Ben Atkinson gave a resume of the last lesson and then the following topics were heard:

Tentonic Invaders, Mrs. A. C. Freeman. The Beginning of Monasticism, Mrs. T. A. Fisher. Feudalism, Mrs. Clarence Freeman. The Rise of Islam, Mrs. Hubert Atkinson. Charlemagne, Mrs. E. A. Flinn. After Charlemagne, Miss Winnie Henderson. The Eastern Empire, Mrs. John A. Smith. The Primacy of Rome, Mrs. Ben Atkinson. Early Britain, Mrs. Dow Eplen. Early Medieval Education, Mrs. Jim Barmore. Mrs. J. L. Barmore will be leader at the next meeting and Mrs. Baskin will give the resume.

## Miss Mary McDermott Wins Second Place In Typing Contest

Miss Mary McDermott, student at Yoe High School, won second place in the district typewriting tournament held at Four C Business College at Waco last Saturday. Miss McDermott averaged 44 words per minute. First place was won by Miss Mildred Cain of Waco, who averaged 59 words.

Participants from Cameron, Marlin, Waco and Bryan entered the contest. Cameron sent a team of four, Misses Mary McDermott, Eunine Slaughter, Frances Sharpe and Evelyn Grubbs. Miss Fanny Lou Davis, commercial teacher at Yoe High school, accompanied them to Waco. Waco's team made the highest average and Bryan was second. Underwood typewriters were used by the contestants.

Miss McDermott will represent Yoe High school at the state tournament to be held at Austin on April 26. Only winners of first and second places in the districts are eligible to enter the state contest.

Post greetings have been received by friends from Miss Kathryn Henderson, who is in New Orleans attending a meeting of the American Association of University Women. Miss Henderson is a delegate from the Austin chapter of the association. She is having a most delightful trip, and is visiting friends and relatives in New Orleans as well as attending the sessions.

## CHEESE MAKER ARRIVES

Mr. Allen Fokett, a thoroughly experienced cheese maker of Wisconsin has arrived in Cameron making his first cheese at the local cheese factory Monday. Mr. Fokett (pronounced Fo-kett) whose father is reputed to be one of the very best cheese makers in Wisconsin is 27 years of age and has been making cheese all of his life, learning the trade under his father and himself reputed to be a very fine cheese maker.

Mr. Fokett will make considerable changes at the plant in order to get the plant working on a sound business basis. He states that with the recent declines in cheese and cream prices it would be impossible for him to make cheese and pay 53c for the milk. Therefore commencing April 16th, the price of milk will be slightly reduced to 50c for butter fat. This price is the same as has been paid by the Round Rock cheese factory from the time of its opening a little over a year ago, to date.

Mr. Fokett arrived in Cameron last Sunday and was taken to the Round Rock factory by Mr. Lesovsky so as to have a talk with their cheese maker from Wisconsin and thereby learn any peculiarities in the Texas field as compared to Wisconsin.

In that state, all farmers bring their own milk to the factories, as they are all big producers and cheese factories are close by, so that Mr. Fokett has very little experience with route men who collect the milk on routes gotten up by them, receiving pay for their service at so much a hundred pounds of milk.

He wanted to study the methods used at Round Rock, which has proved such a success in the short time of fifteen months operation.

He learned there that the factory was built by local capital, as in Cameron, and that a first class cheese maker was put in charge and that no other service was offered nor given, but the farmers were told that the plant was there to take all milk delivered to the factory in good condition at 50c per pound of butter fat. No aid was offered or given to get up milk routes and no literature or methods of feeding, etc., in fact the farmers were left to work out their own solution and they went about it promptly and in a short while the plant had to double its capacity and is adding more and more equipment and on last Sunday was getting 23,000 pounds of milk daily with over 20 on the waiting list.

Just a week before when Mr. Lesovsky visited this plant they were getting 20,000 pounds and about ten days before that when again visited, they were getting 18,000 pounds and the manager stated that he was sure of 40,000 pounds daily by next spring. There is not a factory in Wisconsin of that size and only goes to show what is going to happen in Texas—soon to be the leading dairy state of the Union.

We might as well learn this cold fact now as later on. The Texas farmer is going to compete with the Wisconsin farmer with all the advantages of cheaper land, warmer climate and more and better feed than his northern competitor.

All the big milk concerns have turned to Texas and only last week the ground was broken at Schulenberg, Texas, just a little ways South of us, where the Carnation people of Wisconsin broke the ground for a big half million dollar plant in which three counties there took part by pledging many thousands of dollars in order to get the plant located.

Mr. J. C. Tucker of the Cameron State Bank and treasurer of the local factory, accompanied by Mr. Lesovsky, active Vice-President of the local concern, visited the big celebration and were there to welcome the fine Holstein bull that arrived by airplane direct from Wisconsin. Governor Dan Moody was the principal speaker, along with other pronounced Texans taking part. Never in the history of that section had so many thousands of people assembled as came there to celebrate this big event. All this indicates that the movement is on and yet this big plant, costing such a fortune is worth no more to those farmers than our little cheese factory is worth to our farmers for they will get no more for their milk than our farmers will realize at our plant, for theirs is a condensing plant in which all the milk is used while at our cheese factory, we return the farmer his whey, which is valued at ten per cent of his milk sales, if properly fed on his farm and we will buy all the milk offered just the same as the big plant down there, the only difference is the cheese factory does not make the profit of the condensary.

Both kinds of plants are good for the community and both should be encouraged, as they will soon have Texas out of the mortgage ridden class of farming that our one crop methods have put us into.

We have a great deal to learn in this new line of industry. We have to learn how to take care of our milk, especially the night's milk to be delivered in good sweet condition the next morning. That was the big obstacle in Texas, as to why the factories were afraid to enter Texas, they were afraid the Texas hot summers would sour and spoil the night's milk before delivery the next morning, but the Round Rock factory de-

monstrated that during last summer and went through that much feared period with colors flying and now the Texas summer is no longer feared.

It might be stated here, that Round Rock put up the first cheese factory in Texas and therefore did the pioneering.

Exactly the same methods were used at Round Rock as are used in the north for taking care of the night's milk. Simply cool the milk to the temperature of well water, immediately after milking, stirring the milk well at the time by placing the milk can into a tub or half barrel of cool well water. In extreme hot weather one change of water is needed. Stirring at this time is essential and when cooled to same temperature as the well water, put lid on tight and leave setting in water. Milking should be done as late as possible so as to avoid the heat of the day. Then in the morning either cool the morning milk in same manner before mixing it with the night's milk, or put in separate can and bring or send to the factory, using care not to have the sun shine on the cans. This is a very simple and easy method and of course all cans, buckets and utensils have to be wringed first in cold water to get the milk off, then scalded with boiling water using a brush and some good washing powder (never using a cloth as this cannot be kept clean of bacteria) then wringed off in cold water and sunned if possible.

Never mix warm and cooled milk. That cannot be done except in winter.

Where well water is not available, a wet sack or cotton blanket kept around the can if there is a good breeze

or else using a little ice in the water and doing as with the well water, is a satisfactory method.

Another thing learned from Round Rock, as to getting milk to the factory. The present route men have attempted to haul the farmers milk in for 30c per hundred pounds. This cannot be done for that price in the beginning, later on when the routes get plenty of milk this price will be alright and in some instances even lowered, but at the start they cannot make expenses and we recommend 50c per hundred until the route gets enough milk to justify a lower price. Round Rock routes paid 50c and even higher and now these men are making \$150.00 per month for part of a days work each day. But have them to bring your whey back, where wanted, without additional charge. The farmer must learn to feed it to his pigs and chickens, it is worth money.

Another method used and a very good one until a cheaper route can be organized is for three or four or even seven farmers to club together, and each one haul the milk in turns. That is a very popular method and saves all the cost of hauling. The trip to town can be used for shopping day and no time is really lost that way. Several communities are going to use this method and you might use that method until a paying route is worked up. Farmers should get together in each community and form these clubs, the smaller clubs work out better than the larger ones, in most instances.

Where route men continue, it is suggested that they notify their patrons that starting on the next pay day, the 15th or 1st of the month they are going to charge 30, 40 or 50c per hundred for hauling. A gallon of milk weighs 8.6 pounds and a hundred

pounds is about 12 gallons of milk.

The factory will deduct the hauling charge and pay the route man on each pay day.

Hereafter all checks for milk will be mailed out as soon after the 15th and 1st of each month as the customers milk tests can be made up and checks mailed out, which should reach the customers not later than five days thereafter or the 20th and 5th of each month.

In case of errors these should be taken up at once.

No more milk cans will be sold or furnished by the factory as this is not customary and has caused only trouble and misunderstanding. Get your milk cans from any dealer.

The factory is now making first class cheese and this will be put on the market when sufficiently aged, not less than two weeks. No cheese has been sold locally and none will be sold before two weeks.

If you are selling cream now at 35c per pound of butter fat, why not sell the same butter fat at 50c a pound and get your whey back free of charge. Surely you don't think it good business to sell this same butter fat for 35c, the present price of cream, when you can get 50c for it. You will not do it long, surely.

Anyone wanting to get further information is welcome to discuss the matter with our men at the plant or Mr. J. C. Tucker at the Cameron State Bank or any director of the Cameron Commercial Club which club has brought this factory to our community.

AMERICAN MILK PRODUCTS CO.

MISSIONARY SOCIETY

Mrs. R. H. Davis assisted by Miss

Mollie Moore and Mrs. Howard Baskin lead the lesson on missions at the regular meeting of the Methodist Missionary Society Monday afternoon at the church. There was a very good attendance. The ladies will meet next Monday in circles for a lesson in the Missionary Voice.

# CHARTING COURSES in Texas Growth

BENEATH, back of and interwoven into every constructive development in Texas is the expansion of electric power service. The careful charting of courses in electric power production and distribution literally opens the way for new courses of growth in every phase of Texas life.

Strong, aggressive and farsighted building of electric power facilities is vital to the economic welfare of Texas people.

The Texas Power & Light Company understands the significance of the responsibility which it bears to the people of the many Texas cities and towns which it serves. The ability of these cities and towns to grow industrially, commercially and socially as real metropolitan centers for their surrounding territories, depends in a large measure upon the character of the electric power service which this Company renders.

The Texas Power & Light Company was the first institution of its kind to sense the inseparable part which electric power was to play in the charted development of Texas. Not for a single instant has this Company wavered from its foundational ideal of rugged and dependable service. As a result of this inspiring constancy to a great program of dependable expansion the Texas cities and towns served by the Texas Power & Light Company not only have unexcelled electric service, but are recognized

as outstanding leaders in civic and community building.

The record of the performance and expansion of this Company over a period of sixteen years, together with the growth and development of the cities and towns which it serves is immutable evidence of the economic soundness of electric power production and distribution which it initiated in Texas. This Company produces electricity in large, centrally located generating stations and distributes it by means of high tension power lines to a large number of Texas cities and towns. This gives flexibility of operation which meets unusual demands for electric power quickly and without burdensome capital investments. It makes for greater dependability in that it brings to cities and towns served more than one source of power. It makes for economy of operation and brings to the small community the same high type of engineering skill and executive management that is usually found only in great cities.

So, the Texas Power & Light Company cherishes a great pride in the courses of sound and constructive development in the charting of which it has played such an inspiring and helpful part. Today finds this Company charting courses for the Texas of tomorrow, and to this magnificent task it brings a deep understanding of the needs, desires, ambitions and dreams of Texas people, and dedicates its diversified resources to their service.

TEXAS LET'S TALK TEXAS

TEXAS LET'S TALK TEXAS

IT IS INTERESTING to note that the greater American cities are supplied with electric power by privately owned and operated power and light companies. Experience over long periods of years has proven that private ownership makes for greater efficiencies and economies. These cities are capable of having the best of utility services, and their experience might well point the way for communities with the ambition to grow greatly.

**To the People:**

"This will be my last sale at the old stand. I have been here for many years, selling high grade merchandise. I have never announced a sale that did not mean great savings. I have on hand surplus goods in several lines. They are going to the people who have patronized me for years at great savings. I want to do something for you for you have been considerate of me. I can save you money now on Spring goods. You can help me reduce this stock and save yourself money. I am going to move in my new building soon. I do not want to move all these goods. They must go no matter what the sacrifice. Get your share at these savings."—Max Collins.

# REMOVAL SALE

Our  
Sales  
Are  
Always  
Great

You know what a Removal Sale means. It means savings that are much greater than any other sale will offer. I bought heavily before I started my new building. Now I don't want to move all these goods. So during the next ten days we are offering savings that are greater than any sale we have held in years, if not in our entire history. This sale is for you. I could make money by moving these goods for they are all new and fresh. But I don't want to move them. There are always goods that won't fit in well with the new shelves and too, we will have some new lines to stock when we move to our new building. I believe nothing has ever been offered to surpass these savings. Certainly they are great savings. You can make your dollars count big here now and just at the time you want your spring clothes, hats, hosiery, shirts, etc. We still have a few pair of shoes we are closing out. This opportunity may never come again. Certainly you should not miss this one. Come in today and pick out some of the good things we are selling at below cost.

### DISTRICT COURT

Judge Giles P. Lester Judge of the 74th District Court of Waco presided in the case of Milam County Hardware Company vs. Cameron State Bank this week on the account of Judge Watson being recused.

Judge Watson will leave Sunday for Lampasas to hold court. Judge Few Brewster of Belton will preside in the absence of Judge Watson.

### PROBATE COURT

John Slovacek was appointed temporary guardian of the estates of Victor Slovacek, Albina Slovacek, Johnny Slovacek, Amos Slovacek, Edwin Slovacek and Anna Slovacek, minors. R. S. Crowder, L. W. Raley and G. W. Follis were appointed appraisers.

The will of Mrs. F. E. Hale, deceased admitted to probate and C. H. Sherar was appointed independent executor without bond. C. R. Isaacs, W. C. Marrs and H. G. Perry were appointed appraisers.

The will of A. O. Williams, deceased admitted to probate. G. A. Williams was appointed independent executor without bond. C. Saller, Jones Clement and Norman Clement were appointed appraisers.

The will of Mary M. Kuykendall was admitted to probate and W. L. Kuykendall was appointed independent executor without bond. Charles A. Davis, Sam Clement and W. W. Clark were appointed appraisers.

The contest in the estate of the late J. J. Stigall and May Stigall was set for hearing on Wednesday, April 17th.

The final account was approved of J. C. Davis, guardian of the estate of Paul Arthur Jenness. The ward having arrived at legal age was placed in possession of estate.

### CLARKSON

We, the people of the community wish to express our sympathy for Mr. Louie Mitchell and family during the long illness and the recent bereavement of their dear wife and mother.

Some of us have lost fathers, brothers and sisters which has grieved us very much but the loss of a mother is the deepest grief there is. When you lose your mother you have lost the best friend you have.

Mrs. Mitchell passed away Thursday night at eleven o'clock and was laid to rest in the Little River Cemetery at Jones Prairie Friday afternoon, under a beautiful mound of flowers. She leaves behind her a husband and five children and other relatives and a throng of friends who loved her very dearly.

May God's richest blessings be upon her loved ones that will prepare to meet her in a better world some day.

Joe Brown, niece Eulah Brown and nephew, James Brown were callers at the J. H. Starnes home Saturday.

Lorenz Janicek was a caller of Cealey Lorenz Saturday night.

Pauline Starnes was the guest of Leola Garrett Thursday night.

Amos Svoboda was a caller of Fannie Otahal Saturday night.

Jim Hawk, Perry Strickler and wife, Ed Kinsey and wife of Maysfield were callers at the Herman Schwarting home Saturday night.

D. B. Douglas, son, Aubrey and daughter La Rue, Frank Douglas and wife accompanied Mrs. Frank Douglas mother, Mrs. J. B. Unterkicher to her home in Rosenberg, Sunday and wife there they will visit relatives in Houston.

Bill Kohring and wife were the guest of Amos Doskoel and wife Saturday night.

Lorene and Ganel Cox were at home with their parents over the week end. Mrs. Perry Strickler and Pauline Starnes were callers at the Herman Schwarting home Saturday afternoon.

The boys of the community have played several baseball games with Jones Prairie and Briary this week and being defeated only in one game.

Mrs. Herman Schwarting, daughter, Katherine and Mrs. Howard Schwarting were callers of Mrs. Ed McAtee of Burlington Thursday afternoon.

Helen Jennings was the guest of La Rue Douglas Monday night.

Alyne Anderson of Cameron was

the guest of Helen Jennings Wednesday and Wednesday night.

Hazel and Frank Jr., Douglas were callers of Estell and Kenneth Campbell Sunday afternoon.

Perry Strickler and wife motored to Marlin Thursday to visit in the home of Mr. Strickler's brother, Ben Striegler.

Barrett Johnson of Jones Prairie was Wednesday dinner guest of Mrs. Herman Schwarting and family.

R. W. Edward was the guest at the D. B. Douglas home Saturday night and Sunday.

Buck Bell and family were visiting out of the community Sunday.

Grady Dupree and wife and charming little daughter, Margaret and niece Mable Smith of Reeds Lake were the six o'clock dinner guest of Mrs. Herman Schwarting and family Wednesday.

## Miss Mary McDermott Wins Second Place In Typing Contest

Miss Mary McDermott, student at Yoe High School, won second place in the district typewriting tournament held at Four C Business College at Waco last Saturday. Miss McDermott averaged 44 words per minute. First place was won by Miss Mildred Cain of Waco, who averaged 59 words.

Participants from Cameron, Marlin, Waco and Bryan entered the contest. Cameron sent a team of four, Misses Mary McDermott, Euline Slaughter, Frances Sharpe and Evelyn Grubbs. Miss Fannye Lou Davis, commercial teacher at Yoe High school, accompanied them to Waco. Waco's team made the highest average and Bryan

was second. Underwood typewriters were used by the contestants. Miss McDermott will represent Yoe High school at the state tournament to be held at Austin on April 26. Only winners of first and second places in the districts are eligible to enter the state contest.

## AIRSHIPS BY GOODYEAR IS PROGRESSIVE PROGRAM

BUILDING GREAT CRAFT FOR  
UNITED STATES NAVY  
DEALER SHOWS

"The tremendous airships which the Goodyear Zeppelin Corporation, a subsidiary of the Goodyear Tire and Rubber Company, has under way is attracting world-wide attention," declared Hubert Hefley, local Goodyear tire dealer.

"Goodyear will build two airships, to be the biggest ever assembled, for the United States Navy. Each ship will be of 6,500,000 cubic feet of gas capacity, nearly three times the size of the present Navy Ship, Los Angeles.

"Work is progressing simultaneously at Akron, where the huge facilities of factories, equipment and man-power of the Goodyear organization are located, on the airship factory and dock and the first of the airships.

"Work on one unit of the factory is expected to be completed this summer when assembly work on the first air Leviathan can be started. Mr. Hefley pointed out that a rigid ship such as the Navy craft can be built part by part, because the big ship will not be one integral gas bag such as the non-rigid blimps are, but consists of a series of great gas cells, fitted into duraluminum compartments, so that in case of an accident to three or four gas cells the ship will still fly.

"Engineering students are watching with interest the construction work of the huge factory and dock.

"It will be, engineers declare, the biggest building in the world without interior supports, 1200 feet long, 325 feet wide and 200 feet high, having eight and one-half acres of level floor space.

"Shaped like a great hollow half-egg shell, the building will be big enough to clap down over the National Capital at Washington and would afford enough space that 14 games of football could be played inside at the same time. The peculiar shape is necessary to prevent wind gusts forming about the entrance, thus preventing danger wind disturbances as the Zeppelin enters and leaves the dock.

"The entire building will be mounted on rollers instead of a fixed base, this to allow the entire mammoth structure to "stretch" and contract—because the building is entirely of steel, both frame and roofing, and will gradually change its dimensions as temperatures vary.

"Doors of the building, to be placed at each end, will not be the usual straight doors but will conform to the general plan of the building and will resemble in shape that of a quarter of an orange; thus their designation as "orange-peel" doors. They will be opened and closed by electricity, four 125-horsepower motors furnishing the necessary current, and will be carried upon heavy trucks, resembling those used on railroad freight cars.

"Provision for moving the huge air liner in and out of the dock is to be made by docking rails which will run through the building and far out into the field, and upon which small trucks will ride. The ship will be anchored to these as it moves in and out, further steadying it against cross hanger winds and reducing the number of the ground crew which otherwise would be required.

"A tunnel has been built under the floor of the building carrying the various service lines and pipes for fuel, water ballast and electric power, with connections made by holes in the floor. The steel arches overhead provide numerous catwalks for workmen and trolley beams for the handling of materials in building the airships."

Mr. Hefley declared that the Goodyear Company is now pioneering in the airship field just as the company led the way in the automotive field, developing many of the improvements in tires which have been adopted by the industry generally. These improvements have impressed the motoring public to the extent that more automobile and truck operators use Goodyear tires than any other kind, he pointed out.

"Goodyear is also supplying many needs of airplane manufacturers and operators, including airplane tires and tubes and also makes, in their Akron factory, the following aeronautical goods:

"Rubber compression disks, breathers bags for the conservation of gasoline and vapors, gas containers, salvage covers, airship valves—all types, aircraft, gasoline and radiator hoses; observation balloons, free balloons, non-rigid, semi-rigid and rigid type airships."

### "Chicken" Rich Taken By Deputy Guy Pope

Deputy Guy Pope returned from Ft. Worth last Friday accompanied by "Chicken" Rich, who was arrested in Fort Worth on information furnished here. He is charged with the theft of chickens and has served a sentence. According to Mr. Pope the man arrested gathered fowls on the way out of town and headed for the market in Fort Worth.

## MAYSFIELD

Rev. R. L. Nicholson, accompanied by Rev. Mosley, (son-in-law of Mrs. E. G. Newton), left Tuesday for Clifton, Texas, where they will attend the Central Texas Presbytery.

Rev. J. L. Red, accompanied by his daughter, Miss Nell Red, left Monday morning for North Zulch, where he will hold a two weeks revival service.

Mesdames R. L. Nicholson and daughter, Ruby, Moore and daughter, Miss Nellie, visited Mrs. Gray Phipps Sunday afternoon.

Miss Bertha Floyd spent Tuesday night with Miss Ada Lee Massengale.

Mrs. John Thweatt spent Thursday afternoon with Mrs. Roy Newton.

The patrons of the Maysfield school met recently and elected new trustees. The present trustees are Messrs. John Thweatt, Floyd and Floyd Phipps.

Miss Oleta Elliott was visiting in Maysfield community Sunday.

Little Misses Leota Floyd, Opal Weems, Floy Phipps and Clara Phipps visited Miss Evelyn Waits Wednesday afternoon.

Mrs. V. L. White, Mrs. Thweatt, Mr. and Mrs. Linam visited in the Cooper home Saturday afternoon. Mrs. Cooper continues in about the same condition.

Rev. C. C. Hill preached at Post Oak Baptist church Sunday afternoon.

Mrs. V. L. White and mother, Mrs. Hildreth, visited Mrs. J. S. Barmore Sunday afternoon.

Miss Mary White visited Miss Eula Cooper, Saturday night and both attended preaching services at Branchville that evening.

Mr. and Mrs. Frank Harbour of Ball Prairie visited relatives here this week end.

Seth Cooper went to Temple for treatment Monday.

Mr. and Mrs. Andrew Wethers visited his father this week end.

Mr. and Mrs. George Collier of the Belmena community are the proud

parents of a baby boy, born April 14, 1929.

Mr. and Mrs. Paul Porter visited in the Cooper home Saturday night.

Miss Bernice Baylor spent Monday night with Misses Mildred and Grace Thweatt.

Mrs. C. C. Baylor and daughter, Miss Bernice, and Mrs. John Thweatt and baby, Betty Jo, were Cameron visitors Monday.

Miss Ada Lee Massengale was in Cameron Monday.

### Cameron Students Star In Meeting At Waco

The following students from Yoe high attended the district meet in Waco on Saturday: Matt Hitchcock, Red Baskin, 'Smiles' Moran, Conrad Edmonds, Jack Walker, Johnnie Mangum, Dort Emily Moore and Stanfield Stach.

Red Baskin tied for first place in high jump. Jack Walker placed third in the 100 yard dash. The Cameron team won fourth in the relay. 'Smiles' Moran won third in the mile.

Patricia McGregor won first place in Junior Girls' declamation. Mary McDermott won second place in typing and will represent Cameron at the state meet at Austin. Cameron typing team won third place.

Miss Dora Emily Moore won third place in Latin essay contest.

### METHODIST CHURCH

We still need fifty who were not at Sunday school last Sunday to put us beyond the 300 mark in attendance. Come on, Fifty.

The Leagues are doing well. The Hi's surely did sing well last Sunday night. We will have them again soon.

The pastor will preach at eleven o'clock next Sunday.

The Young Men's Bible Class will have charge of the night service at 7:30. The house ought to be full to hear their program.

### MISSIONARY SOCIETY

The Methodist W. M. S. met in circles Monday afternoon at 3:30 o'clock for a Voice program. Circle one met with Mrs. Arthur Baskin, who also led the lesson. There were 5 members present. Circle 2 met with Mrs. C. E. Gaston with 11 members present.

Mrs. R. B. Rylander was leader of the program. A "hit and miss" luncheon was enjoyed after the program. Circle three met with Mrs. Bob Terry and Mrs. Pope Sapp was leader. There were 8 members present. Circle four had no meeting.

The ladies will meet at the church next Monday for Bible study.

### PRESBYTERIAN AUXILIARY

Members of the Presbyterian Auxiliary met at the church Monday afternoon for Bible study with Mrs. Ben Atkinson leading the lesson on the book of Luke. This was followed by a short business session presided over by the president, Mrs. John Green.

### BIRTHDAY PARTY

Mrs. S. E. Pitts was hostess to a birthday party on Friday evening, April 13, honoring her son and daughter, Roscoe and Bessie Pitts.

Roses and ferns were attractively used in decorations for the reception rooms in which the party assembled. Party hours were from 8 to 11 p. m. Twenty young friends of the honorees were entertained with merry games under the direction of the hostess and a delightful time was spent. Refreshments in the form of fruit

punch, cake, and eskimo pies were served during the course of the evening.

Roscoe and Bessie were the recipients of numerous useful gifts in honor of the occasion.

### LADIES AID

Ladies of the Christian church met Monday afternoon at the church for Bible study. Mrs. Raymond Beard led the lesson, which was taken from the book of Ruth.

### Mrs. Frank Daniels Visits Friends Here

Former friends of Mrs. Frank Daniels of Kansas City, Mo., were invited to renew acquaintances with her at the home of Mrs. George A. Thomas Saturday afternoon. Reminiscences were the order of the day and the pleasant conversation was interspersed with vocal selections by Miss Inez Evans and readings by John S. Burns.

Mrs. Thomas, assisted by Miss Clara Thomas, served her guests with brick ice cream and cake.

Mrs. Tom Evans who has been visiting Mrs. Allen Varner has returned to her home in Houston.

## BUSINESS WOMEN IN SESSION TUESDAY

NAME DELEGATES TO STATE  
MEETING IN TEMPLE  
MAY 11 AND 12

An interesting meeting was held by the Business and Professional Women last Tuesday evening in the reception rooms of the Fidelity Abstract office.

In the absence of the president, Mrs. Meta McCown, Mrs. Bessie Louise Hefley, Vice-president. Reports were made by committees as follows: Student Loan, by Miss Annie Stallworth. Chairmen of the following committees made favorable reports: Membership, Finance, Public Relations, Personal Research, Program and Publicity.

Election of delegates to attend the State Meet of the B. & P. W. Club to be held in Temple, May 11th 12th and 13th was voted on. The club is eligible to four delegates who were elected as follows: Mrs. Meta McCown, president, Miss Delphya Scott, publicity chairman, Miss Rose Rischar, past president and Mrs. Lottie Bigbee. Alternates, Miss Willyne Hyde, Miss Mary Lake Henderson, Miss Minnie Bartholmew, Miss Jennie Shirley, Miss Annie Stallworth, State Treasurer will be seated in the meeting.

Miss Lena Madesin Phillips of New York City, National President of the Federation, will be guest at the meeting. Miss Daisy Leake, state president of Temple, is planning one of the best state meetings the club has ever had.

Mrs. Floy McLane Shaw, a former Cameron girl, has been appointed by Miss Leake to serve as one of the special hostesses to the Cameron club. Business headquarters will be at the Kyle Hotel, while luncheons and the banquet will be served at the Doering Hotel.

In lieu of the expense of paying the way, delegates while attending the meetings, the club voted to reserve a suite of rooms at one of the above named hotels, where all members attending the meetings from Cameron may have a meeting place.

Acting president placed before the club letters from "The Daniel Guggenheim Fund for the promotion of Aeronautics, Inc., of New York" for the purpose of identifying towns by means of placing roof markings on some tall building, the name of the town with arrow head directing "North" to assist aerial navigation. Letters of name must be not less than six feet high, with space one-fourth the height of letters and width two-thirds the height of letter, on a dark background; letters in chrome yellow, as its visibility is slightly greater than any other color. Harry P. Guggenheim is president of the promotion fund, with notable members of the fund, among them appears the names of Charles A. Lindberg, Dwight W. Morrow, Elihu Root, Jr., John D. Ryan and Orville Wright. The club voted to look into the matter to the end that Cameron may be among the progressive towns.

The club has been invited to co-operate with the Cameron Chamber of Commerce in helping select a Princess to represent Cameron at the East Texas Chamber of Commerce to be held in Bryan May 5, 6 and 7.

The club voted for all members to save up old papers and magazines and sell them by the car load.

The club will hold call meetings at different times during the rest of this month and May, prior to the State meeting in Temple, to practice pep songs, stunts, etc.

The club was delighted to have with them as guest Miss Bess DuBois for the evening.

Chairman, Mrs. L. Bigbee, of the refreshment committee and helpers, served three varieties of sandwiches with ice tea and mints.

## Reception At Country Club For Visiting Church Delegates

The Presbyterian Auxiliary's courtesy to visiting delegates to the Central Texas Presbyterian last week was in the form of a reception at the Country Club Thursday afternoon. The reception followed a drive over the city.

Decorations were in white and green and were carried out with spiraea, dogwood blossoms and roses. The fol-

lowing enjoyable program was given by members of the Christian Endeavor:

Piano duet, Lois and Ruby Robbins.  
Readings, Bobby Lyons.  
Piano solo, Gladys Davis.  
One-act playlet, Dorothy Lesovsky.  
Kenneth Rogers, Herbert Freeman, Ben Atkinson, Jr.  
Pianologue, Sue Ella Tystn.  
Vocal solo, Florence Atkinson.  
The ladies of the auxiliary served a delicious salad plate.

## Symphony Club Is Guest of Beth Jeter

In the absence of the president, Mrs. Claude Bradbury, Mrs. Henry Sapp acted as chairman at the regular meeting of the Symphony Club Wednesday afternoon with Miss Beth Jeter as hostess. The opera studied was "Madame Butterfly" by Puccini.

Miss Sallie Kate McLane gave a sketch of the life of Puccini and Mrs. W. R. Hoover told the story of the opera. The musical part of the program was in the form of operatic records, including selections from "Madame Butterfly."

Miss Jeter, assisted by Mrs. W. O. Newton, served a salad course and fruit punch.

## STATE OF TEXAS

The State of Texas,  
To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam State of Texas, and you shall cause said notice to be printed at least once each week for the period of twenty

days exclusive of the first day of publication before the return day hereof:  
Notice of Filing Account—  
Estate of Decedents

The State of Texas,  
To all persons interested in the Estate of Raymond Ercanbrack, deceased, J. E. Cook, administrator, has filed in the County Court of Milam County, his final account of said Estate which will be heard at the next Term of said Court, commencing the first Monday in June, A. D. 1929, same being the 3rd day of June, A. D. 1929 at the Court House thereof, in the town of Cameron, Texas at which time all persons interested in said Estate may appear and contest said account, should they see proper to do so.

Herein fail not, but have you then and there before said Court this Writ, with your return thereon endorsed, showing how you have executed the same,  
Given under my hand and the seal

of said Court, at Cameron, Texas, April 6th, A. D. 1929.

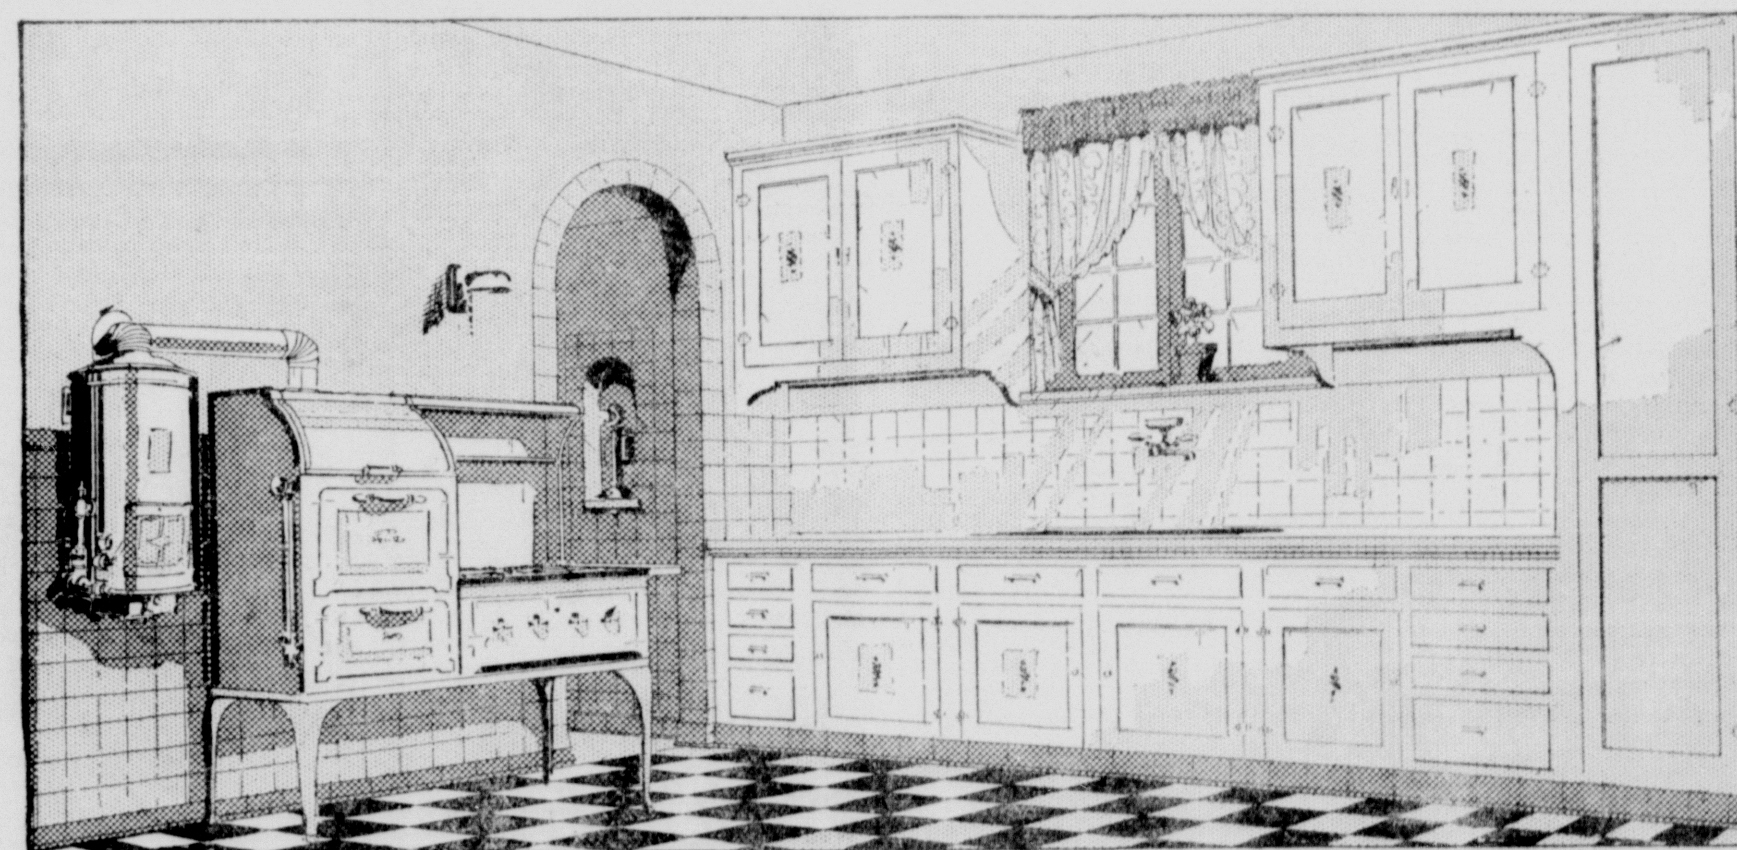

Homer Nabors, Clerk,  
Co., Court, Milam Co., Texas.  
52-3tc Meta McCown, Deputy.

## Milam County Boys To Citizens Camp

The names of two more Milam county boys have been added to the list of men who will take training at the Citizens Military Training Camp at Fort Sam Houston. They are Woodrow W. Roark of Thorndale and S. J. Wohlleb of Cameron.

All young men who desire this training should enroll at once or see J. B. White, chairman for Milam county. This camp offers splendid opportunity for recreation and military training.

# Kitchen "Styles" have changed too!

THIS advertisement might easily be "A Story Without Words," as the pictures really tell the story—and what a story! The modern woman simply would not "fit" the old-fashioned kitchen, any more than the old style kitchen with its many IN-conveniences would fit the modern woman! Kitchen styles have indeed changed. And greatest of these changes has been the change to GAS instead of wood and coal—gas for cooking in cool, clean, comfort—gas for heating water automatically for a dozen needs! Other modern utilities and conveniences have helped free the modern woman for an easier, healthier, happier, fuller life—but leave out GAS and woman would still be in the dark ages of kitchen slavery! It is the privilege of Lone Star Gas Company to aid the modern woman by furnishing natural gas—the modern fuel—to more than 200,000 homes in over 200 communities.

## COMMUNITY SPIRIT

After all, the desire for happiness in this world is the primary object in life of the average man. To attain this condition of happiness man makes the world a better place to live in or to obtain his happiness in, and unless humanity as a whole works together in improving the world the individual members of society fail to find happiness in life. The community is the world in miniature so, like the world, it depends upon the cooperation of all its citizens to make it a better and happier residence for the individual.

There is nothing in the way of community improvement that cannot be accomplished by a proper application of community spirit. Community spirit is merely the uniting and prodding into activity of the desire of individual citizens for a better city.

Petty differences of opinion, prejudices, selfish interests and other barriers to a united community must be overcome by individual citizens before the community can prosper much. It is only when every citizen becomes proud of the home town and puts his shoulder to the wheel of community improvement that the hopes and ambitions for the future of the city take substantial form. By working together for community betterment the people work for the advancement of their individual selves.

## THE TOUCH OF NATURE

One touch of nature makes the whole world kin—and one touch of discomfort or mishap makes the whole crowd jovial and friendly. The psychology is the same in both instances. When responsive chords are touched they vibrate in unison. The touch of nature as a kinship maker is well established, and the effectiveness of discomfort as a maker of jovial friendship can be observed at almost any time and place.

A sudden downpour that sends the crowds scurrying to cover makes for pleasant exchanges that would not be thought of by the same individuals under ordinary conditions. A jam in a street car in the city breaks down barriers that formality would raise. A mishap routs austere staidness and cold aloofness and brings onlookers together in common interest.

In such breakdown of barriers, the sense of humor asserts itself. Men and women laugh with each other at their discomfort. This is a saving grace to a saving response to discomfort, that cynics might hold would logically lead in the other direction.

## FOOD FOR PESSIMISTS

Actual count must show that the number of lemon squeezers and squeezers of sweet damels is only exceeded by the number of those whose sour lives are consecrated to squeezing the joy out of life.

Now the piping hot cup that cheers but violates neither commandment nor amendment is under fire. A physiologist warns the past warning and over-warned public that hot coffee, tea, sour or other liquids are injurious to the stomach. Verily, Schopenhauer would have been prophetic if man surrendered his steaming soup on a cold day, his hot cup of coffee at breakfast and his tea or coffee at dinner. What a lukewarm existence this is becoming with the physiologists blowing both hot and cold, condemning iced drinks in summer and hot ones in winter.

Formerly one of the advantages of growing up was that there would be nobody to tell you that which tasted good wasn't good for you and that which wasn't good to the taste was good for you. Now doctors and professors are robbing adulthood of even this blessing.

## THE COUNTRY IN SPRING

A jaunt into the country at this season is well worth while. What is more restful to eye-weary city dwellers than to gaze upon the rural scenes round about Cameron?

There are the cows standing in the flowing brook, if they are not eating the tender grass. The leaves are covering the trees with their pretty foliage. The ground is fairly teeming with life. Everywhere one turns a scene that is good for the soul meets

one's gaze, everywhere one turns a scene is pictured that is good for "sore eyes"—the eyes that are tired and are seeking rest and need just such a change.

Try a trip to the country in the springtime.

Loaning money improves the memory.

The best thing about most things is that they do not matter.

It is easy to think of something to say after it is too late to say it.

Why should we think of posterity? It probably wouldn't think much of us.

A great many future convicts are trying to make a living without working now.

Judging from the divorce news, about the worst thing one can put on a love letter is stamps.

There would be no house shortage if an owner could brag about what a house does when he steps on 'er.

It may be that brass makes the best bearings, but the bearing of some men indicates too much brass.

The weather forecaster has lots of competition.

Neighbors judge a new family by the furniture that goes in.

Trying to keep up with the neighbors is a fine way to get behind.

Luxuries are still so high we have to go without some necessities.

## BELIEVE IT OR NOT

### U. S. Has 425 City Airports

The department of commerce in a recent report reveals that the close of the last year there were 425 municipal airports, 415 private and commercial, 304 intermediate, 63 army including national guard and reserve; 17 navy including marine corps, 340 marked auxiliary fields and 942 proposed airports.

Coins dating from 700 B. C. have been recently unearthed.

### itching Record

The modern pitching record is held by Jack Chesbro, who worked in 55 games for the Yankees in 1904, winning 41 and losing 12.

A small, flat lump of coal, taken from the heart of a much larger lump and bearing clearly defined figures, has been found at Francis Station by Jack May of Mexico, the Intelligencer says. Two rows of figures 8 and 3 can be seen across the face of the coal.

If we dig down into the earth to a depth of about 25,000 feet we find a temperature of 200 degrees.

Less sole leather is produced annually in Africa than in any other continent and in 1927 the total production amounted to only 17,600,000 pounds.

Merrick, R. I.—It required fifteen pallbearers, one of the largest caskets ever made and a grave more than 4 feet wide today, to bury Mrs. Ada Smith, 42, who died at her home here Saturday, weighing 555 pounds.

Someone said once that half the world doesn't know how the other half lives. It may be true, but our observation is that the half of it tries hard enough to find out how the other half lives.

The average man may develop around one-tenth of a horsepower continuously while a good husky chap may momentarily develop a full horse power.

Unthinking scribes have condemned in unmeasured terms the persistent insurance agent. We desire however rally such support as we may have to the defense of the insurance agent. The insurance agent takes his pride and his life in his hands and seeks by all his powers of salesmanship and

persuasion to induce his fellows to do the thing that ostensibly they should do, provide an estate for themselves or in the case of their previous demise for their families.

## Far In Frona

The greatest margin by which any major league club has won a pennant is twenty-seven and a half games. This mark was set by Pittsburgh in 1902 over the second place Brooklyn team.

Every year 65,000 girls disappear in the United States and no tract is found of them, according to Mrs. Mary E. Hamilton, the first policewoman of New York.

The number of working women competing with men for good paying jobs has increased approximately 1-273,739 in ten years and the total has now reached the astounding figure of 8,549,511.

## A Sensible Suggestion

Father (getting the strap ready): "This is going to hurt me more than it does you."

Johnny: "Well, dad, as you've done nothing wrong why not let yourself off?"

In one London church women and girls are now permitted to remove their hats during service if they wish to do so.

## Chinese Angel

The three months tour of the Chinese students basketball team in this country is being financed by C. C. Lim, Manila millionaire. It will cost him about \$40,000.

## Fast Shooting

London—A new, self loading rifle, recently sanctioned by the British government is capable of firing 35 rounds a minute. It won a prize of \$15,000.

Things are not as bad as they seem. While only 368 were killed by gun and bomb in Chicago last year, 1600 were killed by motor car.

There were no signals in the early days of railways. When drivers of trains met on a single track line they had to argue it out. Later, a post was erected midway between stations so that "he who passed the pillar must go on, and the other go back."

## Explained

Professor: "Is Mr. Ouderkerk at home?"

Maid: "No, he is out."

Professor: But I saw him at the window."

Maid: "That was only his shadow."

Professor: "Of course, how absent-minded I am."

## GAUSE

Miss Eloise Thompson who has been teaching school in Hix the past winter has returned to her home here to spend the summer.

L. S. Cunningham was called to Temple Saturday on account of the serious illness of his sister, Mrs. Boyd.

Mrs. Fanny Fridge of Fort Worth is the guest of her sister, Mrs. J. T. Tidwell.

Brother Kendall held services at the Baptist church Sunday morning. Sunday night the ladies aid gave a fine missionary program. Brother Kendall was accompanied by Mrs. Kendall.

Miss Hazel Varner and Miss Linnie Mae Christian of Huntsville visited relatives in Gause for the week end.

The Epworth League met at the Methodist church Sunday night at 7 o'clock. A yard stick meeting was given by members of the League.

Mrs. Paul H. Brown of Karnes City with her two little sons, Ralston and Paul are on a visit to her parents, Mr. and Mrs. J. M. Ralston.

Mr. and Mrs. W. P. Mangum and daughter, Elizabeth Mangum and Mrs. W. T. Mowdy visited in Waco Saturday.

R. T. Littleton was in Cameron one day last week.

Mr. Lumas has been in Waco and Dallas on business the past week.

Mrs. G. R. Varner took her school pupils to Wayside Inn Friday afternoon, April 12, for a picnic.

Mr. and Mrs. T. C. Wilson were in Cameron Monday.

Mrs. L. J. Bowling has been visiting relatives near Luling.

The Woman's Missionary Society met Monday afternoon for a study course.

The Ladies Aid met Monday afternoon at the Baptist church.

Miss Roberta Holden spent the week end with her parents in Franklin.

Mr. and Mrs. Webb and Mrs. Hardcastle were in Cameron Monday.

## Resolution of Respect

### To the Officers and Members of Milam County Bar Association:

Our friend and brother, Judge Ed F. English, after a long and useful life covering over half of our national history, died peacefully at his home in Cameron on the 31st day of March, 1929.

He was born in Mississippi and spent his young manhood in Arkansas, from which state he went forth as a soldier in the armies of the Confederacy to battle bravely for States Rights and Southern Independence.

Soon after the Civil War he removed to Texas, settling in Milam County where he lived the remainder of his life.

He was a gentleman of the old South, chivalrous, charitable and faithful to friend, to country and to God.

After coming to Milam County, he engaged in farming and a few years later was elected Justice of the Peace and County Commissioner. After rendering notable service in these positions, he was elected to the Legislature from the District composed of Milam and Williamson counties, where he earned the reputation of being an able member. He was then admitted to the Bar and practiced his profession successfully and for many years filled the office of Justice of the Peace of Cameron Precinct with much ability. Also during the memorable administration of President Woodrow Wilson, Judge English filled the position of postmaster of Cameron with credit to himself and to the service.

This is a brief epitome of his long and useful life and as a testimonial of respect, we report for adoption the following:

WHEREAS, in the passing of Judge English, we have suffered a deep and lasting loss, and

WHEREAS, we desire to commemorate his life and service.

THEREFORE, BE IT RESOLVED: That Milam County Bar Association feels deeply the loss it has sustained in the death of Judge English, and

BE IT FURTHER RESOLVED: That we commend his life of unselfish service as a citizen and as a lawyer and as an officer, to the members of our profession and to the public generally for their emulation and as worthy of their gratitude, and

BE IT FURTHER RESOLVED: That we convey to the family of Judge English assurances of our sincere sympathy with them in this time of grief and sorrow, and

THEREFORE, BE IT FURTHER RESOLVED: That this Resolution be spread upon our minutes; that a copy be published in our local papers, and that a copy be furnished the family of our friend and brother.

Respectfully submitted,  
E. A. WALLACE  
T. S. HENDERSON  
W. G. GILLIS, Committee.

## GIBS AND JIBS

### A Bargain

"And what are the charges?" asked the bridegroom of the justice of the peace who had just performed the ceremony.

"Why, the state allows me \$2.00." "Well then, here's 50 cents. That'll make you \$2.50."

### Give Him One

"It says here a psychologist declares there is no pain," remarked Mr. Grouch.

"Huh. He ought to try living with you for awhile," snapped the Missus.

First Pro.: "It's strange how many college students are now committing suicide. They all seem to shoot themselves in the chest."

Second Pro.: "That's all that's necessary. They're all dead from the neck up."

## TORTURING PAINS

**Ceredo Lady Tells How She Was Unable To Find Anything To Relieve Them Until She Took Cardui.**

Ceredo, W. Va.—In telling how she was benefited by taking Cardui, Mrs. Perle Yelkey, of this place, says: "At one time, I had a very serious spell which left me weak. At times, I would suffer such intense pains across my back and in my side that I could hardly stand it."

"I endured this over and over again. Every time the pains were worse than before."

"I was in despair because nothing helped me. I tried several remedies, but I continued to suffer."

"One day, I read about Cardui. Other women told how they had gotten strong and well after taking it. I have often been thankful for that day, for after I had taken Cardui for awhile, I felt like a different human being."

"It did not seem possible, but I did not suffer the old, torturing pains, and I really felt well. I can heartily recommend Cardui, for I know how much I improved after I took it. Since then, I have taken it several times when I have needed a tonic, and I have always been benefited. It is a wonderful help."

All good druggists sell Cardui. Try it for your troubles. NC-196

**Take CARDUI**

"Why would a college man kill himself?"

"Oh, lots of reasons. Women and wine among other things."

"And if he had none of these?"

"Still more reason why he should."

Mistress: "Have you given the gold fish fresh water?"

Maid: "No ma'am, they ain't finished the water I gave them yesterday."

## The Tonic

Doctor: "Your husband will never be able to work again."

Missus: "I'll go and tell him. It will cheer him up."

"He was a man who indeed suffered much," says a country paper, in a short obituary notice, "he had been a subscriber to this paper since its first number."

## High Finance

"When you make two one, what do you get?" the parson was asked.

"Usually five, but sometimes ten, and now and then just one," he replied.

## Wanted To Know

Late one night the landlord of some flats was called up by a tenant who inquired: "Can a landlord interfere when a woman on the third floor quarrels with her husband and disturbs the neighbors at night?"

"You are one of the neighbors?" the landlord asked.

"No, I'm the husband."

"You're so dumb I wouldn't call you a ham."

"Why not?"

"A ham can be cured."

Mother: "In my day we never thought of doing such things."

Flapper: "Well, don't you wish you had?"

"Here, my friend is ten dollars. And don't forget that Goofus is the man to vote for."

"Thanks all the same sir, but I'm an honest man and I wouldn't deceive you. I have already sold my vote to Mr. Fooley."

## What Every Preacher Knows

"Daddy," said the preacher's small son, "why are they called lay members?"

"Because they are always laying down on the job," sighed his dad.

That fellow who came over here from England to study and criticize our architecture says the only distinctive thing is our skyscrapers. He overlooked filling stations, barbecue and hamburger stands.

## Mistaken Signal

Druggist: "Say doc, can you fix this twitching eye of mine?"

Doctor: "It is troubling you much?"

Druggist: "Well, yes, in a way. You see every time I wait on a man and he sees that twitch he says, 'Don't care if I do.'"

Fine assorted chocolates one pound box 35c at Schillers Drug Store.

Mrs. Lizzie Burns visited relatives in Hearne last week end.

The Methodist Missionary Society will have a zone meeting at Rockdale at 2:30 o'clock Friday afternoon. Cameron ladies are urged to attend.

Bob McLane spent Sunday in Austin visiting his father.

## JONES PRAIRIE

By MRS. R. K. FONTAINE

Last week the news failed to be in the paper on account of the Creek being high. Last week's and this week's news combined.

Miss Eloise Boswell spent last week end in Waco with her parents.

Bailey Jones returned home Monday from Houston where he spent the week end.

Mrs. Alma McKinny has returned home from her school which was out last week.

Miss Bill Fontaine spent last week end in Calvert with Mrs. A. K. Tyson.

Miss Connie Mae Hickman spent the first of last week with Miss Frances Looney of Ben Arnold, spent the latter part at the Lloyd Patterson home; a party was given for Connie Mae while she stayed in Milano.

Mr. and Mrs. Grady Stidham of Cameron spent Sunday at the T. B. Stidham home.

Mr. and Mrs. Rodney Fontaine and son were Sunday dinner guests at the Dr. W. J. Fontaine home.

Mr. and Mrs. Alfred Wall and daughter were in the community Saturday.

Hope Jamison not only surprised his friends and relatives here but elsewhere when he came home Saturday night from Gulf with his bride. They were married Friday night at Gulf. Hope is the oldest son of Mr. and Mrs. J. A. Jamison of this community. The bride and groom left Sunday night for Gulf after spending the week end here. The community extends much happiness to both.

A backward party was enjoyed by the members of the Sneed's Chapel and String Prairie Leagues Monday night at the J. P. Fontaine home and a large crowd enjoyed many games and contests. At a late hour they all departed for their homes stating they had enjoyed the evening.

"Mary's Castles in the Air," is a play which is being worked on at this

time by five men and six women of the Little River church. The proceeds of the play will go toward building the new Sunday school rooms which is being worked for. The play will be put on in two or three weeks. Watch the paper for the date.

Rev. Dobson preached at Little River Sunday.

The revival meeting of Little River will begin July 10th which was announced Sunday morning at church.

Mr. and Mrs. Carl Black and son spent Sunday in Marlin.

Mrs. Mary Harrell spent Monday night at the Dr. W. J. Fontaine home.

Mary E. Jones and Ruth Brand spent Tuesday night with Lois Brown.

C. C. Black was a business caller in Cameron Tuesday.

Mrs. George Roden is reported ill this week.

D. Massengale, J. P. Fontaine and Dr. W. J. Fontaine were callers in Ben Arnold Tuesday.

Miss Gracie Roden was brought home from the Cameron hospital last week end.

A clown party will be given at the home of Dr. W. J. Fontaine Friday night for the Epworth Leagues of String Prairie and Jones Prairie.

Archie McLerran and T. B. Stidham attended a banquet at the Auditorium Hotel in Cameron Friday night.

Orvil Canady and family of Clarkson spent Sunday in the community.

String Prairie school will close this week.

Jim Fontaine and family spent Sunday at the Russell home.

Mrs. George Pond is a guest in the Jack Pond home at this time.

Mrs. Mary Harrell is visiting at the Sam Harrell home at this writing.

Sneed's Chapel League members gave a very interesting program Sunday night.

CAMERON, TEXAS

## OSCAR F. HOLCOMBE GOVERNOR CANDIDATE

HOUSTON MAYOR WILL ASK THE PEOPLE OF TEXAS TO ELECT HIM TO HIGHEST OFFICE

Houston, April 16.—Following the completion of his fourth term as Mayor of Houston Oscar F. Holcombe today announced his candidacy for the Democratic nomination for Governor of Texas. The announcement came just after Mayor Holcombe had finished administering the oath of office to his successor, Judge Walter Monteth.

He announced he would conduct an intensive campaign, starting at a later date, and lasting until the primaries in July, 1930. His campaign will carry him into every county of the State, he said.

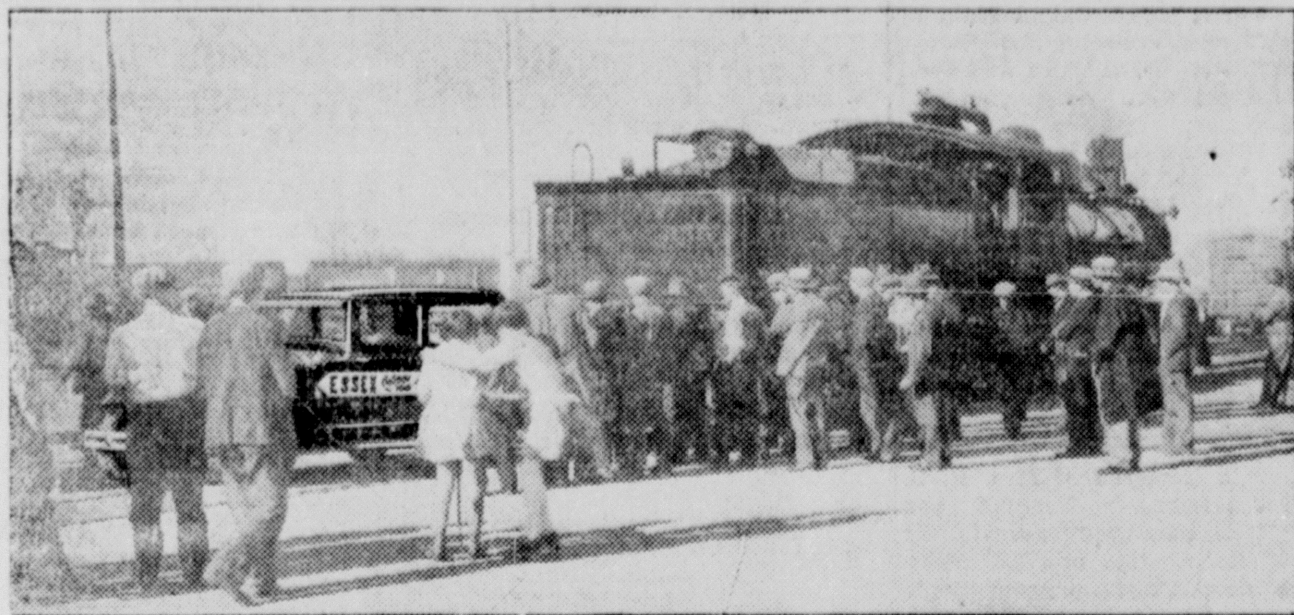

The eight years of Mayor Holcombe's services as chief executive of the city of Houston have been marked by the city's greatest municipal expansion. The city's population in that time has doubled. More streets, sewers and public buildings have been constructed than in all the previous history of the city. A great park system has been developed, and the city placed on the very highest business basis.

"On my record of eight years as Mayor of the metropolis of South Texas I will ask the people of Texas to elect me Governor of this great State," said Mayor Holcombe in his announcement. "I believe the people of Texas want the same constructive policies applied to the State government which my administration has applied to the growth and development of Houston. It is my belief that the entire State of Texas is on the threshold of its greatest era of expansion and development. All the State now needs to avail itself of the great opportunities before it is an alert chief executive, backed up by a strong legislature. I believe that I could work in harmony with the legislature and secure the co-operation of the law making body in carrying out a great program of constructive enterprises. I will, of course, at the proper time outline my views in regard to the many problems awaiting solution. I have been a resident of Texas ever since I was three years of age, and believe I have a fairly clear insight into the problems which affect every section of Texas. I shall deal with these problems in a practical and business like way and divorce them from political bickerings and animosities as much as is possible. I shall not make a campaign upon the demerits or shortcomings of any other candidate but shall base my campaign entirely upon my record in public office and the constructive views I shall present to the people."

Mayor Holcombe is now 40 years of age. Eight years ago, when for the first time he was chosen Mayor of Houston, he was the youngest chief executive the city had ever had. Three times since he has been a comparatively easy victor in races for Mayor. Although a young man the new gubernatorial candidate has had a varied and colorful life. He was born in Alabama and came to Texas with his father and mother when he was three years old, the family settling in San Antonio. He was eight years of age when his father died, leaving him and a younger brother, with the widowed mother not in the best of financial circumstances. Young Holcombe was able to secure an education, although forced to go on the streets of San Antonio to sell papers. Later he went to work in a planing mill, where his first duties were to sweep out and be a man of all work.

Mayor Holcombe has always been a lover of the rural life and spent some time of his young manhood on a cattle ranch in Southwest Texas. While he was employed in a planing mill he studied engineering and later went into the contracting business. He was a contractor when elected Mayor of Houston, specializing in the construction of school houses. He has built school houses in nearly every section of the State, and in such work familiarized himself with the problems of the State and acquired a deep interest in school problems and the State's needs for an adequate system of rural schools. When he first announced for Mayor of Houston he was unknown in the public life of the city. He was opposed by four widely known men. But the aggressive campaign he carried on and the ideas he advanced for more progressive and constructive policies in the conduct of the city's

## ESSEX TOWS HEAVY LOCOMOTIVE

Among the spectacular feats accomplished by Essex the Challenger, was the towing of a heavy freight locomotive at Nashville, Tenn. The powerful Essex motor emerged from the experiment none the worse, but the engineer of the locomotive was amazed.

affairs won for him an overwhelming victory at the polls. Almost immediately the young Mayor began carrying out his policies and Houston embarked on its greatest era of growth, which has continued to the present. For the last eight years Mayor Holcombe has taken a lively interest in State affairs and has become widely known among public men all over the State.

### Beth Jeter Hostess At Bridge Friday

Miss Beth Jeter was hostess to members of the Bridge Club at her home Friday afternoon. Four tables of players assembled for the games, in which Mrs. Swift of Gardiner, Maine, made high score for guests and Mrs. George T. Moore for club members. Awards were decks of cards. Low score awards, bridge score pads, were won by Mrs. C. H. Pollard among the guests and Mrs. Rush Thomas among members. Table favors were corsages of sweet peas from the hostess' garden and these were successfully cut by Mesdames Maude Chambers, Rush Thomas, Roy Jeter and Miss Winnie Henderson.

The guests were served a salad course and an ice.

### Statement of the Ownership, Management, Circulation, Etc., Required by the Act of Congress of August 24, 1912.

Of the Cameron Herald published weekly at Cameron, Texas for April 1929.

State of Texas, County of Milam, Before me, a Notary Public in and for the State and county aforesaid, personally appeared J. B. White, who, having been duly sworn according to law, deposes and says that he is the Editor and Manager of the Cameron Herald and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the name and address of the publisher, editor, managing editor and business manager is J. B. White, editor and manager.  
2. That the owner is: (If the publication is owned by an individual his name and address, or if owned by more than one individual the name and address of each, should be given below; if the publication is owned by a corporation and the names and addresses

of the stockholders owning or holding one per cent or more of the total amount of stock should be given): J. B. White, Robert McLane, Robert McLane Company, W. O. Triggs, J. P. Werner, Mrs. J. G. Vest, A. J. Triggs, F. C. Fahrendorf, R. P. Jeter, J. T. Parma, H. M. Hefley and Judd G. Davis.

3. That the known bondholders, mortgagees and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: None.

J. B. WHITE,  
Editor and Business Manager  
Sworn to and subscribed before me this 9th day of April 1929.

MYRTLE AVRIETT.

My commission expires 6-30-29

### PRESBYTERIAN AUXILIARY

An important business session was the feature of the meeting of the Presbyterian Auxiliary Monday afternoon at the church. A number of communications were read from over the state concerning the work of the women of the state. Some matters pertaining to the Daily Vacation Bible School were also discussed and were voted on.

In Japan a ten mile tunnel under water, connecting two cities is being built.

## GENERAL MOTORS SPRING SHOWING

## See the NEW CHEVROLET SIX

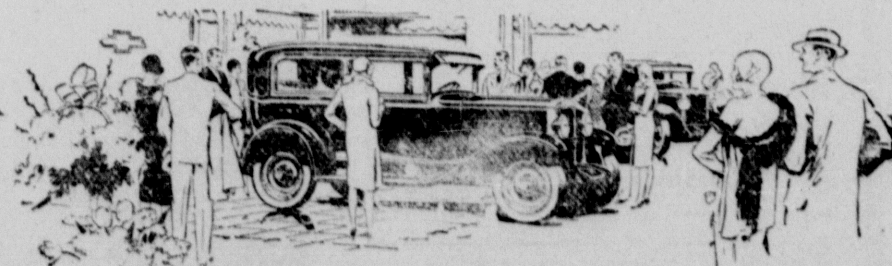

- a Six in the price range of the four!

You are cordially invited to visit our special display of the new Chevrolet Six—arranged in conjunction with the nationwide Spring Showing of General Motors cars.

Here, in a price class that has hitherto been occupied exclusively by four-cylinder automobiles, you will see displayed a line of beautiful models that bring you every advantage of six-cylinder performance. Yet, due to the greatest array of

mechanical advancements that Chevrolet has ever announced, the new Chevrolet Six delivers better than twenty miles to the gallon of gasoline with extremely low oil consumption.

And this amazing six-cylinder performance is matched in impressiveness by the beautiful new Fisher bodies. Come in. See for yourself that no other car in the world can give you so much at prices within the reach of all.

You are cordially invited to see our special exhibit of the New Chevrolet Six

880 yard Dash—Ezekiel Hopkins, 1st, Cameron; Walter Brown, 2nd, Giddings.

1 Mile Relay Race—Ira Lee Pascal, 1st, Cameron; Jesse Street, Bridger Nealy, A. Sparks, 2nd place Rockdale High.

#### Arithmetic Contest

Elridge Kendle, Rockdale 130 pts. Rosetta Whiteside, Cameron, 95 pts.

#### Essay Writing

1st place, Cameron by default.

#### Debates

1st place, Cameron by default.

#### Declamations

Rural Girls—No. 1, Eva Nelson, Prospect, Milam county; No. 2, Maggie Williams, Sweet Home.

Junior Girls—No. 1, Lillian D. Webster, Cameron; No. 2, Bernice White, Lee County.

Senior Girls—No. 1, Willie B. Twigg, Cameron; No. 2, Eva Bullard, Lee county.

Rural boys—No. 1, Baylor Lee Williams, Prospect, Milam county; No. 2, A. L. Brown, Lee county.

Junior Boys—No. 1, Richard Moody Lee county; No. 2, Leon McNeil, Minerva.

Senior Boys—Julius Whitesides, Cameron; No. 2, Raphael Huff, Lee county.

The State meet will convene at Prairie View College, Prairie View, Texas, April 18 and 19, 1929.

Respectfully submitted, Mrs. R. A. Covington, Secty. O. J. Thomas, Dir. Gen.

### Parent Teachers of Cameron Wins \$10 Prize For Report

The Milam County Council of the Parent Teacher's Association won a prize of \$10.00 at the district meeting of Associations held at Temple last week in the best report, and this report included the year's work done by the council, its progress, the extension work attempted and completed, and the committee work. About 15 counties comprise this district.

Representatives of the Cameron P. T. A. attended the meeting Thursday, and were present at the luncheon on that day at the Kyle Hotel and the dinner that evening at the Doering Hotel. Mrs. Kathryn K. Robbins made a talk at one of the sessions.

#### TUESDAY BRIDGE CLUB

Members of the Tuesday Bridge Club met for games this week with Miss Grace Mangum hostess at her home. Miss Mangum elected to serve before the games were started, the collation consisting of a salad course and iced tea. She was assisted by Mrs. George Graves.

Miss Mary Lake Henderson was declared winner of high score and Miss Helen Plinn of low.

#### TO RESIST THE ATTACK—of colds

or gripe—put your system and your blood in order. Build up your health with that splendid herbal tonic, Dr. Pierce's Golden Medical Discovery, which has stood the test of sixty years of approval. The air we breathe is often full of germs, if our vitality is low we're an easy mark for colds or pneumonia.

One who has used the "Discovery", or "G. M. D.", writes thus: "Dr. Pierce's Medicines have been a standby in my family and were in my father's family. When I feel the need of a tonic to build up my health in general, I always get satisfactory results from Dr. Pierce's Golden Medical Discovery. All that is necessary to convince anybody that it is really the best thing to take for it, is to induce them to give it a fair trial."

John Lee, 514 Ark. Ave.

Fluid or tablets. All dealers.

Write Dr. Pierce's Invalids Hotel in Buffalo, N. Y., for free advice.

## SCHOOL NEWS

Patsy McGregor of the Ada Henderson School won first place in junior girls declamation contest at the district meet of the University Interscholastic League held at Baylor University last Saturday. Sixteen speakers from nine counties entered the contest and competition was keen. Second place went to Geneva Baker of Thorndale, who also won second place in the county contests held at Cameron, March 22.

Arvis Turner of Branchville won second place in the senior boys' declamation contest for rural schools while Weldon Strelsky of Bethlehem school, Milam county, won first place in the rural school junior boys' contest.

In the typing contest Miss Mary McDermott, although handicapped by an injured finger, won second place among all comers and the Cameron team composed of Mary McDermott, Evelyn Grubbs, Eulene Slaughter and Frances Sharpe won third place. Mary McDermott will represent Cameron in the state contest to be held in Austin during the state meet.

In the Latin essay contest held independent of the district meet Miss Dora Emily Moore placed third.

In tennis the Cameron girls team composed of Mary McDermott and Cora Barmore made a brilliant bid for the district championship but were stopped in the final contest by Franklin.

The Yoe High track team showed fair form, ranking fifth among the towns represented in the class A division with a total of 11 points, Waco winning first with 36 points.

Robert Baskin tied with January of Waco High in the high jump at 6 feet but lost the toss for the honor of receiving the gold medal, taking silver instead. Jack Walker placed third in the 100 yard dash; Moran 3rd in the mile run; Hitchcock fourth in the 440 yard dash; Stach 4th in the discus. Cameron placed fourth in the mile relay.

The Yoe High Schol History Club has elected Ruby Robbins and Cyrus Miller as delegates to the meeting of the State Historical Association to be held in Austin April 22-23. The following delegation from Cameron will be in attendance: Rev. and Mrs. J. P. Love, Rev. Tous, Hon. T. S. Henderson, Miss Mary Lake Henderson, Lois and Ruby Robbins and Cyrus Miller.

Miss Ethel Jenkins, auditorium teacher in the Ada Henderson School, will address the elementary teachers of the Southwest Texas division of the State Teachers Association in Houston Friday of this week on the subject, "What the Cameron Schools are Doing in Education Outside the Traditional Class Room."

#### EPISCOPAL CHURCH

Sunday, April 21st  
Evening Prayer and sermon at 7:30 o'clock.  
Sunday school at 9:45 a. m.

## HUDSON-ESSEX SALES HERE SET RECORD

### TIRE STORE SELLS GREATEST NUMBER OF CARS FOR MONTH OF MARCH

By far the largest selling month which Hudson-Essex ever has known in Cameron is reported for March. The new all-time record of new Hudson and Essex cars purchased in Cameron and registered with the Tax Collector according to The Tire Store, Hudson-Essex dealers.

Mr. Horstmann said that never before had cars in the Hudson-Essex field approached such a sales mark in Cameron in the past.

"Such an achievement by my organization is particularly a matter of pride to me," said Mr. Horstmann, because early this year, I predicted a tremendous swing to Essex the Challenger.

"Our firm offered at that time to purchase all the Hudson-Essex cars which the factory would sell us, because we felt that Essex had built itself a distinct niche in the automobile field and that the big buying swing this spring would be to Essex."

"All this year the swing of buyers to Essex has been very strong indeed. In addition to our natural business from old Essex owners, we have had an amazing proportion of 'other car' owners make a switch to the Essex."

"This spring the automobile business is active, but a feature of it is that the public's likes and dislikes are strong. Those automobiles which are popular are very popular indeed. But there is no ground of moderate favor. A car is either very good or not good at all. The big swing to Essex which we have noted is simply an instance of this important tendency."

### Abie Reese Harvey To Leave For Nashville

Miss Abbie Reese Harvey, who will leave for Nashville, Tenn., immediately after the close of school to live with her father, Mack Harvey, was named as honoree at a party given for members of the Junior Epworth League at the church parlors Friday evening. All kinds of indoor games were diversions, the group being divided into two sections according to age.

The younger children were served sandwiches and lemonade and the older ones enjoyed a box supper.

#### FANNIE HAUSE MITCHELL

Mrs. Fannie Hause Mitchell, age 46 years, died at her home at Clarkson at eleven o'clock in the evening, April 11, after an illness of several months. Funeral services were held on the afternoon of April 12 at the Little River church, Rev. P. T. Ramsey officiating. Interment was in Little River Cemetery.

Mrs. Mitchell was a sister-in-law of Mr. Lloyd Mitchell of Cameron. She was the wife of Louie Mitchell. Beside her husband, she is survived by five children, Durell, Nadine, Merle, Ralph and Pansy.

## Mrs. W. A. Bonds Is Hostess At Bridge

Red and pink radiance roses added charm to the W. A. Bonds home Tuesday afternoon, when Mrs. Bonds entertained six tables of bridge players, including members of the Triple Four Bridge Club. Score cards were in flapper design.

The hostess served a salad and iced tea, using handpainted green trays, which had as center pieces green vases filled with pink roses. These were given as favors to those holding highest score at each table, and were won by Mesdames George Childress, Ox-sheer Smith, Giles Avriett, Buck Bonds, Elmer Seiber of Houston and Clifton Jenness.

Out of town guests enjoying the hospitality were Mrs. Elmer Seiber of Houston, Mrs. Swift of Gardiner, Maine and Mrs. C. E. Doss of Dallas.

Mrs. C. W. Price of Waco is in Cameron attending the bedside of Mrs. Roxie Houston of Yarrington who is a patient at the Cameron hospital.

#### Things Like This Do Happen

"I'm learning the gazintas," a small girl told her mother the other day when she came from school.

"Well, what new-fangled thing will these teachers try next," her mother asked in exasperation. "Whatever is gazintas?"

"Why you know mother," the little miss said, "Two gazinta four and four gazinta eight."

### WHY WORRY WITH COOKING

Toasted Dixie Pig Sandwiches make a meal and cost only 15 cents.

### Wayside Inn

Cameron, Texas

Payne Whitney left 29 motor cars, but only a few books. How could it have been otherwise? The man who had to keep 29 cars in commission certainly had little or no time for other literature besides road maps and traffic regulations.

But A Good Cigar Is a Smoke She: "What did father say when you told him you were going to take me away from him?"

He: "He seemed to feel his loss keenly at first but I squared the thing with a good cigar."

## PHYSICAL ADVANTAGES OF CITIZENS TRAINING

### ENLIGHTENING STATISTICS ARE GIVEN BY GOVERNMENT ON CAMPS

Some very enlightening information is furnished from statistics compiled by Army officials in connection with physical examinations of young men who attend Citizens' Military Training Camps.

When candidates report to camps they are given a rigid physical examination by Army Medical officers. Among the items recorded on each boys examination report are weight, height and chest measurement. When camp closes each student is again examined and these items recorded. The difference between the two records shows the gain or loss in each item for the individual.

In many cases where young men who are underweight and generally below average in physical fitness, report to camp, the gain in each item has been very great. A gain of as much as 15 pounds in weight during the month of training, has been recorded in some cases.

The famous "straightening" process of infantry drill has a tendency to take the curve out of the young civilian's back. It straightens and broadens his shoulders and adds, in some cases, an inch or more to his height in one month.

Erect carriage has a tendency to increase chest measurement.

Boys who report to camp fat and overweight invariably lose weight due to the fact that training does away with unnecessary fat and starts the building of hard muscle. The loss of weight in such individual cases necessarily lowers the average gain per man.

The Commanding General, Eighth Corps Area, Fort Sam Houston, Texas, furnishes the following statistics for C. M. T. Camps during the past four years:

Total trained in the past four years are 11,334.

Average gain per man in weight is 2.2 pounds.

Average gain per man in height is .47 inch.

Average gain per man in chest measurement is .28 inch.

The figures show that Uncle Sam has added more than 12 tons of brawn, 444 feet of height and 265 feet of chest measurement to the young men who have attended the C. M. T. Camps in this Corps area since 1925.

**Safeguarding Young Men**  
In order to maintain its highest degree the power of the body to overcome the poisons formed by typhoid germs, it has been found that one should be vaccinated against typhoid and re-vaccinated after an interval of about three years. It has also been found that one should be vaccinated against smallpox every three years as a precautionary measure.

Vaccination against typhoid and smallpox is required of each student before his enrollment in C. M. T. Camps. These vaccinations are required, not only for the students own protection, but for the protection of those with whom he will come in contact.

**Benefits from Vaccination**  
The actual results in the prevention of smallpox in American military forces during the past 75 years can best be expressed in the statement that for every one case of smallpox occurring during the World War, nine occurred during the Spanish-American War, and 28 occurred during the Civil War. Of those who had Smallpox during the Civil War, 39 percent died, during the Spanish-American War, 31 percent died, and during the World War, less than 2 per cent of the cases died.

During the Spanish-American War, before vaccination against typhoid was known, 282 men out of every 2,000 soldiers in the Army had typhoid fever, whereas during the World War, when every soldier was vaccinated, only one man out of 2000 soldiers had the disease for each year of the War.

Citizens' Military Training Camps

## Milk Cows For Sale

I have sold quite a number of my Jersey cows, but still have more than a dozen with young calves, also some heavy springers. These cows can be seen at the headquarters of my old Rice Farm, 5 miles south of Cameron on Rockdale road. These are extra fine cows and are well worth your attention. They are from some of the best dairy herds in the state. I have on hand more than a hundred head of Jersey cows and heifers and will trade them for other cattle or sell them worth the money.

**R. L. Batte**

offer young men month of training and the opportunity for physical betterment through out door recreation, with all necessary expenses paid by the Government.

Camps are being held in the Eighth Corps Area during the summer of 1929 at:

Ft. Sam Houston, San Antonio, Texas, June 14th to July 13th.

Ft. Sill, Lawton, Oklahoma, July 5th to August 3rd.

Ft. Logan, Denver, Colorado, June 20th to July 19th.

Ft. D. A. Russell, Cheyenne, Wyoming, June 20th to July 19th.

Ft. Bliss, El Paso, Texas, July 25th to August 23rd.

Camp Stephen D. Little, Nogales, Arizona, August 1st to August 30th.

Applications for attendance are being received in larger numbers than ever before with every prospect of camp quotas being filled long before the opening dates. The principle of "first come, first served" is being observed and all young men interested in attending are urged to lose no time in submitting applications.

Information in connection with attendance at camp and application blanks may be obtained from J. B. White, or from the C. M. T. C. Officer, Headquarters Eighth Corps Area, Fort Sam Houston, Texas.

## BEN ARNOLD

William Kosel was a caller at the Willis Vogelsang home Tuesday afternoon.

Mrs. Herman Folschinsky and daughters visited in the home of Mrs. Louise Lorenz and family Saturday afternoon.

Mr. and Mrs. Ed Dahse and daughter motored to Rosebud Friday where they have visited in the home of Mrs. Dahse's parents, Mr. and Mrs. Gus Trojan and family.

Herman Folschinsky and Fritz Schwarting were in Rosebud on business Wednesday.

Lee Boeker and Robert Paukonien of Rosebud made a business trip to Cameron Friday.

Alice and Celia Lorenz, Charles Ffiemel, Walter and Alfred Kohring were the guests in the home of Mr. and Mrs. Ed Dahse Wednesday night.

Mrs. Louise Lorenz and daughters,

Alice and Celia were visitors in the home of Mrs. Emil Meier of Rosebud Thursday afternoon.

Ernest Lorenz and his two daughters were in Cameron Wednesday.

Willie Senkel has been seen driving a new Tudor Ford Sedan.

This community experienced a heavy rain and some east wind Friday night, and considerable rain Saturday morning with a cooler temperature.

Helarie Folschinsky enjoyed horse back riding, while she went to visit her cousin Juna Schwarting Friday afternoon.

Mr. and Mrs. Gus Pimpler and family were Sunday dinner guests in the home of Mr. and Mrs. Walter Sitz and family.

Verna Wallace and mother of Yarellon were callers at the August Knipp home Sunday.

## Something You Haven't Heard

You haven't heard of a 1929 graduate of one of the Byrne Commercial Colleges, Dallas, Houston or San Antonio, going forty-eight hours after graduating without having been placed in a position. We have graduated 124 students and placed every one of them and have had calls for many more. We want more young men and women to enter with us as soon as possible that we may more nearly meet the demand for Byrne trained students in the three large cities. The completeness of our courses and the thoroughness of the Famous Byrne Systems makes business men prefer our graduates.

Clip, fill in and mail for a copy of our catalogue. Address Byrne Commercial College, either Dallas, Houston or San Antonio.

## FROM THE FILES OF THE CAMERON HERALD

28 Years Ago

Mrs. Forest Lay is visiting friends in Marlin this week.

Cap Raymond of Branchville has been in our city on jury duty this week.

Ed Holtzclaw spent several days last week in our city attending district court.

Major W. M. McGregor went to Rockdale last Friday to attend the marriage of his son, Walter.

Mrs. J. B. Poteet of Calvert was in our city last week visiting her parents, Major and Mrs. J. B. Moore.

Attorney Eugene Wallace of Rockdale was in our city this week engaged in what is known as the Minerva land suit.

Dr. Jesse Cass returned last week from Atlanta, Ga., where he attended a course of lectures at the medical college in that city.

Milton Lankford left last Thursday for Dallas, where he has secured a desirable position as stenographer for a large business interest.

Dr. W. W. Greer returned last Saturday from Chicago, where he has been attending a post graduate course in his profession. This is the second time the Doctor has gone to Chicago within the past two years. He has had rare opportunities to add to his already successful attainments as a physician and surgeon.

Mr. and Mrs. J. D. Hefley left last Monday afternoon for a few days visit to relatives and friends in Houston.

Dr. T. A. Pope returned last week from a visit to Washington City.

S. M. Burns is absent this week on business at Dargan, Panola county, his old home.

John M. Hefley left last Monday afternoon for the Beaumont oil fields. The wonderful discoveries there are attracting considerable notice in our city.

J. D. Hefley recently sold his beautiful residence in the eastern suburbs of the city for a good price and will soon rebuild on a lot near Mr. Robert McLane was the purchaser.

Messrs. R. A. Nabours and Lee Batte returned last week from a prospecting trip to Tom Green and other counties. They are figuring on establishing a large stock ranch in West Texas.

Hon. Sam R. Henderson of Bryan and Miss Mary Roberts of Independence were married at Anderson last week. (The Herald extends congratulations to Mr. Henderson and his accomplished bride.)

J. E. Lester was in Cameron from Maysfield last Monday and informed us that the farmers in his section are having a great deal of trouble in securing a stand of cotton. Some have already planted three times without success in securing a stand.

The Aid Society of the Methodist church will meet with Mrs. Greer next Monday afternoon at four o'clock. A full attendance is requested, as the special order of business is to arrange for buying the seats for the new church.

Ed Tompkins recently sold to J. M. Bauknight ten acres of land east of the city for the sum of \$1000. The tract is that on which is situated the old homestead of Tom Sampson and is valuable property. Mr. Bauknight will soon build a nice home out there.

The new store houses of Messrs. J. H. Bickett and W. T. Hefley just across the street east from the First National Bank are nearly completed and they present a neat appearance. They are two stories high and are, indeed an ornament to our city.

Messrs. J. H. Bickett and J. D. Hefley have graded the streets leading through their lots on what are known as Hefley Heights in the eastern portion of the city, and is quite likely that hereafter much of Cameron's growth will go out in that way, it being a delightful residence section of the city.

Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for State officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, the Governor shall immediately appoint six additional Associate Justices of the Supreme Court for terms of office so that the terms of two of such appointed Associate Justices shall expire with the term of office of each of the present members of the Supreme Court, and, upon the qualification of such new Justices, the Commission of Appeals of the State of Texas shall terminate."

"Article V. Section 3. The Supreme Court shall have appellate jurisdiction only except as herein specified, which shall be co-extensive with the limits of the State. Its appellate jurisdiction shall extend to questions of law arising in cases of which the Courts of Civil Appeals have appellate jurisdiction under such restrictions and regulations as the Legislature may prescribe. Until otherwise provided by law, the appellate jurisdiction of the Supreme Court, shall extend to questions of law arising in the cases in the Courts of Civil Appeals in which the Judges of any Court of Civil Appeals may disagree or where the several Courts of Civil Appeals may hold differently on the same question of law, or where a Statute of the State is held void, and shall extend to such other questions as may be within the Court's Appellate Jurisdiction under the Statutes of the State in force when this amendment takes effect. The Supreme Court and the Justices thereof shall have power to issue writs of habeas corpus, as may be prescribed by Law, and under such regulations as may be prescribed by Law, the said Court and the Justices thereof may issue the writs of mandamus, procedendo, certiorari and such other writs, as may be necessary to enforce its jurisdiction. The Legislature may confer original jurisdiction on the Supreme Court to issue writs of quo warranto and mandamus in such cases as may be specified, except as against the

Governor of the State.

The Supreme Court shall have power, upon affidavit or otherwise as by the Court may be determined, to ascertain such matters of fact as may be necessary to the proper exercise of its jurisdiction. The Supreme Court shall be open at all times and shall sit at the State Capitol for the transaction of business at such times as may be designated by the Court.

The Supreme Court shall appoint a clerk, who shall give bond in such manner as is now or may hereafter, be required by law, and he may hold his office for four years and shall be subject to removal by said Court for good cause entered of record on the Minutes of said Court who shall receive such compensation as the Legislature may provide."

Sec. 2. Said proposed Constitutional amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on Tuesday, July 16, 1929, at which election each voter opposing said proposed amendment shall scratch off of the ballot with a pen or pencil the following words printed on said ballot: "For the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court," and each voter favoring said proposed amendment shall scratch off the ballot in the same manner the following words printed on said ballot: "Against the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court." If it appears from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published and said election held as provided by the Constitution and Laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

Approved February 19, 1929.  
(A Correct Copy)

## R. F. POOL SR., OPENS NEW SHERMAN PLANT

SOUTH'S LARGEST GARMENT FACTORY HAS MODERN NEW PLANT

The Pool Manufacturing Company of Sherman formerly opened their new factory building on April 9, according to the Sherman Democrat which carried a two-section special edition announcing the completion of the building, which is said to house the southwest's largest garment factory. The one-story structure is of brick. It is 200 feet wide and 300 feet long and has more than 60,000 square feet of floor space, including offices on mezzanine floors.

R. F. Pool, Sr., the president and founder of the institution, at one time lived in Cameron and he has scores of friends here who will be glad to hear of his business success. His son, Carl Pool, is secretary-treasurer of the firm and general manager of the business. The short origin of the firm is interesting. Quoting from the Democrat, "In 1911 R. F. Pool Sr., saw a classified advertisement offering an overall factory in Sherman for land in West Texas. He had land in West Texas and was seeking a new business to build. He came to Sherman, organized his company, and bought the Sherman Overall Factory. Soon afterward his son, Carl Pool, came to Sherman to help operate the plant. Gross sales in the first year amounted to about \$25,000. Last year they mounted to more than \$1,650,000 and in 1929 are expected to pass the \$2,000,000 mark."

The special edition includes a history of the company, a description of the new building with the floor plan, pictures of employees, department rooms and dealers, and a story of the life of R. F. Pool, the founder. These are only a few of the many interesting features.

## A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas providing for a Supreme Court of nine members, and for continuous session of that Court.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 2 and 3 of Article 5 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Article 5. Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; in other matters, until otherwise provided by Law, the jurisdiction of the Court shall be exercised under such regulations and orders as the Court by a majority vote may prescribe. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be, at the time of his election, a citizen of the United States and of this State and unless he shall have attained the age of thirty years, and shall have been a practicing lawyer or a judge of a court, or such lawyer and judge together at least seven years. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, shall hold their offices six years, or until their successors are elected and qualified, and shall receive such compensation as may be provided by law. In case of a vacancy in the office of

## BABY CHICKS

May hatched White Leghorns are most profitable. Start laying in October and lay all winter. May incubator hatched chicks are easy to raise, no lice or mites.

Most poultry authorities agree that May hatched White Leghorns are the most profitable Fall and Winter layers.

Let us hatch your eggs, we will hatch them right, so they will live. Convert your cheap eggs into baby chicks. If you have pure bred White Leghorns, will hatch them on shares. Bring the eggs Friday, Saturday or Monday. See us for special prices on May chicks.

## DR. MILES' Liquid NERVEINE

### All Wrought Up Over Nothing

Didn't sleep last night, too much work, the Children are fretful, the Boss is cranky, Mrs. DeVere didn't invite you to her party.

Ordinarily you don't mind any of these things, but today they are simply unbearable. You are nervous, that's why.

Did you ever try Dr. Miles' Nerveine? Just two teaspoonfuls in a half glass of water will quiet your over-taxed nerves and bring you a feeling of calm and peace.

Dr. Miles' Nerveine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically.

At all Drug Stores. Price \$1.00

RELIEF OR YOUR MONEY BACK

## Texas and Texans

By Will H. Mayes

### Sees anger to Press

Frank Baldwin, member of the legislature and editor of the Waco News-Tribune and Times Herald, in addressing the Southwestern Journalism Congress, said: "There has arisen a tendency in Texas for big newspapers to fall into the hands of publishers, so-called by reason of ownership, but that fundamentally they are not publishers, but rather everything but newspaper publishers, from lumber kings to oil kings. As a natural consequence those newspaper editorial units, and this means the editors, have become hirelings, working by direction, and from this regrettable situation has arisen a lack of editorial fearlessness and daring from which our great State is suffering."

It is admitted that the change that has come over the press is robbing it largely of its helpful influence to society and government. Instead of being mediums of free expression, too many newspapers are now merely business enterprises pursuing the methods that will make them the most money and making the public welfare merely secondary. Any newspaper whose editorial policies are directed by business considerations is likely to become a public menace. The farther removed that business direction is from the interests of those the paper proposes to serve the greater the danger becomes. When a paper loses editorial courage it loses all claims to the support and respect of the public. Mr. Baldwin spoke a regrettable truth.

### Trade Reciprocity

Dr. William J. Reilly of the University of Texas, makes a statement that should be impressed upon every town that would increase its trade, when he says that unless a city is a good market place for the produce that is grown in its territory it will fail to that extent to become the retail market for that territory, that there can be no trade expansion without a corresponding expansion in purchasing a territory's produce.

Many chambers of commerce overlook this fact and pay too little attention to the reciprocal side of trade. A town should not only be a market for the things brought to it to sell, but should be a good market, paying cheerfully the highest market prices for produce. The farmer who is forced to market his products in a town with the feeling that the prices have been beaten down to his loss, harbors a feeling of ill will toward the place and seeks another selling and buying market at the first opportunity.

### Making City Attractive

The Austin city plan commission, supported by a liberal bond issue for civic improvements, announces that its purpose is to make Austin the most beautiful city in Texas and the most attractive residence city. Austin has been highly favored by nature, but has been highly favored by nature, but has depended too much on that and the legislature, and consequently has not beautified itself as it might have done. Other cities less favored have gone ahead and overcome whatever handicaps were in the way.

There are many smaller cities than Austin that need to pay more attention to plans for beautification. People who can afford to live in attractive surroundings are inclined to leave the unattractive spots for something better. The town that is allowed to run down is likely to be deserted in time.

### Country Places, Too

The country should be as much in-

## INDIGESTION

### Taxi Driver Goes Back To Medicine He Had Taken When a Boy to Find Relief.

Nicholasville, Ky.—"Running a taxi is my business, and I am called out at all times, sometimes just before meal time, and this makes my eating as well as my sleeping very irregular," says Mr. Jesse Dickerson, of 502 Central Avenue, this city. "I had indigestion, on account of this irregularity. I would feel very uncomfortable after meals. I would be constipated and have dizziness. I knew I had to take something. I remembered how, when at home before I was married, my mother would give us Black-Draught, and how she believed in it. "So I decided to take it again. It sure did me good. I am glad to let others know what a good laxative Black-Draught is. It clears up a dull headache, and makes me feel like a new person."

Thousands of other men and women find Black-Draught a great help in relieving common ailments, due to indigestion, constipation and biliousness. In thousands of families, Thedford's Black-Draught has a corner all its own on the medicine shelf. In use nearly 100 years. Safe, efficient, reliable. Sold everywhere. Try it. NC-197

**Thedford's BLACK-DRAUGHT**  
for Constipation  
Indigestion Biliousness

terested in beautification programs as the towns and cities. One reason so many people are leaving the country is because so little is being done to make country life attractive. In Delta county three hundred women have enlisted in a two-year yard beautifying contest, which is to include planning, setting out trees, and making flower beds and walks. From this the next step is repairing and painting fences and outhouses and even the farm homes. It will be worth while to watch the results of the work of those three hundred women. Already great transformations have been worked on many of the farms.

### Schulenberg's Big Prize

In securing the location of the big Carnation milk plant Schulenberg has brought in to itself much favorable publicity and has started on an era of prosperity. This will not be confined to the town, but will extend to all the surrounding territory that will supply the milk products. So far as can be learned there is not a place in Texas where attention has been given to dairying that is not prospering. Dairying always leads to other interests, like hog raising and poultry raising. It gets the farmer away from one-crop production and into diversified farming. It enriches instead of impoverishing the soil. It pays.

### Texas Museum Needed

The Texas legislature should make provisions for a State museum of proportions to be a credit to the State. The State now has enough schools—perhaps too many—but it has no place in which to house and care for the many Texas specimens, and museum collections that are a valuable part of the history of the State. Wherever the matter has been presented to educators they have endorsed the movement for a State museum and urged early provision for it.

### Agricultural Statistician

T. F. Harwell, well-known newspaper man of Kyle and Round Rock, has been made statistician of the State Department of Agriculture to succeed R. E. Yantis, another popular newspaper man, who resigned because of age and ill health. Mr. Harwell will bring to his task large experience and unbounded love for the State, along with zeal in doing well everything that he undertakes.

### Pecans and Peanuts

The Department of Agriculture, in its April bulletin, says that the production of pecans in Texas last year,

not counting less than carload shipments, was 195 cars, or about 6,000,000 pounds. Much of the Texas crops, and practically all of the best pecans, is shipped in less than carloads, and the total shipments must have reached at least 300 cars or 9,000,000 pounds. The peanut production for the State is placed at 77,700,000 pounds. Pecans and peanuts are adding large sums to the wealth of the State and as the public learns better to appreciate their food value their production will rank with that of the recognized staple crops.

Luckily it seems the radio program managers did not learn that this year is the 100th anniversary of the introduction from Austria into this country of the accordion, until the date went by.

## Country Club Addition

Choice building sites are now available in limited number at prices that are surprisingly low. This is the fastest growing section of Cameron. New homes are being erected in this locality and values are increasing rapidly. You can, however, still get in on the ground floor of this great opportunity, by taking advantage of these offerings in choice building sites for homes.

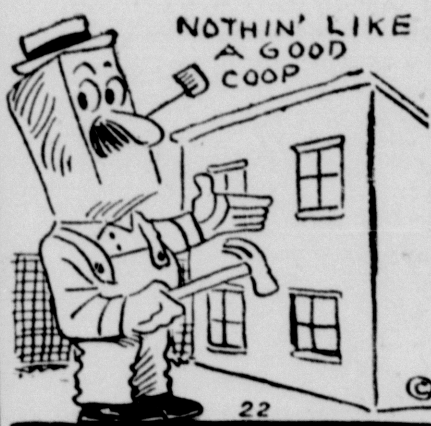

To own a home you must first own a place to build that home. In selecting your site you want to exercise as much judgment as possible, taking into consideration every advantage desirable. In Country Club Addition there are many advantages such as you would expect in choice and desirable property. We will consider it a favor if you will request to see these sites whether you buy or not.
